WILLIAM W. THOMPSON'S PATENT IMPROVED *LEADEN PIPES.*

THE manufacturer, residing in St. Louis, Missouri, invites the attention to the excellence of his leaden pipes made by a new and patent process, (to which he has the exclusive right to the entire district of country west and south-west of the Allegheny Mountains,) of a better quality than can be produced by any other known method.

The patent pipes is remarkable for its uniformity of thickness, the accuracy of the bore, the perfect polish of the interior surfaces, the absence of scales and flaws, the very long length without joint, for its unusual strength.— Those advantages will be evident to any body upon examination.

Besides his usual sizes from one-eighth to five inch in bore, he manufactures also, for the use of farmers and others, very light leaden pipes for conducting water from spring at long distances under slight pressure or head of water, and for other purposes.

MESSRS. DUPERRON & DELCAMBRE have the honor to inform the planters of St. Charles, St. John the Baptist, Donaldson, Lafourche, the Attakapas, &c. that Dr. E. Delcambre will pass through those places in the course of this sickly season, with the intention of exercising his profession. Messrs. G. Duperron & E. DR. BLANCHARD—Ex-DENTIST to their Majesties the King and Queen of France, the Princes and Princesses, Surgeon-Dentist to the faculty of Medicine of Paris, and of New Orleans;

Fixes natural teeth, without the least pain, in imitation perfectly natural, from one tooth to a complete set;

Directs the second teething of children, and corrects any deviation in their teeth;

He has had long experience, minute and constant practice, in France and America, in the dentist art, and all that relates to its operations, preserving at once the mouth and the teeth;

He possesses a gum-cement, which repairs ravages effected by decay, of the same color of teeth, and which is the most precious composition that has yet been employed—none other can, at this time, plumb the teeth so hermetically as this;

The operation is made without any pain, and is achieved in a few minutes.

Recently invented for the Teeth.

Or Gouttes, without mixture, the most malleable and most perfect ordinarily employed.

A New Fusible (called plasma) to plumb the teeth;

ODONTALGIC EXTRACT
B. F. SMITH,
No. 110 St. Charles street.

CONTINUES to relieve the most violent TOOTHACHE in a few moments, and at the same time tentatively destroy the nerve in less than 24 hours [illegible] without pain. The public should be aware, however, that this remedy is not offered as a UNIVERSAL PANACEA, it being only successful when the pain proceeds from an exposure of the internal membrane or nerve.

For the truth of the above statement, the sceptical are referred to the following highly respectable gentlemen, most of whom can speak from their own experience.

Rev. W. A. Scott, Dr. W. H. Teagarden
J. W. Stanton, L. E. Generelly,
C. P. Young, W. W. Tobin,
E. Mortimer Quirk, W. H. Wheaton,
H. Williams, W. G. Latham,
E. R. Orsborne, D Flannery,
H. Page, L. Morehead,
W. Sigenson.

By first destroying the nerve with this remedy the excruciating pain frequently caused by inserting pivot teeth upon the old method, is entirely avoided.

All other operations carefully performed. m3

SPECIFIC AGAINST YELLOW FEVER.

NO physician doubts at present that there is but one sort of sickness denominated essential fever, from the mild intermittent to those cruel phlegmasies, the yellow fever and the plague; they are inflammations of the mucous membrane of the digestive organs, with all the complications and modifications which for a long time have hidden their real character, and presented them as a group of pernicious fevers, which hastened to their graves the seven-eighths of those who had the misfortune of catching the infection; and now that their nature, their causes, their symptoms are better known, numberless is still the catalogue of their victims. I will not attempt a farther description of those diseases, but ten years experience, constantly crowned with success, having convinced me of the efficacy of the specific against yellow fever, I offer it to the public from the implicit confidence of its superiority over any other sort of medicine.

DOCTOR MARCHAND'S office is in Bourbon street, corner of St Louis, where he will be from day-light to 7 o'clock, and from 11 to 3. He will also attend to the cure of secret diseases in all their degrees. He treats and cures in two minutes the tooth-ache, considered as a disease of the Periosta, without surgical operation or pain.
