Order of the New Orleans and Carrollton Rail Road Company, March 16th, 1840.
JOHN HAMPSON,
Chief Eng'r. N. O. & C. R. R.

THE INDIAN'S PANACEA, for the cure of scrofula, king's evil, incipient consumption, syphilitic and mercurial diseases, rheumatism, ulcers, white swellings, tumors of the bones, obstructed throat and nostrils; ulcers of every description; rheumatism; acrimony or hip gout; fever sores or inflaming under ulcers; chronic and obstinate complaints of the liver; chronic inflammation of the kidneys and general debility, caused by a torpid action of the vessels of the skin. It is singularly efficacious in removing those complaints which have been contracted by injudicious treatment or juvenile irregularities. In general terms, it is recommended in all those diseases which arise from impure or vitiated blood or vitiation of the humors of whatever form or kind.

The proprietor of this valuable medicine acquired his knowledge of its properties during a long residence among the aborigines of this country, and it is now considered the most approved and successful medicines which they use. It is offered to the public by the proprietor with the consciousness that he is placing within their reach a remedy for relieving many of his afflicted fellow beings who are suffering under inveterate chronic and obstinate complaints to which it is applicable. Cures will be made in many cases, the only means of relieving their suffering, and rendering them once more to health and happiness. This is not offered as a universal remedy, that may be purchased by equally good with many others now in use, but one which is capable of saving life in many extreme cases, when all the other remedies have failed. This has been repeatedly, and this is the reputation it has obtained wherever it has been introduced.

This medicine has been found highly useful in many antiquous diseases not here specified, and it has been with wonderful success as a spring and fall purifier by those who are subject to eruptions, scrofula, and whose constitution requires invigorating. Wherever a fair trial is necessary, this panacea, taken in usual doses, will answer all its purposes, and prove a safe, sure, and cheap remedy, and in a far more agreeable manner than the ordinary nostrums.

The following certificates, out of hundreds similar which might be produced, are given to show the effect of the Indian's Panacea in the cure of Scrofula, Rheumatism, &c. and also to exhibit in this very cheap and satisfactory manner its superiority over other similar preparations:

City of Ulster, Tuesday, Feb. 4th, 1840.—Charleston, Jan. 30, 1839.—This may certify that I was afflicted with a scrofulous disease for several years, during which time I employed several celebrated medical men in Philadelphia and Charleston, and also took several bottles of Swaim's Panacea, but all without permanent benefit. During the last winter I was taken down with an inveterate throat, which soon became so severe as to prevent my taking nourishment to sustain life. I remained in this situation several days, remarkably reduced in flesh and strength, and actually starvation—when, as a last resort, I tried your celebrated Indian's Panacea, and found from it almost immediate relief, recovering so rapidly that in four weeks I found myself quite well, as I have remained ever since.

DR. LEDY'S MEDICATED EXTRACT OF SARSAPARILLA—It is positively the strongest preparation of sarsaparilla in existence; one bottle of it (which costs three dollars) being equal to one gallon of the syrup, as it is usually prepared in the shops, and equal to two bottles of any other extract. Dr. Leddy begs leave to state, that he himself prepares it, and can consequently vouch for its strength. Persons who have purchased Dr. Leddy's Medicated Water give it the preference over all other preparations of sarsaparilla, both from the fact of its superior strength (each gallon of it being equal to two gallons of any other) and the circumstance of its being prepared by a regular apothecary and physician, attested by Drs. Physi, Chapman, Jackson, &c. Just received a supply, for sale by
