Office of the New Orleans and Carrollton Rail Road Company, March 16th, 1840. JOHN HAMPSON, m16 Chief Eng'r. N. O. & C. R. R.

THE INDIAN'S PANACEA, for the cure of scrofula, king's evil; incipient cancers, syphilitic and mercurial diseases, particularly ulcers and painful affections of the bones, ulcerated throat and nostrils; ulcers of every description; rheumatism; sciatica or hip gout; fever sores or internal abscesses; fistulas; scald head; scurvy; biles; chronic sore eyes; erysipelas; cutaneous diseases; chronic catarrh and headache, from particular causes; pain in the stomach and dyspepsia, proceeding from vitiation; affections of the liver; chronic inflammation of the kidneys and general debility, caused by a torpid action of the vessels of the skin. It is singularly efficacious in renovating those constitutions which have been broken down by injudicious treatment or juvenile irregularities. In general terms, it is recommended in all those diseases which arise from impurities of the blood or vitiation of the humors of whatever form or kind.

The proprietor of this valuable medicine acquired his knowledge of its ingredients from a long residence among the aborigines of this country, and it is a selection from the most approved and successful medicines which they use. It is offered to the public by the proprietor with the consciousness that he is placing within their reach a remedy capable of relieving many of his afflicted fellow beings who are suffering under various chronic and obstinate complaints to which it is applicable. To such it will prove the means, and in many cases, the only means of relieving their sufferings, and restoring them once more to health and happiness. This is not offered as a common remedy that may perchance be equally good with many others now in use, but one which is capable of saving life in many extreme cases, when all the usual remedies fail. This it has done repeatedly, and this is the reputation it has obtained wherever it has been introduced.

This medicine has been found highly useful in many anomalous diseases not here specified, and it has been used with wonderful success as a spring and fall purifier by those who are subject to various complaints, and whose constitution requires invigorating. Whenever a diet drink is necessary, this panacea, taken in usual doses, will answer all its purposes in much less time, at less expense, and in a far more agreeable manner than the common diet drink.

The following certificate, out of hundreds similar which might be produced, are given to show the effect of the Indian's Panacea in the various complaints therein mentioned, and also to exhibit in the most satisfactory manner its superiority over other similar preparations:

Case of Ulcerated Throat, Nostrils, &c.—Charleston, Jan. 20, 1832.—This may certify that I was afflicted with a scrofulous disease for several years, during which time I employed several eminent physicians, both in Philadelphia and Charleston, and also took several bottles of Swaim's Panacea, but all without permanent benefit. During the last winter I was taken with an ulcerated throat, which soon became so severe as to prevent my taking sufficient food to sustain life. I remained in this situation several days, emaciated and threatened with absolute and unavoidable starvation—when, as a last resort, I had recourse to the Indian's Panacea, and found from it almost immediate relief; recovering so rapidly that in four weeks I found myself quite well, as I have remained ever since. ANDREW COZIER, King street.

RECEIVED by late arrivals from France and for sale by B. Pouverin, corner Royal and Main streets, Baby's Vegetable Juice Pastilles for the medical cure of secret maladies in a few days.

I have always been adverse to adopting these ready made remedies so generally vended, because I know that generally cupidity alone profits by them: I must however make an exception in favor of Baby's vegetable juice. On the 6th December I was sent for by Mr. D... M..., formerly a clerk in the Customhouse at Matamoros, who for 2 years had employed baths, purgations and anti-syphilitics of every sort, without effect. The condition of the patient was deplorable. I induced him to try at all hazards Baby's remedy, finding one of those rare cases which the physician has recourse to certain remedies of popular reputation, hitherto unemployed by him. At the end of 20 days, the inflammation of the limbs, the ulcers and yellow crust which covered his back, breast and abdomen, had disappeared.—On the thirty-fourth day, the wounds in the interior of the mouth were cured. In fifty days the patient was perfectly cured, and since that period he is in the enjoyment of health, such as he had not previously possessed for eight years. I prescribed the same treatment to Mr. L... a baker, who without being as bad as the former case, was afflicted with a complicated and inveterate disease. I ordered him to take Nos. 4 and 1.—In thirty days he was well. These unexpected successes has induced me to employ No. 1 in the treatment of ordinary painful discharges. I certify that the diseases treated by me with this remedy, have all promptly disappeared. J. LUIS. 22d March, 1840.
