FIVE HUNDRED REFRIGERATORS—This is a new and useful article of furniture, rapidly coming into use, in northern as well as southern latitudes. It is decidedly the most cool and cleanly mode in the culinary department so absolutely necessary to be procured from the heat of the weather during the summer months.
The Refrigerator is now considered an indispensable article in the economy of every good house wife. The quantity of food it protects from the weather, will more than pay the cost of the article every year?
The subscriber is constantly receiving from the manufacturer, Refrigerators of different sizes.
