SCHOOLS.

MARION COLLEGE—The Faculty of this institution to whom the instruction and government of the College and Classes are assigned, are as follows, viz:
Rev. Wm. S. Potts, President, and Professor of Moral and Mental Philosophy, and Belles Lettres.
Rev. Hiram P. Goodrich, Vice President and Professor of Ancient Languages and Literature.
John Thompson, A. M., Professor of Mathematics and Natural Philosophy, and Lecturer on Chemistry.
James F. Hezallitt, Tutor.
As Civil Engineering has become a separate and distinct profession, and as the increasing improvements of the country require an increased number of Civil Engineers, a separate Professorship of that branch of education will be established in the College, as soon as circumstances will permit. For the present, instruction in Civil Engineering will be committed to Professor Thompson, who has been engaged for a number of years in the active duties of that profession.
The Preparatory School is under the direction of Rev. Hervey H. Hays, Principal; William T. Dickson, Assistant.
The expenses are, for tuition $20; room rent $5 per annum; board in the refectory $1 50 per week.—These bills are to be paid semi-annually in advance.—Fuel is two dollars per cord.
No students are received into any of the above classes under fourteen years of age. A certificate of good moral character is required, and those who come from other colleges must bring a certificate of dismission in good standing. A good common school education, qualifies for admission into the Preparatory School; and an examination on the studies pursued in the Preparatory School qualifies for admission to the Freshman Class in College.
Students who prefer defraying a part of their expenses by manual labor, are allowed to cultivate ten acres of College land each, nine of which may be Timothy meadow, by giving one-third of the crop to the Institution.
GRAMMAR SCHOOL.
From the experience of the want of good schools to prepare students for College, the Trustees have made arrangements for opening in the College buildings, a Grammar School, to be under the government and instruction of the Faculty, in which they propose offering superior advantages to young men fitting for College. This school was opened on the 23d August last, and is free from the manual labor regulations, and unrestricted as to age or pupils.
The terms of the Grammar School are [illegible] $5, tuition $10 per session of 21 we[illegible] and room rent the same as in the college. [illegible] under fourteen years of age must board and lodge with some family. Any number will be received into the family of the Steward, Mr. H. B. Dunn, and board, lodging, washing, fuel and lights, with the use of a common room, for study out of school hours, furnished at $2 50 per week. W. S. POTTS, Pres't.

For the convenience of such as are engaged during the day, there is a night class at 7 o'clock.

The attention of teachers is called to the fact, that a very liberal deduction in charge is made to classes formed in schools.
Ladies are taught at their residences, or at the academy, as to them may seem desirable. Such as wish to acquire an easy and delicate epistolary hand; which is both a requisite and an accomplishment, are especially invited to call. d24

ANTI-GOUT SYRUP OF BOUBEE.—The subscriber has just received fifty baskets of the above syrup, and a letter from Mr. T. Boubée, appointing him sole agent for his remedy, at New-Orleans, in place of Messrs. Lataste and Brulatour.
The numerous certificates obtained of Mr. Boubée in Europe, leaves no doubt of the efficacy of his remedy against the gout and rheumatism; even here, testimony might be obtained from a number of persons, who rejoice in being able to bear witness to the efficacy of this powerful remedy. In fact, can there be a more precious medicine than that a single dose of which brings immediate ease to a person suffering under the most cruel attacks of gout and rheumatism, and enables him at the same time to attend to his affairs. By continuing the treatment in chronic cases, the attacks become renewed much more rarely, and with much less intensity; and they even do not occur at all when the remedy is taken in time. In new or not very old cases, the regular treatment produces a complete cure. A. M. PEYCHAUD,

A BEAUTIFUL HEAD OF HAIR is the grandest ornament belonging to the human frame. How strangely the loss of it changes the countenance and prematurely brings on the appearance of old age, which causes many to recoil at being uncovered, and sometimes even to shun society to avoid the jests and sneers of their acquaintances; the remainder of their lives are consequently spent in retirement. In short, not even the loss of property fills the generous thinking youth with that heavy sinking gloom as does the loss of his hair. To avert all these unpleasant circumstances, OLDRIDGE'S BALM OF COLUMBIA stops the hair from falling off on the first application and a few bottles restores it again. It likewise produces eyebrows and whiskers; prevents the hair from turning grey, makes it curl beautifully, and frees it from scurf. Numerous certificates of the first respectability in support of the virtues of Oldridge's Balm, are shown by the proprietors.
Read the following:
ROBERT WHARTON, Esq. late Mayor of Philadelphia, has certified, as may be seen below, to the high character of the following gentlemen.
The undersigned do hereby certify that we have used the Balm of Columbia discovered by J. Oldridge, and have found it highly serviceable not only as a preventive against the falling off of hair, but also a certain restorative. WM. THATCHER, senior,

From the Mayor.
COMMONWEALTH OF PENNSYLVANIA,
City of Philadelphia.
I, ROBERT WHARTON, mayor of said city of Philadelphia, do hereby certify that I am well acquainted with Messrs J. P. Inglis, John S. In witness whereof, I have hereunto set my hand, and caused the seal of the city to be affixed, [L.S.] this sixth day of December, &c.

RUSHTON & ASPINALL'S COMPOUND TONIC MIXTURE.
A speedy and certain cure for the fever and ague, remittent and intermittent fevers; prepared from the original recipe. Used with eminent and universal success since 1832, by persons in the highest respectability in this city, as stated in the annexed certificates.
This medicine is highly recommended, and has been extensively used in the above diseases with such distinguished success, that the proprietor of the recipe has been induced to offer it to the public in its present form in the hope that it may be the means of relieving many of those who are suffering under the scourge of the country. It is a medicine possessing great virtue, and when used according to the directions has never failed of effecting a cure, even in the most obstinate stage of the disorder. It is not at all disagreeable, and persons of the weakest stomach, and children may take it with impunity. It strengthens the digestive organs, creates an appetite and seldom requires more than one, or in obstinate cases, two bottles to effect a cure. There is neither mercury nor arsenic in the medicine. Nor any thing injurious to the human constitution. The proprietors are so well convinced of its efficacy, that they agree to refund the price of every bottle which has been taken in accordance with the directions and has not effected a perfect cure of the fever and ague.
