AN ACT,

To authorise the several Municipalities of the city of New Orleans to levy taxes upon capital.

Whereas, doubts have arisen whether the several Municipalities of the city of New Orleans, under the power conferred upon them, "to raise by tax on real estate and personal estate within the city, such sums of money as may be necessary," are authorized to levy a tax upon capital employed in commerce. And, whereas, it is essential to the interests of those Municipalities, that all doubts upon this subject should be promptly removed; and, whereas, it is equitable that large capitalist, from abroad and at home, who enjoy the protection and benefit of the laws of the State, and of the Municipalities, should contribute to the maintainance of the police and government of the city, and bear in due proportion their share of the public burden. Therefore

Sect. 1. *Be it enacted by the Senate and House of Representatives of the State of Louisiana, in General Assembly convened*, That each of the Municipalities of the city of New Orleans shall be and is hereby empowered to levy taxes on capital within its limits, for the purposes and objects set forth in the act of eighteen hundred and five, to incorporate the city of New Orleans, and in the acts amendatory thereof.

Sect. 2. *Be it further enacted, &c.*, That each of the Municipalities of said city, shall be, and is hereby empowered to levy a tax on capital on the assessment roll for the year one thousand eight hundred and forty-eight, and a tax on capital on the assessment roll for the year one thousand eight hundred and forty-nine. *Provided*, That the taxes on capital on said assessment rolls for the years one thousand eight hundred and forty-eight, and one thousand eight hundred and forty-nine, shall not exceed the amounts already imposed by existing ordinances of the said Municipalities.

PRESTON W. FARRAR, Speaker of the House of Representatives.

J. B. PLAUCHE, Lieut. Governor and President of the Senate.

Approved, Feb. 7th, 1850.

Sulphur and Vapor Baths.

THE undersigned respectfully informs the public that he continues to prepare and administer these Baths at his *Perfumery* Establishment, No. 283, St. Louis street, between Villere and Robertson.

The excellence of these Baths is universally known in a great number of chronic diseases of the skin, such as itch, prurigo, tetters, scalled head, &c. They have been employed with remarkable success in other maladies, which frequently resist the resources of the medical art, such as chronic rheumatism, atonic gout, palsy, scrofula, engorgements of the glands, of the breasts, the lymphatic ganglions and joints. Eminent practitioners have bestowed the highest praises on the remedy, and are in the habit of prescribing it for inveterate diseases that require powerful sudorific agents. The success obtained by this mode of treatment is confirmed by the time that has elapsed since the cures were effected.

The undersigned hopes that his efforts to give satisfaction to those who have honored his establishment with their patronage, will ensure the continuance of patients whose cases require the employment of medicated sulphur or Vapor Baths.

PLEYEL & ERARD'S PIANOS

PRESENTED AT THE EXHIBITION OF 1849.

A. FERIER informs the Ladies and Artists of this city, that he has just received a large assortment of Pianos of a new style, expressly manufactured for him, which he offers for sale under every guarantee, and possessing every desirable advantage.

8 OCTAVE PIANOS, for Concerts;

PICOLOS of every description, Straight and Oblique, manufactured by ERARD.

These Pianos are disposed in such a way that the head of the pianist is predominant, and can be seen by the public. This a very great advantage for the ladies.

The Iron system Pianos have been abandoned on account of the stridence of the sound and are replaced by a new system of Riga, pine wood bars and established on Russian oak. The pins to which the strings are attached are driven in a wooden sound board, and are calculated to preserve the tone for a considerable length of time. The sound is powerful, equal and soft, and the instruments themselves are of the best construction. They are guaranteed by the manufacturer, and also by the seller in New Orleans.

PIANOS.

J. FAIVRE, *Piano Manufacturer*, Patented in Paris for the Perfected Iron System, Respectfully informs the public that he has just received an assortment of PICOLO PIANOS, half oblique.

He warrants the advantage of his Special Iron System, in every respect, no matter what the opinion of some connoisseurs. The sound, far from being strident, is pure and remarkably soft.

J. FAIVRE has also in store the PLEYEL and ERARD PIANOS, with the amelioration of Riga, pine wood bars doubled with Russian oak, a system which, after all, has always been employed.
