AYER'S AGUE CURE,

FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers; indeed for the whole class of diseases originating in biliary derangement, caused by the malaria of miasmatic countries.

NO one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service to the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic poison of FEVER AND AGUE from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where FEVER AND AGUE prevails, every body should have it and use it freely both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is that it contains no quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from intermittents if they avail themselves of the protection this remedy affords.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints arising from a low state of the body or obstruction of its functions. They are an excellent alterative for the renovation of the blood and restoration of tone and strength to the system debilitated by disease.

Ayer's Cherry Pectoral,

For the rapid cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

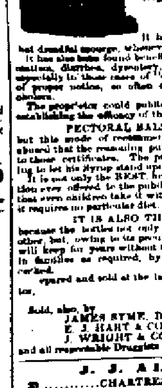
PECTORAL BALSAMIC SYRUP



It is now thirty years since this truly valuable Syrup was first offered to the public, and although it was never "puffed," nor even extensively advertised, it has, by its own merit, gained an unperishable reputation, and is daily increasing in popularity. Unlike most of the celebrated medicines of the day, it will not cure "all the ills that flesh is heir to," but it is SOVEREIGN in all diseases of the breast, chest and lungs, such as colds, coughs, catarrhs, bronchitis, inflammation of the throat, spitting of blood, whooping cough, influenza, &c.

In all affections of the lungs, verging on

CONSUMPTION,

It has been found to prevent that dreadful scourge, whenever timely resorted to.

It has also been found beneficial in many cases of theumatism, diarrhea, dysentery, summer complaints, and especially in those cases of "cholerine," which, for want of proper notice, so often degenerate into confirmed cholera.

The proprietor could publish hundreds of certificates establishing the efficacy of the

PECTORAL BALSAMIC SYRUP,

but this mode of recommendation has been so much abused that the reasoning public attach little or no faith to these certificates. The proprietor is, therefore, willing to let his Syrup stand upon its own merits.

It is not only the BEST, but the most pleasant preparation ever offered to the public; indeed it is so palatable that even children take it without the least difficulty, and it requires no particular diet.

IT IS ALSO THE CHEAPEST,

because the bottles not only hold more Syrup than any other, but, owing to its peculiar composition, this Syrup will keep for years without fermenting, and can be used in families as required, by simply keeping the bottle corked.

Prepared and sold at the laboratory of the sole proprietor, F. P. DUCONGE, No. 39 Chartres street.

Sold, also, by JAMES SYME, Druggist, 134 Canal street, E. J. HART & CO., 79 Tchoupitoulas street, J. WRIGHT & CO., 21 and 151 Chartres st, and all respectable Druggists in the State. jan2

TO COTTON PLANTERS.

I TAKE pleasure in announcing that Messrs. MANDEVILLE & McILHENNY are my authorized agents in this city to make contracts for the use of

MY INVENTION

OF THE SEED COTTON OR PLANTATIONS AND ALL BUSINESS IN RELATION TO IT.

I will only say here that I make the same capital, the same location, the same steam power, the same expenses, very nearly that now raises, gins and bales the cotton, to spin it; that, with the addition of machinery costing about one-half what the increased value of the yarns the first year will be, and which is attended by surplus labor of the plantation, in little girls of 8 to 10, women, and old men inefficient as field hands, I DOUBLE, OR MORE THAN DOUBLE THE PLANTER'S NET INCOME.

We spin the best yarns in the world. The danger from fire of the gin-house is immensely reduced, with many other advantages of great value. And what is of great importance is, that all this is fully demonstrated by its successful daily operation on the plantation of Col. Geo. S. Yerger, near Yazoo City.

Planters desiring more full particulars are referred to my agents, as above.

Applicants for agencies will please address them, in closing testimonials.

Madame Charpaux has purchased a large and airy edifice on one of the highest pieces of ground in the city, and the better to consult the health of her pupils, she has had spacious and elevated apartments built on purpose for school and sleeping rooms, through which there will be a constant circulation of air from many windows.

Great attention will be paid to the improvement of pupils in the French language. For this purpose, Madame Charpaux herself will give her undivided attention to this department of instruction.

The English and French languages, Geography, Arithmetic, and in short all the branches of a polite education, will be taught in the Seminary.

Music having become a most desirable branch of the education of young ladies, Mr. Charpaux, from the best musical school in Paris, and ex-artist of the Orleans Theatre, will devote all his time to the teaching music.

BETWEEN JULIA AND ST. JOSEPH STREETS.

THIS establishment, founded by Dr. and Mrs. McCauley, whose high reputation has never been questioned, will commence its sixteenth session on the 15th of September.

Mme. Ep. LOCQUET, assisted by her sister, Mme. FRANCOIS LOCQUET, with whom she has associated herself, will use her best endeavors to continue to merit the confidence reposed, for so many years, in her predecessors.

Professors of the highest talent are employed in all the branches, both useful and ornamental. Piano, Music, and the study of the Solfege, will be taught exclusively by the Misses Locquet, whose reputation as professors of music has been so well appreciated by the numerous families who have favored them with their confidence.

The French language, the native tongue of these ladies, and the acquirement of which is now indispensable to a good education, is taught with the utmost care, and is spoken in the Institution. Young ladies will therefore find in their constant intercourse with these teachers every facility possible for perfecting themselves in that language.

This establishment is commodious and well ventilated, and has recently been entirely renovated, with the utmost regard to the comfort and health of the pupils.

Mme. Locquet respectfully invites parents and families to call and visit her school, where prospectuses, with all other information which may be desired, can be obtained.

Corner Royal and Hospital Sts.

DAY AND BOARDING SCHOOL FOR YOUNG LADIES.

THIS establishment has been removed to corner Royal and Hospital street. The building is vast, well ventilated and well distributed for class rooms, dormitories, &c. The course of study embraces the same system, in both English and French, as that employed in the best seminaries in the United States and in Europe. Music, instrumental and vocal, including Solfege, is taught by one of our ablest professors; also Drawing and Painting; Dancing by Professors.

Madame Parent will keep, as heretofore, her house on the Lake during the summer months, but will keep her school open in the city throughout the year. DR. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest medical authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhoea, Dysentery, Incipient Consumption, Scrofulous Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In DYSPEPSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant Costiveness.

In unchecked DIARRHOEA, even when advanced to DYSENTERY, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative in the cases peculiarly affecting them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine which exerts such prompt, happy and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing fifty pills, price 50c. per box; for sale by druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to

Thirty-Four Likely Young Slaves, from Shepherd's Golden Grove Plantation, at auction, without reserve or limit.

BY J. B. WALTON, Auctioneer.
Office, No. 40 Camp street.

WEDNESDAY, 25th April, 1860, at 12 o'clock, M., at the St. Louis Exchange, St. Louis street, will be sold, without reserve or limit—

THIRTY-FOUR LIKELY YOUNG SLAVES from the Golden Grove Sugar Plantation of Shepherd & Hook.

These slaves are sold for no other reason than that they left the plantation and came to the city to establish their freedom, which they had been made to believe had been granted to them by the will of their former master. They are, with but two or three exceptions, as good subjects and valuable slaves as are to be found on any plantation, and they offer an opportunity rarely to be met with for planters to procure good and likely slaves accustomed to the culture of the sugar cane.

They will be fully guarantied, with the exception of the circumstance above named.

Terms—One-third cash; one-third at six and one-third at twelve months' credit, in city acceptances, bearing interest at the rate of six per cent. per annum from day of sale. The acceptances to be furnished by the purchasers are to be to the entire satisfaction of the vendor.

AYA PANA BITTERS.

Manufactured by J. Chauvet.

THESE BITTERS, which are confessedly superior to any hitherto prepared, constitute an admirable beverage when taken moderately, before or after meals. It purifies the alimentary canal, and facilitates digestion.

These BITTERS are composed exclusively of the extracts of aromatic plants, and possess the most incontestable medical qualities. Their tonic and stimulating properties render them particularly useful in cases of debility of the stomach, which, especially with women, and in warm climates, produce flatulence, uneasy sensations, and a general and frequent feeling of indisposition. They are likewise a Febrifuge, and are proved by experience to neutralize the effect of miasms on the system.

We might publish a host of certificates to substantiate our assertions, but this method is so commonly employed by charlatans that we deem it more advisable to refer to the numerous persons who daily make use of the AYA PANA BITTERS.
