The price of Board, including washing and tuition in all the branches, is twenty dollars per month. The boarders receive maternal attentions from the Matron, who superintends the Boarding establishment.

Half Boarders and Day scholars are received on terms which are fully set forth in the Statutes.

The course of studies embraces the English, French, Spanish, Latin and Greek languages, with their literature; Mathematics, Book-keeping, Geography, use of the Globes, History, Moral Philosophy, &c.

The branches enumerated above are taught by the Directors of the School, and by Assistant Instructors, selected for their skill and their high standing in the profession.

Students, whose parents desire it, are instructed at their expense in Music, Drawing, Dancing and Fencing, by the most eminent masters in the city.

In matters of internal discipline, the Directors are assisted by two Ushers whose business it is to enforce correct deportment in the study rooms, play grounds and dormitories.

No interference whatsoever on the part of parents or guardians in the regulations of the institution is tolerated.

The Statutes, containing the rules of discipline, course of studies, terms, &c. may be had in English or in French, at the School or at the principal Book stores in the city.

MANDEVILLE COLLEGE.

IN the establishment of this Institution, an attempt has been made to form a Northern College adapted to a Southern population. We will briefly state what means we have at our disposal, and in what manner we intend to employ them.

Situated within a short distance of the South Western Metropolis, on a spot entirely exempt from all epidemic diseases, and offering the convenience for bathing in the salubrious waters of Lake Pontchartrain, we believe the location of the College to be unsurpassed within the limits of our State.

In conformity with our plan, the instruction of the students is confided to northern professors. Gentlemen selected in the northern Colleges—the professors of the French and Spanish only excepted.

LEWIS ELKIN, President

The following gentlemen, having their sons in the Institution, will give all desired information:—

DAY AND BOARDING SCHOOL FOR YOUNG LADIES,

Founded in 1832 by Madame Lusse, and conducted since 1840 by Madame Desnavaux.

(Rampart street, corner of Bienville.)

THE course of instruction pursued in this establishment is both solid and varied, extending from the elements of reading and grammar to the study of literature and the elements of the sciences indispensable to a polished education.

The pupils are distributed into seven classes, suited to their different ages and capacities.

The French and English languages are cultivated with equal attention and a good opportunity is afforded for their free and familiar use in conversation by the intercourse of Creoles with Americans.

Vocal and instrumental music is taught by ladies, exclusively attached to the establishment, and their constant presence is a guarantee of unremitting attention, both to lessons and practice.

The performance of religious duties, by the boarders, is duly attended to: a priest, authorised by the Bishop, attends the establishment twice a week, to instruct Catholic pupils and prepare them for their first communion.

From the 1st November, 1844, this Institution will no longer receive young boys, and will be exclusively consecrated to young ladies.

Parents are informed that the house in Bienville street, contiguous to the Church edifice, has been added to the Institution, for the better accommodation of boarders.

Examinations in music take place from November to April, on the 1st Saturday of each month. At the end of May, general examination and distribution of prizes.

French and English classes conducted by Professors of known merit are open, every day, morning and evening, from 8 o'clock to 8.

☞ See the prospectus of the establishment at Mr. Lemoine's Library, corner of St. Anne and Royal streets.

G. BOYER'S CLASSICAL AND COMMERCIAL INSTITUTION,

No. 146 Conti Street,

(between Dauphine and Burgundy streets.)

THIS Institution, the oldest scholastic establishment in New Orleans, is well known and highly distinguished for the success which has accompanied it ever since its foundation; a considerable number of pupils who have quitted it to enter on the most useful career, having already acquired some distinction in the various avocations to which they have devoted themselves.

Boyer's Institution is conducted in one of the largest Mansions in the city, occupying a fine central position being well ventilated and in other respects perfectly salubrious.

The range of studies which engage the attention of the pupils extends over all the branches of Learning which are necessary to a useful, polite and finished education; from primary instruction to the more elevated subjects which are generally the province of a college education—Discipline so necessary to quicken in the youthful mind a due perception of the duties incumbent on it in its future relation with society, is a conspicuous feature of the establishment, being of the same character as that which is maintained in the best schools, whilst the solicitude of the Principal regarding the morals of the youths committed to his charge, is thoughtful, yet paternal.

The English language, daily becoming more and more evident, as of the greatest possible importance to all living in this community, is, in Boyer's Institution, attended to with more than ordinary care, the Professors engaged in this branch being gentlemen of undoubted attainments and long acquaintance with tuition.

OLD CLOTHES MADE NEW.

LONDON DYEING & SCOURING ESTABLISHMENT

JOHN J JACKSON, lately from London, respectfully informs the citizens of New Orleans and its vicinity, that he has taken the store No 96 Camp Street, next to Marmion's Temperance Intelligence and General Agency Office, a few doors below Poydras, for the purpose of Dyeing, Renovating, Repairing and Scouring

GENTLEMEN'S WEARING APPAREL,

upon an entirely new principle. All clothes made to appear as when new, without any injury to the cloth; and if not done to satisfaction, no charge will be made.

From the long and practical experience which I have had during my apprenticeship in London, and in working for the officers of the Horse Guards, and other officers of other regiments, I am enabled to dye SCARLET and other colors in a superior manner; also to extract grease spots and stains of all descriptions from military and other garments.

Gentlemen composing volunteer companies in this city, who have military clothes out of order, from the effects of grease spots, stains, &c. are respectfully invited to call and give him a trial.

Gold, silver and silk lace, epaulettes, &c. tarnished from use, can be restored to their original lustre and brightness.

LADIES' WEARING APPAREL, (including silk, satin and velvet dresses,) dyed in the most approved fashion and in the latest style and finish.

Carriage cushions, hangings, pulpit covers, sofa and chair covers, window hangings, carpet and hearth rugs, cleansed, dyed, &c. and made to appear as when new.

Many gentlemen and ladies hesitate to have their garments, carpets, &c. renovated or dyed, in consequence of the numerous impostors that do not understand their business. The subscriber requires but one trial to prove the character of his workmanship.

From a strict attention to business I hope to meet a share of public patronage.

☞ All work entrusted to my care will be ready for delivery in forty eight hours after being left with the subscriber. JOHN J JACKSON.

TARRANT'S EFFERVESCENT SEILTZER APERIENT—This preparation strongly recommends itself to the favor of the public from its positive medicinal virtues, and from its great success in the cure of Billious affections and Febrile Diseases, to which the variable climate of our country is so subject. Prescribed in such cases it has been found universally to afford relief, and has gained much reputation among medical men, who most generally sanction its use among their patients. In a torpid state of the Liver its use, persevered in for a few days, has been found to aid in restoring the functions of that important organ. In Gout and Rheumatism it has given great satisfaction, as having in a short period allayed all the inflammatory symptoms—it has in numerous cases succeeded in effectually curing those afflicted. Of its success in cases of Gravel, Indigestion, Heartburn, Costiveness, and Headache, it has invariably proved in every instance a medicine of great utility.

Being one of the most delightful, as well as mildest purgatives, now before the public, it possesses all the medicinal virtues of the most approved Seltzer Aperient, with the sparkling agreeableness of soda water, and as it acts gently upon the system, it restores the digestive powers when inactive, and excites a healthy and vigorous tone to the stomach, giving to the patient renewed health and strength. It strongly commends itself to planters or persons going to sea, as its virtues being not at all affected on sea or shore or in any climate, it may be used with greater facility than any other preparation.

Testimonials from gentlemen of high standing in their profession, hereto annexed, strongly guarantee its efficacy and valuable character, and commends it to the favorable notice of an intelligent Public.

TESTIMONIALS.

FROM THOMAS BOYD, M. D.

"It affords me sincere pleasure to add my favorable commendation to your list of valuable testimonials of the character of your Effervescent Seltzer Aperient. It is a very palatable, delightful and cooling effervescing draught and possesses medicinal properties highly valuable in their nature. Its effervescence is more agreeable, and its mode of use far easier and more convenient than any similar preparation I have ever known; whilst its action is, in truth, mild and effectual. Its truly beneficial qualities commend it strongly to the notice of the public."

(Signed) THOMAS BOYD, M. D.,
To Mr James Tarrant. No 291 Fourth street.
New York, Nov. 17, 1844

FROM JOHN W. SCHMIDT, Jr. M. D.

"I have frequently used and prescribed Tarrant's Effervescent Seltzer Aperient, and know of no remedy so pleasant and effectual where a mild laxative is required. It must entirely supercede the use of Seidlitz Powders, and other mild laxatives. It also possesses anti-acid properties which do not belong to the Seidlitz; it is also particularly adapted to pregnant women, and in Sea Sickness, when constipation is an attendant."

(Signed) J. W. SCHMIDT, Jr., M. D.
To Mr James Tarrant, No. 6 Warren street,
New York, Nov. 12, 1844.

FROM JAMES H. ROGERS, M. D.

"Having made use of Tarrant's Effervescent Seltzer Aperient, I cheerfully give my testimonial in its favor. It has proved a most excellent family medicine. It is convenient and portable, mild and efficient in its action on the system, extremely refreshing and invigorating to the stomach, and is a delightful effervescent draught, resembling Soda Water to the taste, and imparting to the constitution all the benefits of the famed Seltzer of Germany. It has none of the objections usually attending the operation of the ordinary purgatives. To persons visiting or residing in warm climates, it will unquestionably prove a medicine of great utility."

(Signed) J. H. ROGERS, M. D.
New York, Nov. 14, 1844. 78 Clinton Place, New York.

FROM EDWARD G. LUDLOW, M. D.,

Trustee of the College of Physicians and Surgeons, in the City of New York, and Censor of State Medical Society.

"I can with confidence recommend Tarrant's Effervescent Aperient as a mild and agreeable laxative, and far superior to Seidlitz Powders, Rochelle Salts &c. In warm climates, where cooling purgatives are so frequently required, it is invaluable."

(Signed) EDWARD G. LUDLOW, M. D.
To Mr James Tarrant. No. 686 Broadway.
New York, Nov. 12, 1844.

FROM GEORGE WILKES, M. D.

Surgeon at the New York Eye and Ear Infirmary

"I have given your Effervescent Seltzer Aperient on several occasions, and am much pleased with its effects. From its mild and gentle operation on the bowels, it is invaluable to females during pregnancy relieving the sick ness and nausea attendant thereon, and may be administered with perfect safety. To residents of warm climates, persons visiting such countries, I would freely recommend it; also as a remedy in Sea Sickness. As a family Medicine it meets my full approbation."

(Signed) GEO. WILKES, M. D.
To Mr James Tarrant. No 29 Leight street
Oct. 9, 1844.

FROM M PRICE MOORE, M. D.

"I have used your Effervescent Seltzer Aperient in several cases, with very happy results. As a mild Aperient, it has advantages over all other Aperients, particularly in cases of great debility where it is important to save the strength of the patient. It can be given to pleasant drink, and given in such doses as to obtain the object in view. As a Family medicine, I think very highly of it; and as such, can be freely used during the summer months."

(Signed) M. PRICE MOORE, M. D.
To Mr James Tarrant. No. 60 Hudson street.
New York, Nov. 18, 1844.

FROM JAMES TRUDEAU, M D

"I have often prescribed your Effervescent Seltzer Aperient in this city, and have always been pleased with its operation. It is, in my opinion, a pleasant, safe, and mild laxative, calculated to please the most fastidious. To persons residing in warm climates, where a congested state of the Liver is a frequent cause of disease, it is a most valuable medicine."
