TO PERSONS WEARING SPECTACLES

THIS is not a personal matter, but merely a friendly advice to my customers and all those who wish to preserve their sight unimpaired. The visual organs are of sufficient importance to require the great est care in the selection of glasses when one is compelled to resort to spectacles. We must consequently guard against big sounding advertisements published by charlatans, who care very little for the eyes of purchasers, and whose only object is to sell as many spectacles as they can at extravagant prices.

Purchasers must not suffer themselves to be deceived by a pair of spectacles which make things look larger beyond measure. Our sight is almost always injured, sooner or later, by our seeing too clearly. The glasses must be sufficiently strong, and others ought not to be taken unless the change cannot be avoided.

I am of opinion that every one has a perfect right to dispose of his goods as he chooses, but I also deem it my duty to caution those whose confidence I have enjoyed for many years, against pompous articles about new discoveries, such as "Brazilian Pebbles," "Arkansas Pebbles," &c., &c. Those names are only given for the purpose of attracting public attention, and there is not a word of truth in what is said. There is but one kind of good spectacle glasses, whether made of ordinary or pebble glasses; it is those which are well finished, and pure, and suit the eyes without fatiguing them.

I am satisfied that physicians, and competent persons generally, concur in the above expressed opinions. C. DUHAMEL, Optician, nov26 50 Chartres street.

THE greatest remedy in the world. This Cordial is distilled from a Berry known only to myself and chemically combined with some of the most valuable medicinal roots, herbs and barks known to the mind of man, viz: blood root, black root, wild cherry bark yellow dock, dandelions, sarsaparilla, elder flowers, with others, producing the most infallible remedy for the restoration of health ever known.

IT IS NATURE'S OWN REMEDY.

Curing diseases by natural laws. When taken, its healing influences are felt coursing through every vein of the body, purifying and accelerating the circulation of the blood. It neutralizes any bilious matter in the stomach, and strengthens the whole organization.

McLEAN'S STRENGTHENING CORDIAL will effectually cure Liver Complaints, Dyspepsia, Jaundice.

Chronic or Nervous Debility, Diseases of the Kidneys, and all Diseases arising from a Disordered Liver or Stomach.

The best Liniment in the world for man or beast.

ANOTHER REMARKABLE CURE

Performed by McLean's Volcanic Oil Liniment. Read for yourselves.

Thomas Ford, a blacksmith, living near Casseyville, on Tenth street, had a horrible running sore on his foot. He tried various Liniments, Salves &c, but could do it no good. He despaired of ever being able to work at his trade again. He was persuaded to try McLean's Volcanic Oil Liniment, he is now perfectly cured.

Rheumatism, paralysis, neuralgia, bruises, sprains, stiffness in the joints or muscles, swellings, sore throat, earache or toothaches, wounds, fresh cuts, sores, burns, scalds, pains, &c, yield to the "magic" influence of this wonderful Liniment.

For Horses and Cattle it is an infallible remedy for fistula, galls, scratches, cracked heels, lameness, spavin, sweeny, poll evil, bruises, swellings, wounds, rattlesnake bites, and various other diseases which animals are liable to from injuries or accidents.

Every Country Merchant should obtain a supply of McLean's Volcanic Oil Liniment. It sells rapidly, because it always cures.

A liberal discount will be made to merchants who buy to sell again.

DAY AND BOARDING SCHOOL FOR YOUNG LADIES,

UNDER THE DIRECTION OF

MADAM CHARPAUX,

At the corner of Bayou and Claiborne streets.

THIS SEMINARY, whose existence dates some six years back, has met with a success that proves, beyond all cavil, the capacity of those who have charge of it.

The study of the notes will precede the performances, when Mr. Charpaux will put the pupils through the execution of the regular keys and notes, and this will be attended with no extra charge.

Madam Charpaux, in order to complete the education of her scholars, has opened a class where will be taught all the useful and ornamental branches of needle-work.

The proprietor, in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale is not rivaled by any similar preparations extant. The testimony in its favor given by the most prominent and well-known physicians and individuals in all parts of the country is immense, and a careful perusal of the Almanac, published annually by the proprietor, and to be had gratis of any of his agents, cannot but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.
