GUILD'S PATENT COOKING STOVES CALLED "QUEEN OF THE WEST."

THE undersigned, agent for the sale of this article, for the direction introduced to the notice of the New-Orleans public, begs leave respectfully to solicit public attention thereto

He refers to the subjoined flattering testimony as to its economy, neatness and general utility:

We, the subscribers having used for some time Guild's Patent Cooking Stove, called the Queen of the West, feel no hesitation in giving our unqualified testimony in its favor. For neatness, convenience, economy and general usefulness, we think it surpasses any other cooking stove. We find it to be more durable than any other stove we have seen in use. It seems to have adopted one great desideratum not heretofore attained—an oven, capacious and at the same time well ventilated and equally on every side—and this by bringing the heat immediately on a sheet with the bottom, so that it performs well all the different offices of roasting, baking, broiling, and heating smoking meat at the same time, and with the least possible quantity of fuel; and the different stoves manufactured seem capable of supplying the wants of all, from the smallest family to the largest hotels and steamboats.

LIFE INSURANCE.

OCEAN INSURANCE COMPANY.—The absence of any institution in this city for insuring live, and the extraordinary rates of premium demanded by the northern and eastern companies for granting life policies to persons residing in Louisiana, have determined the Board of Directors of the Company to put into operation that clause in their charter, which authorizes insurance upon lives, on a scale of premiums which will enable every one who is in receipt of a moderate annual income to secure for those who are dependent on them a comfortable provision in case of their decease.

The scale determined on, is nearly as possible the average of those adopted by the London offices, for insuring lives in England, in addition to which, for every dollar of insurance of claims, and by this scale an annual premium of twenty dollars paid by a person in his prime, will secure payment of one thousand dollars to his assigns should he die within the year—an annual premium of one hundred dollars will secure five thousand dollars—and so on in proportion for any larger amount.

The Company will issue policies for any term from one to seven years and the premium can be paid quarterly, half yearly or yearly.

Any further information that may be required will be furnished on application to the office No. 48 Camp street, corner of Gravier street.

CARROLLTON ACADEMY.—The undersigned have the honor of announcing to their friends and families in Orleans and Jefferson as well as the surrounding parishes, that the second of November next, the above Institution will be opened, under their superintendence, for the reception of boys, both as boarding and day scholars. They pledge themselves that the most assiduous attention shall be devoted to their mental and moral improvement.

The local advantages of Carrollton are well known. They have secured the services of a gentleman, recommended by Mr. Rohr—the garden and premises are entirely under the establishment in every respect admirably adapted for the object they have in view.
