THE INDIAN'S PANACEA, for the cure of scrofula, king's evil, incipient scurvy, syphilitic affections, venereal diseases, particularly sicons and painful affections of the bones, ulcerated throat and mouth; ulcers of every description; rheumatism, gout, lumbago; tumors, internal or external abscesses; fistulas; nodes; gout; scurvy; biliary chronic sores eyes; erysipelas; cutaneous diseases; chronic catarrh and headache, deafness, neuralgic cousing pain in the stomach and dyspepsia, proceeding from vitiated effections of the liver; chronic inflammation of the kidneys and general debility, arising from the torpid action of the vessels of the skin. It is singularly efficacious in invigorating those constitutions which have been broken down by injudicious treatment or juvenile irregularities. In general terms, it is recommended for all those diseases which arise from impurities of the blood or vitiation of the humors of whatever form or kind.

The proprietor of this valuable medicine acquired his knowledge of its ingredients from a long residence among the aberigines of this country, and it is a selection from the most approved and successful medicines used by them. It is offered to the public by the proprietor with the conscientiousness that he is placing within their reach a remedy capable of relieving many of the afflicted fellow creatures who are suffering under various chronic and obstinate complaints to which it is applicable. To such it will prove the means, in the hands of the only means of relieving their sufferings, and restoring them once more to health and happiness. This is not offered as a common remedy that may purchase be equally good with many others now in use, but one which is capable of saving life, when all other means fail, when all the usual remedies fail. This it has done repeatedly, and this is the reputation it has obtained wherever it has been introduced.

This medicine has been found highly useful in many analogous diseases not here specified, and it has been used with wonderful effect in a great variety of cases, by persons who are subject to various complaints, and whose constitution requires invigorating. Whenever a diet drink is necessary, this preparation is to be used, it being well adapted for purposes in much less time, at less expense, and in a far more agreeable manner than the common diet drink.

The following certificate of a business of a similar which might be produced, are given to show the effect of the Indian's Panacea in the various complaints therein mentioned, and has been exhibited in the most satisfactory manner its superiority over other similar preparations:

Cases of Ulcerated Throat, Mouth, &c.—Charleston, Jan. 30, 1838.—This may certify that I was afflicted with a scrofulous disease for several years, during which time I employed several eminent physicians, both in Philadelphia and Charleston, and at last took several bottles of Swain's Panacea, but did not receive permanent benefit. During last winter I was taken with an ulcerated throat, which soon became so severe as to prevent my taking sufficient food to support life. I was reduced to the last extremity, and days, emaciated and threatened with absolute and unavoidable starvation—when, as a last resort, I had recourse to the Indian's Panacea, and found it almost immediate relief, and recovering so rapidly that in four weeks I found myself quite well, as I have remained ever since.

DR. LEDY'S MEDICATED EXTRACT OF SARSAPARILLA.—It is positively the strongest preparation of sarsaparilla in existence; one bottle of which (costs but one dollar) being equal to one gallon of the syrup, as it is usually prepared in the shops, and equal to two bottles of any other extract. Dr. Ledy's is the only article that is herbal prepares it, and can consequently vouch for its strength. Numerous physicians throughout the United States give it the preference over all other preparations of sarsaparilla, both from the fact of its superior strength (consequently efficacy) when employed and from the circumstance of its being perfectly free from mercury. During last winter I was taken with an ulcerated throat, which soon became so severe as to prevent my taking sufficient food to support life. I was reduced to the last extremity, and days, emaciated and threatened with absolute and unavoidable starvation—when, as a last resort, I had recourse to the Indian's Panacea and found it almost immediate relief, and recovering so rapidly that in four weeks I found myself quite well, as I have remained ever since.
