Cartsartrian system of Penmanship.—No 8 Chartres street.—Messrs. Dolbear & Brothers take pleasure in informing their friends and the public generally, that they have returned and reopened their writing establishment, and respectfully invite ladies and gentlemen to call. All those who previously commenced, and had not time to acquire as finished a style as they desired, are respectfully invited to attend without any extra charge, as they wish all persons to acquire a good and rapid business style of writing before they consider their lessons completed. By this system a free use of the whole arm is firstly given: secondly, a free use of the fore arm: thirdly a movement of the finger which is the only movement given by the usual method: fourthly, a combination of all these movements which enable a person to write with ease, elegance and rapidity.

Hours of attendance will be such as to accommodate all who may wish to avail themselves of their instruction.

Ladies who prefer it, can receive lessons at their own residences.

From his excellency Governor Roman.

I have examined with attention the system of writing taught by Mr Dolbear, and it is with pleasure that I certify to its superiority over any other method with which I am acquainted. Mr Dolbear having given private lessons in my family, I consider it but justice to add that I believe him as much worthy of public patronage on account of the correctness and mildness of his character, as on account of the rapid improvement of those who received his lessons.

A. B. ROMAN.

New Orleans, July 2, 1832.

New Orleans, 12th May, 1832.

On the invitation of Mr Dolbear, a teacher of Penmanship in our city, upon the Cartsartrian system; we have carefully examined specimens of the writings of his pupils, whose ages range from 8 to 50 years, written through an entire course of instructions; and after having done so, it is with the highest satisfaction that we can testify to the rapid if not unparalleled progress which they have made.

From the specimens seen and the examination of the system made, we cannot withhold the expression of a current opinion that the system is greatly superior to any hitherto taught. It to write legibly, elegantly, rapidly, and in good taste, be an accomplishment, useful or desirable it is upon the principles of this system that it is to be acquired. We therefore anxiously solicit of the public a liberal patronage in favor of an instructor whose qualifications are of the highest order, and whose labors promise to be so exceedingly useful to this and other communities.
