Case of Ulcerated Throat, Nashville, &c.

Charleston, Jan. 8th, 1839.—This may certify that I was afflicted with a scrofulous disease for several years, during which time I employed several eminent physicians, both in Philadelphia and this place, and took several bottles of Swain's Panacea, but all without permanent benefit.—During the last winter I was taken with an ulcerated throat which became so severe as to prevent my taking any nourishment for sustain life. I remained in this situation several days, emaciated and threatened with absolute and speedy dissolution, when, as a last resort, I had recourse to the Indian's Panacea, and found from it almost immediate relief, recovering so rapidly that in four weeks I found myself quite well, and have remained ever since.
