TO THE SUGAR PLANTERS OF LOUISIANA.

N. RILLIEUX' PATENT FOR MAKING SUGAR—The undersigned having been appointed agents of Messrs. Merrick and Towne, proprietors of the Southwark Foundry, Philadelphia, and assignees of the Patentee, hereby give notice that they are prepared to contract for the apparatus to be delivered and set up in time for the ensuing crop.—The various sizes are as follows:

No. 1, capable of boiling 6 hhds in 24 hours.

2,	do	do	do	12	do
3,	do	do	do	18	do
4,	do	do	do	24	do

The sugar produced by this process is increased at least 25 per cent. in weight and 30 per cent. in value over that obtained by the usual process. The molasses decreases 50 per cent., but is of a very superior quality. The sugar is made white by the use of common bone black, without using moulds or liquoring. The saving of fuel is another important consideration. The bagasse or refuse cane, property preserved is sufficient to make the crop of sugar; and if bagasse is not used, one cord of wood per hogshead is more sufficient—the only fire used being in the furnace of the steam engine. This new method of sugar making is no longer an experiment, as may be seen by reference to the letter of J P Benjamin, Esq, published in the Bee of Feb'y 16th, and in the Bulletin, Tropic, Picayune and New Orleans Price Current of 17th Feb'y, on whose plantation it has been erected, and proved to his entire satisfaction.

Orders received until the end of April.

EXECUTIVE OFFICE,
New Orleans, April 2nd, 1844.

NOTICE IS HEREBY GIVEN, that in conformity to an act entitled: "An act to provide for the better administration of the Louisiana Penitentiary," approved March 28th, 1844, proposals will be received for three months from this date, at this office, for the lease of the Penitentiary for the term of five years. The terms and conditions prescribed by said act, on which the lease may be made, are as follows:—

1st—Approved security in the sum of twenty five thousand dollars for the faithful performance of the contract.

2nd—Lessee to conduct the Penitentiary at his own expense, and to make no change in the present treatment of the prisoners, not authorized by law.

3d—The labor of the convicts to be chiefly confined to cotton and woolen manufactures, negro shoes, and cotton bagging and bale rope; no business or mechanical work to be pursued for profit, which may come in competition with the mechanics of Baton Rouge.

4th—Lessee to bind himself to put up, without delay, the necessary machinery for the making of bagging and rope; to complete the present preparations for the manufactory of cotton and woolen goods, for which purpose the Governor is authorized to loan him fifteen thousand dollars, to be repaid at the end of the lease; the lessee paying on the amount, semi-annually, interest at the rate of six per centum per annum.

5th—All manufactured articles and materials on hand to be received by the lessee at an appraised value; for the amount of which he is to give his bond payable at the end of the contract, bearing six per centum, to be paid semi-annually; and should the contract not be renewed, the State to be bound to receive in like manner all similar articles as may then be on hand; all machinery, tools to be appraised and receipted for;—the lessee binding himself to return the same in like condition, or others of equal value, at the expiration of his term.

6th—The profits of the Penitentiary, for the first two years of the lease, to be for the exclusive benefit of the lessee; what may be made during the remaining period of the term, to be divided between him and the State, in such proportions as may be stipulated for in the contract.

7th—That for any violation of his contract, the Governor may, with the assent of two-thirds of the Directors, put an end to the lease, or suspend the lessee.

Persons disposed to propose for the lease, are invited to do so as early as possible, as the interest of the State, as well as that of the State, will be promoted by the contract being closed at an early date, which may become absolutely necessary under the provisions of the law.
