FIRE PROOF SAFES.

THE subscriber has constantly on hand for sale, an assortment of Rich's Improved patent Salamander Book Safes, comprising twelve sizes and various patterns.

The subjoined certificate affords ample evidence of the fire proof qualities of these safes, and their superiority in all other respects can be established by the testimony of seventy houses and individuals in this city and vicinity, who have the articles in use.

j14 ISAAC BRIDGE, 76 Magazine st

The undersigned has this day witnessed the trial of one of Rich's Improved Patent Salamander Safes, in the furnace of the steamer Sea Bird

The safe was placed in the furnace, at ten minutes after 11 o'clock a. m. and remained there three hours, constantly exposed to the most intense heat that could be created by the use of pitch-pine and cotton wood. It was then taken to the store of Mr Rich's Agent, in this city, and opened, when they found that the contents were neither burned nor scorched, and that the wood-work bore no appearance of having been exposed to fire.

The undersigned are convinced that this safe was subjected to greater heat than could possibly exist at the burning of any building in this city, however combustible its contents, and they therefore have no hesitation in saying that Rich's Safes are eminently secure against the risk of fire under any circumstances whatever.

DYEING AND SCOURING IN GENERAL.

NOTICE—Messrs MONDELET & Co., have the honor to inform the public, that on the 1st June next, they will open, at No [illegible] Chartres street, opposite the Orleans Hotel, A DYEING AND SCOURING Establishment.

The knowledge they have acquired of this art, by many years labor in the first houses in Paris, and by a diligent study of chemistry applied to dying, induce them to hope that no hesitation will be felt in entrusting to them the most valuable articles either for dying or scouring, convinced as they are that such articles will be as carefully and properly attended to as at Paris. Those who may honor them with their confidence will be convinced of their skill, by the care and elegance of their work, and by the finish imparted to it.

They dye and scour all kinds of articles, such as silk, merinos, mousseline laines, cashmeres, crapes, tulles, velvet plain or figured, straw hats, furniture covers, carpets, church ornaments, ball and theatrical costumes silk and thread gloves, silk stockings; they clean silk dresses without changing the colors. By new chemical processes they bleach muslins, jaconets and print dresses, giving them the appearance of new materials. They clean and dye kid gloves, all kinds of feathers, gentlemen's clothing without injuring them, and giving them all the neatness of new articles. They dye clothing black for mourning in twenty-four hours, and warrant the durability of the colors.—They likewise re-dye black stuffs, giving them various colors.

Terms moderate. m21—6m

NOTICE TO PERSONS DESIROUS OF PASSING THE SUMMER IN THE COUNTRY

THE country house of Madame PRADAT will be opened to the public from and after the 1st June next.

The splendid establishment which is maintained at great cost and with extreme care, offers every source of amusement which is vainly sought for elsewhere. Cool apartments charming gardens, a variety of games, abundant fishing, delicious promenades, a choice table and faithful and attentive servants.

A bar, copiously supplied with the choicest wines and liquors, has been established on the grounds, and an excellent billiard room has been added to the various pastimes which are proffered to guests.

For the convenience of travellers, Madame Pradat has had built opposite her residence a wharf which enables steamboats to land passengers at all hours.

Madame Pradat flatters herself that her constant efforts to please the public, will ensure her a continuance of the patronage heretofore extended to her.
