METHOD OF LEARNING TO READ IN 20 LESSONS.

MR. VANNIER—Surveyor, formerly Engineer on the Burgundy Canal, author of the longsighted hedged method to teach Russian Parents in 20 Lessons, proposes to put this admirable method into practice, either by private lessons, or in the public courts, which take place every day, from 6 o'clock to the evening up to 10 at night, at 136 Toulouse street, between Bourbon and Dauphin.

The Professor will apply the same abbreviated method of the rectos according to the intelligence of pupils, to writing, orthography, arithmetic, geography, fire, linear drawing, mensuration, book keeping, and accounts of all kinds. may 18 1m8w

INFORMATION WANTED—Any information that may be given of John Johnston, who left Ballymena in Antrim, Ireland, in September, 1819, and was last heard from in New Orleans in 1825, he was then in company with the Captain Bustamante. If he is yet alive, I could give much information to his brother in Ireland. Any information, either from himself or any one who may now be doing something for him, would be gratefully received by

ROBERT JOHNSTON.

New Orleans, Nov 14, 1837.

A BOOT six months ago I had the misfortune and a severe pain, for which I have applied to several doctors for a cure, and they did not cure me, so I saw in the above date I got myself under the care of Dr. Hunt and I soon began to come on. Since then time the disease got worse, so as to break out in large sores, to the gangrene of my or weight on each leg, and all great up flesh and sore throat, and not able to walk in the present time, on account of the disease; large sores on the right side of the throat. I am now giving myself entirely under the care of Dr. Hunt, of Paris, hoping to be perfectly cured.
