MILES' COMPOUND EXTRACT OF TOMATO, the celebrated Substitute for Calomel.—The proprietors of this article, having devoted nearly seven years, and expended a large amount of money, in experimenting upon the various species of the Tomato, (Solanum Lycopersicum,) have at last succeeded in obtaining from that vegetable a principle which as a medicine possesses all the beneficial properties of calomel, and yet incapable of producing the deleterious effects sometimes resulting from the use of that drug. This remedy (hepatine) is a mild and efficient cathartic, and, as compounded, also acts as a tonic, diuretic, and diaphoretic. (See directions accompanying the Medicine.)

[illegible]

NEW MEDICINE—Dr. G. R. PHELPS' Compound Tomato Pills—(Entirely Vegetable)—A new and invaluable medicine for all diseases arising from impurities of the blood, morbid secretions of the liver and stomach. Also a substitute for calomel, as a cathartic in fevers and all bilious affections.

These popular pills being a combination of a newly discovered alkaline substance, extracted from the TOMATO PLANT, with other vegetable substances which have been found to modify and diffuse its effects, are believed to be the best Alterative and Cathartic Medicine ever discovered. They have been abundantly and successfully tried, and have received universal approbation for Scrofula, Dyspepsia, Jaundice, Bilious diseases, Gravel, Rheumatism, Coughs, Colds, Influenza, Catarrh, Nervous diseases, Acid stomachs, Glandular swellings of all kinds, Costiveness, Colic, Headache, &c.

As antidote to contagious and epidemic diseases; to prevent the formation of bilious and liver affections, fever and ague, &c. in those that reside in hot climates and low and marshy countries, and the best cathartic that can be used for those localities. Seamen will find them an invaluable remedy for the scurvy; and travellers the best medicine they can use to counteract the dangers of exposure in unhealthy climates. For ordinary family physic, they are universally approved, as the best ever offered.

The peculiar virtues of the tomato plant, have for a long time attracted the attention of the medical profession, and the public, and great interest has been excited in the future development of its medical qualities, [illegible]
