DISASTERS.

Savannah—The schooner Ann Frances, from Port Leon for New Orleans, was wrecked on the 23d ult. The Port Leon Gazette has received the following particulars of the wreck from the captain of the schooner, who was the only survivor:

The Ann Frances, Edward C. Walker, master, left this port for New Orleans, via Apalachicola, on or about the 20th ult. having on board a passenger by the name of Henry Means, and two other persons, engaged as hands. While off Dog Island Shoals, on the 23d, the schooner was struck by a white squall and capsized, drowning Mr. Means and the hands. Capt. Walker saved his life by clinging to part of the wreck, which he fortunately grasped as it was passing him, and drifted on it the distance of some six miles, when he landed at the Light-House. We understand that Mr. Means was an engineer, and formerly a resident of Louisiana, where he has now a daughter living.

ODONTALGIC EXTRACT

B. F. SMITH,
No. 116 St. Charles street,

CONTINUES to relieve the most violent TOOTHACHE in a few moments, and at the same time entirely destroy the nerve in less than 24 hours POSITIVELY without pain. The public should be aware, however, that this remedy is not offered as a UNIVERSAL PANACEA, it being only successful when the pain proceeds from an exposure of the internal membrane or nerve.

For the truth of the above statement, the sceptical are referred to the following highly respectable gentlemen, most of whom can speak from their own experience.

Rev. W. A. Scott,	Dr. W. R. Tregardes
J. W. Stanton,	L. E. Generelly,
C. P. Young,	G. W. Tobin,
E. Morton Quirk,	W. H. Wheaton,
H. Williams,	W. G. Latham,
E. S. Orsborne,	D Flannery,

By first destroying the nerve with this remedy, the excruciating pain frequently caused by inserting pivot teeth upon the old method, is entirely avoided.

All other operations carefully performed. m3

SPECIFIC AGAINST YELLOW FEVER

NO physician doubts at present that there is but one sort of sickness denominated essential fever, from the mild intermittent to those cruel phlegmasies, the yellow fever and the plague; they are inflammations of the mucous membranes of the digestive organs, with all the complications and modifications which for a long time have hidden their real character, and presented them as a group of pernicious fevers, which hastened to their graves the seven-eighths of those who had the misfortune of catching the infection; and now that their nature, their causes, their effects, are better known, numberless is still the catalogue of their victims. I will not attempt a further description of those diseases, but ten years experience, constantly crowned with success, having convinced me of the efficacy of the specific against yellow fever, I offer it to the public from the implicit confidence of its superiority over any other sort of medicine.

DOCTOR MARCHAND'S office is in Bourbon street, corner of St Louis, where he will be from day-light to 7 o'clock, and from 11 to 3. He will also attend to the cure of secret diseases in all their degrees. He treats and cures in two minutes the toothache, considered as a disease of the Periosteum, without surgical operation or pain.
