NOTICE TO PLANTERS.

L. DUPERRON,
&
E. DELCAMBRE
Drs DENTISTS

NO. 200 BOURBON STREET

Between St Philip and Ursuline

MESSRS. DUPERRON & DELCAMBRE have the honor to inform the planters of St. Charles, St John the Baptist, Donaldson, Lafourche, the Attakapas, &c. that Dr. E. Delcambre will pass through these places in the course of the sickly season, with the intention of exercising his profession. Messrs. D. Duperron & E. Delcambre, who are in the habit of arranging their operations, inform those persons who may honor Mr. Delcambre with their confidence, that if they have any fault to find, their establishment, which is permanently fixed at New Orleans, will be promptly opened to them. All those requiring dental operations may, with perfect confidence, apply to Mr. E. Delcambre, more especially for the insertion of artificial teeth, from a single one to an entire set, which he accomplishes by a new process that ensures a complete success.

DR BLANCHARD—Ex dentist to their Majesties the King and Queen of France, the Princes and Princesses, Surgeon-Dentist to the faculty of Medicine of Paris, and of New Orleans;

Fixes natural teeth, without the least pain, in imitation perfectly natural, from one tooth to a complete set;

Directs the second teething of children, and corrects any deviation in their growth.

He has had long experience, minute and constant practice, in France and America, in the dentist art, and all that relates to its operations, preserving at once the mouth and the teeth;

He possesses a gum-cement, which repairs ravages effected by decay, of the same color of teeth, and which is the most precious substance that has yet been employed—none other can, at this time, plumb the teeth so hermetically as this.

The operation is made without any pain, and is achieved in a few minutes.

Recently invented for the Teeth

Or Guttra, without mixture, the most malleable and most perfect ordinarily employed.

A New Fusible (calle platina) to plumb the teeth;

Litho-Caustic, instantly causing pain in the tooth to cease;

Elixir to reform the gums, consolidating the looseness;

Teeth-Water for healing the mouth and preserving the teeth;

Spirits of Cayac rectified, to give a tone to spongious gums;

Opiate of Quinine to clean and fortify the teeth;

ODONTALGIC EXTRACT

B. F. SMITH,

No. 110 St. Charles street,

CONTINUES to relieve the most violent TOOTHACHE in a few moments, and at the same time entirely destroy the nerve in less than 36 hours POSITIVELY without pain. The public should be aware, however, that this remedy is not offered as a UNIVERSAL PANACEA, it being only successful when the pain proceeds from an exposure of the internal membrane or nerve.

For the truth of the above statement, the sceptical are referred to the following highly respectable gentlemen, most of whom can speak from their own experience.

Rev. W. A. Scott,	Dr. W. H. Tengarden
J. W. Stanton,	L. E. Generelly,
C. F. Young,	G. W. Tobin,
E. Morton Quirk,	W. H. Wheaton,
H. Williams,	W. O. Latham,
E. S. Orsborne,	D. Flannery,
H. Page,	L. Morehead,
	W. Sigerson.

By first destroying the nerve with this remedy, the excruciating pain frequently caused by inserting pivot teeth upon the old method, is entirely avoided.

All other operations carefully performed.

SPECIFIC AGAINST YELLOW FEVER.

NO physician doubts at present that there is but one sort of sickness denominated essential fever, from the mild intermittent to these cruel phlegmasies, the yellow fever and the plague; they are inflammations of the mucous membranes of the digestive organs, with all the complications and modifications which for a long time have hidden their real character, and presented them as a group of pernicious fevers, which hastened to their graves the seven-eighths of those who had the misfortune of catching the infection; and now that their nature, their causes, their symptoms are better known, numberless is still the catalogue of their victims. I will not attempt a further description of those diseases, but ten years experience, constantly crowned with success, having convinced me of the efficacy of the specific against yellow fever, I offer it to the public from the unpublished confidence of its superiority over any other sort of medicine.

DOCTOR MARCHAND'S office is in Bourbon street, corner of St Louis, where he will be from day-light to 7 o'clock, and from 11 to 3. He will also attend to the cure of secret diseases in all their degrees. He treats and engages to cure in two minutes the tooth-ache, considered as a disease of the Periosta, without surgical operation or pain.
