HOWARD'S HOTEL, (Broadway, corner of Maiden Lane, New York.)—This Hotel is one of the most commodious in the Union, having a front upon Broadway of over 100 feet, and upon Maiden Lane 50 feet, with a very large lot in the rear, and is built of brick, six stories in exclusive of basement, and under cellars, and containing over 300 bed chambers, each well lighted and ventilated with a large number of parlors, with bedrooms, bath rooms, room attached, and public parlors, dining, reading and other rooms. There are two elegant dining saloons, the first of which, as well as the public parlors, is on the first and second stories, together with the reading and other public rooms, are paved with Italian marble. There is also an extra dining room, fronting upon Broadway, fitted up for a Ladies' ordinary, and the ladies are provided with attractive public parlors, and a private entrance to the Hotel from Maiden Lane.

The subscribers having for nine years past received a liberal patronage from merchants, and principally from gentlemen of business at his former Hotel in Broad street, in order that their comfort in that early season to many are more acceptable; therefore, he has had his house so constructed as to be able to serve meals to such at early hours. The hours adopted for meals are as follows, viz: Breakfast at 7, dining room open 1st floor, Breakfast at 7, or half past 7, with reference to the season of the year. Dinner in same at 3 o'clock, in general dining room, and at half past 3 o'clock, also in Ladies' ordinary, Breakfast from 9 to 10 o'clock, and Dinner at half past 3. Printed bills of fare are daily set up at the different dining rooms, as a guide to gentlemen to take their meals in either of the Gentlemen's dining rooms, without giving any notice of their choice, the subscriber hopes that strict punctuality and expense in the strength of their convenience in this respect will be properly appreciated by a generous public, and that a commensurate patronage will result therefrom.

This house possesses every convenience that the subscriber could define, and is universally pronounced by visitors to be the most replete in its internal arrangements—its construction for light and air being superior to any other house in the city.

In addition to the many advantages and comforts over most Hotels, the subscriber would call the attention of the public, which, apart from its intrinsic worth as a wholesome beverage, so unusual to be found in the lower part of the city, is made by the subscriber, at the expense of establishment in case of fire on or near the premises; a powerful force pump being at ched to the well to force water thereform, as well as from the various cisterns in the yard, to the reservoirs under the roof, from which, by use of the hose, water can be forced over any part of the premises in an instant.

In short this establishment has been got up without reference to cost, and it is the intention of the subscriber to have it stand among the very best Hotels in the country.—He hopes to be favored with a share of public patronage. D. D. HOWARD. 26-tf

The house is conducted on the European plan, which has given so much satisfaction to all. The building apartments in the lower part of the house are in readiness for business on Tuesday, A. M. till 11 P. M.

The proprietor takes this opportunity of returning his most grateful acknowledgements to those who have so liberally patronized him, from the first moment he was identified with the Globe, and pledges himself to endeavor by the most unremitting attention, to merit a continuance of their kindness. F BLANCHARD.
