TO PERSONS WEARING SPECTACLES
THIS is not a personal matter, but merely a friendly advice to my customers and all those who wish to preserve their sight unimpaired. The visual organs are of sufficient importance to require the greatest care in the selection of glasses whenever one is compelled to resort to spectacles. We must consequently guard against high-sounding advertisements published by charlatans, who care very little for the eyes of purchasers, and whose only object is to sell as many spectacles as they can at extravagant prices.
Purchasers must not suffer themselves to be deceived by a pair of spectacles which they at first find comfortable. Our light is almost always injured, sooner or later, by our using the wrong glasses. The glasses must be sufficiently strong, and others ought not to be taken unless the change cannot possibly be avoided.
I am of opinion that every one has a perfect right to dispose of his goods at his pleasure, but I also deem it my duty to caution the public against the tricks of which they may become victims. The reputation I have enjoyed for many years, against pompous articles, against new discoveries, such as "Brazilian Pebbles," "Arkansas Pebbles," &c. These names are only given for the purpose of attracting public attention, and there is not a word of truth in what is said. There is but one kind of good spectacles, namely, whether made of crystal or pebble glasses, those which are well finished, and pure, and suit the eye without fatiguing them.
I am satisfied that physicians, and competent persons generally, concur in the above expressions.

JAPANESE LIFE PILLS.
NATURE'S OWN REMEDY.
A Positive Cure for Liver Complaint and Bilious Diseases, Dyspepsia, Rheumatism, Scrofula, Cutaneous Diseases, Fever and Ague, Costiveness, Dysentery and Diarrhea, Worms, Suppression of the Menses, Nervous Debility, &c.
For a long time we have been compelled to witness with painful emotion the many adulterated and life-destroying drugs made into pills and liquid medicines, and palmed upon them without knowing their injurious effects upon their systems. This monstrous evil may now be entirely escaped by using only these ANTONY JAPANESE LIFE PILLS and our MAGNE GINGRIN. For many years we have studied hard to find a cathartic which, while it purged, would drive out disease, and not more surely than would renovate and strengthen, and not debilitate and weaken the system.
We now unhesitatingly say that this so-much-sought-for remedy—a cathartic of mild and pleasant action, gently operating on disease and not upon constitution, thoroughly purifying the blood, and immediately strengthening the body—has been found. They will not only relieve, but positively cure every disease for which they are recommended.
These Pills have stood the test of the Japanese Faculty for centuries, and the same kind of ingredients still compound the pills at that ancient time are compounded to the present day.
No medicine amongst our Materia Medica ever met with such complete success in so short a time, and the thousands of orders pouring in for them from all parts of the country is overwhelming and astonishing! The number of these Pills being sold by every dealer for their various complaints continues to swell on immense ratio. They are not the "quack pills" so much puffed into public notice, which, instead of curing, produce great and dangerous complaints, but are for male or female, old or young, and cure by acting directly on disease.
The Pills are sent by mail, from the proprietor only, on receipt of the price. The postage to the United States, not over 3,000 miles, is fifteen cents on five boxes, which must be enclosed in money or stamps. We are responsible for all moneys sent to us by mail.
For sale by respectable druggists and dealers in medicine throughout the United States, the Canadas, Mexico, South America, &c., at 25 cents a box, or five boxes for $1.
