GUILD'S PATENT COOKING STOVES CALLED "QUEEN OF THE WEST."

THE undersigned, agent for the sale of this article, for the first time introduced to the notice of the New Orleans public, begs leave respectfully to solicit public attention thereto.

He refers to the subjoined satisfying testimony as to its economy, convenience and usefulness.

We, the subscribers having used for some time Guild's Patent Cooking Stove, called the Queen of the West, feel no hesitation in giving our unqualified testimony in its favor. For neatness, convenience, economy and general usefulness, we think it surpasses any other cooking apparatus that we have seen in use. We have found it supplied one great desideratum not heretofore attained—an oven, capacious, and at the same time heated uniformly and equally on every side, enabling the housewife to bake and bring the best immediately on the table, so that it performs all the different offices of boiling, baking, roasting, and heating smoothing irons at the same time, and with the least possible trouble. We find the different sizes manufactured seem capable of supplying the wants of all, from the smallest family to the large it hotels and steamboats.
