THE TEXAS & PACIFIC RAILWAY.

Office of the General Manager.

Dallas, Tex., February 10, 1917.

To Those Who Drive or Ride in Automobiles:

The constantly increasing number of automobile accidents at grade crossings prompts the issuance of this warning to all who own, drive or ride in automobiles to STOP, LOOK and LISTEN before passing over any railway grade crossing.

Crossing gates, automatic warning bells, electric headlights and engine signals, if not heeded by those for whose protection they are intended, are unavailing.

I will be glad to receive and consider suggestions intended to reduce automobile accidents at grade crossings, for the railroad is anxious to do its full part. However, if every person who owns, drives or rides in an automobile will STOP, LOOK and LISTEN at grade crossings, the danger will be entirely eliminated. J. H. ELLIOTT,
General Manager.
