AYER'S PILLS.

PILLS THAT ARE PILLS!!

PROFESSOR HAYES, State Chemist, of Massachusetts, says they are the best of all Pills, and admitted are the men who certify that Doctor Hayes knows, viz:—

H. J. GARDNER, Gov. of Mass.
JERRY WAKEBURN, Ex-Gov. of Mass.
SIMEON BROWN, Lieut. Gov. of Mass.
E. M. WRIGHT, Secretary of State of Mass.
JOHN B. FITZPATRICK, Cath. Bishop of Boston.
PROF. JOHN TORREY, of the College of Physicians and Surgeons, New York City.
DR. C. T. JACKSON, Geologist of the Public Lands of the United States.

MEN THAT ARE MEN!!!

Among the diseases this Pill has cured with astonishing rapidity, we may mention

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul Stomach, Nausea, Indigestion, Morbid Inaction of the Bowels, and pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant Medicine, Scrofula, or King's Evil. They also, by purifying the blood and stimulating the System, cure many Complaints which it would not be supposed they could reach; such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body, or obstructions of its functions. They are the best Purgative Medicine ever discovered, and you will but need to see them once to know it.

Prepared by Dr. J. C. AYER, Lowell, Mass., and sold by every respectable Druggist in the United States.

Holloway's Ointment and Pills, the most celebrated Remedies for the Cure of Sore Arms.—Samuel Westworth, of Norway, Maine was for five years afflicted with sore arms. There were four different ulcers on them; and the trying nature of his business (a boot maker) made his so much worse, that despite of his wishes, he was compelled to relinquish it. He tried various remedies and they failed to benefit him; however, about thirteen weeks ago, at the recommendation of friends, he had recourse to Holloway's Ointment and Pills, which very soon made him better; and he called on Professor Holloway, four weeks after to show him his arms, which were quite well, and with scarcely the scar of a pimple.

Sold at the Establishment of Professor Holloway, New York and Boston, also by all respectable Druggists and Dealers in Medicine throughout the United States, in pots and boxes, at 25 cents, 62½ cents, and $1 each. To be had wholesale of the principal Drug Houses in the Union.

☞ There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Box and Pot.

No longer a Doubt as to the nature of Diseases, or their Successful Treatment.

A New System for curing all Diseases, by an Analysis of the Urine.

THE greater number of maladies are alone incurable from uncertainty as to their true nature, the surest means of ascertaining and curing them is obtained from an analysis of the Urine. By this mode it is impossible to be led astray, and this, we believe, is the chief aim of medical science.

MR. NAIDO,

An River of the Marine Hospital of France, (Mr. E. Barrud, and of G. Herbin, a learned French Chemist) has just established his laboratory at No. 67, Bourbon, between Dauphine and Burville streets, where, in pursuance of the infallible method he professes, he will soon deserve the confidence of the inhabitants of New Orleans, by the numerous cures effected by him in France.

Mr. Naidocures all diseases. Yellow Fever included, and, moreover preserves health, which, as all are fully aware, is alone dependent upon the regularity of the functions of the stomach; and for the purpose of arriving at a correct knowledge of the chemical reactions which occur in the organization, and particularly of the metamorphoses undergone by organic matter diffused through the system by the action of the functions regulating nutrition, there is no more certain course to be observed than an analysis of the Urine.

The course of treatment and medicine so followed by several of the most learned physicians of the hospitals of France, especially in cases of grave illness, are based alone upon the data obtained from an analysis of the Urine. And it is from this that throughout Europe, even in remote rural districts, persons possessing no other knowledge of the art, have their derived from a material examination of the Urine, are miraculously successful in their cures of all maladies.

Note.—For the purpose of consultation at the Laboratory, persons calling must bring with them a certain quantity of Urine newly emptied by the sick. Persons residing in the country can, after one visit, be treated and cured with the same certainty.

Mr. Naido will also analyze Urine submitted to him by city and country physicians.
