Louisiana Institution,
Directed by R. PEDARRE, Bachelor of Arts and Sciences, No. 71 Rampart street between Esplanade and Conti streets.

THE Principal respectfully announces to fathers of families, that the system of studies which he has heretofore been so fortunate in applying, having been warmly approved by his fellow citizens and other persons of the greatest respectability and worth, will be pursued with all the exactitude and perseverance to be expected from one who is firmly convinced that he is on the road of progress, and that his determination tends to the advantage of youth, for whose welfare all his exertions are directed.

A resident of this city for eleven years occupied in giving public and private lessons, R. Pedarre, has studied to know the wants of Louisiana. He has never forgotten that her city is composed not only of legists and orators, but of a large proportion of planters, merchants, seamen, engineers, the offspring of the wealth and glory of this astonishing republic. For this great community, then, it ought to be the end of instruction to form men, who in order not to be a burden, should be enlightened, laborious and active. Morality being the only foundation of a good education, the first duty, doubtless, of him who devotes himself to instruction, should begin at the commencement to impress the minds of his pupils with correct principles.

OLD CLOTHES MADE NEW.
LONDON DYEING & SCOURING ESTABLISHMENT.

JOHN J. JACKSON, lately from London, respectfully informs the citizens of New Orleans and its vicinity, that he has taken the store No 96 CAMP STREET, next to Marmion's Temperance Intelligence and General Agency Office, a few doors below Poydras, for the purpose of Dyeing, Renovating, Repairing and Scouring

GENTLEMEN'S WEARING APPAREL,

upon an entirely new principle. All clothes made to appear as when new, without any injury to the cloth, and if not done to satisfaction, no charge will be made.

From the long and practical experience which I have had during my apprenticeship in London, and in working for the officers of the Horse Guards, and other officers of other regiments, I am enabled to dye SCARLET and other colors in a superior manner; also to extract grease spots and stains of all descriptions from military and other garments.

Gentlemen composing volunteer companies in this city, who have military clothes out of order, from the effects of grease spots, stains, &c. are respectfully invited to call and give him a trial.

Gold lace and silk lace, epaulettes, &c. tarnished from use, can be restored to their original lustre and brightness.

LADIES' WEARING APPAREL, (including silk, satin and velvet dresses) dyed in the most approved fashion and in the latest style and finish.

Carriage cushions, hangings, pulpit covers, sofa and chair covers, window hangings, carpet and hearth rugs, cleansed, dressed, &c. and made to appear as when new.

Many gentlemen and ladies hesitate to have their garments, carpets, &c. renovated or dyed, in consequence of the numerous impostors that do not understand their business. The subscriber requires but one trial to prove the character of his workmanship.

From a strict attention to business I hope to meet a share of public patronage.

All work entrusted to my care will be ready for delivery in forty eight hours after being left with the subscriber.
JOHN J JACKSON.

CURE FOR CORNS.

RADICAL CURE OF CORNS without cutting or the least pain.—DR ROSENBERG, from Warsaw the capital of Poland, has the honor to announce to the ladies and gentlemen, and the inhabitants in general of this place, that he undertakes the total eradication of CORNS, BUNIONS, NAILS, and every hard substance on or between the toes, without cutting, by means of an elixir of his own composition. The operation is performed in the space of fifteen minutes, without the least pain, and the patient may resume his dress and occupation, with the satisfaction of carrying the corn or root in his hand.

Dr. R. is in possession of a great number of flattering testimonials granted him in France and other foreign parts and by distinguished physicians and surgeons, which have been given twelve months after the cure.

The Doctor will give attendance daily, from half past 11 till half past 11 in the morning, and from 1 to 3 in the afternoon, at 174 Chartres street corner Jefferson.

DYEING AND SCOURING IN GENERAL.

NOTE.—Messrs. MONDELET & Co. have the honor to inform the public, that on the 1st June last, they have opened at No 150 Chartres street, opposite the Orleans Hotel, A DYEING AND SCOURING Establishment.

The knowledge they have acquired of this art, by many years labor in the first houses in Paris, and by a diligent study of chemistry applied to dyeing, induce them to hope that no hesitation will be felt in entrusting to them the most valuable articles either for dying or scouring, convinced as they are that such articles will be as carefully and properly attended to as at Paris. Those who may honor them with their confidence will be convinced of their skill, by the care and elegance of their work, and by the finish imparted to it.

They dye and scour all kinds of articles, such as silk, woolen, mousseline laines, cashmeres, crapes, tulles, velvet plain or figured, straw hats, furniture covers, carpets, church ornaments, ball and theatrical costumes, silk and thread gloves, silk stockings; they clean silk dresses without changing the colors. By new chemical processes they bleach muslins, jaconets and print dresses, giving them the appearance of new materials. They clean and dye kid gloves, all kinds of feathers, gentlemen's clothing without injuring them, and giving them all the neatness of new articles. They dye clothing black for mourning in twenty four hours, and warrant the durability of the colors.—They likewise re-dye black stuffs, giving them various colors.

Terms moderate.
