Dr. Mott's
CHALYBEATE RESTORATIVE
PILLS OF IRON.

An apparent and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest medical authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhoea, Dysentery, Incipient Consumption, Scrofulous Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In DYSPEPSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant Costiveness.

In unchecked DIARRHOEA, even when advanced to DYSENTERY, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine without any of their well known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative in the cases peculiarly affecting them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine which exerts such prompt, happy and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing fifty pills, price 50 cents per box; for sale by druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to

COMMERCIAL.

OFFICE OF THE BEE, Friday Evening, November 16, 1860.

There was great animation in our general market during the early part of the week, but, latterly, owing in great measure to the almost impossibility to negotiate exchange, business of all kinds has fallen off, and the market closes with a downward tendency. Cotton was in good request early in the week, but the stringency of the Money market checked operations, and the sales have been on a moderate scale. Nothing of any moment has been reported in Tobacco, but there has been some inquiry, and the markets for both have shown more activity, but at lower rates. In Flour and Corn there has been considerable done, but at lower rates. Freights have been more active, but Exchange has further declined, and been almost stagnant.

COTTON.—The week opened with a fair demand at previous rates, but prices were generally to outside rates. The sales of the week comprise some 26,000 bales, of which 1100 on Saturday, 14,000 on Monday, 7000 on Tuesday, 2000 on Wednesday, 2000 yesterday, and 3000 to-day; the market closing at the range of our quotations, as follow:

LIVERPOOL CLASSIFICATION—LOUISIANA AND MISSISSIPPI.

Inferior	—@—
Ordinary	7½@8
Good Ordinary	8¾@9
Low Middling	9¾@10
Middling	10@10½
Good Middling	11@11½
Middling Fair	11¾@12
Fair	nominal

TOBACCO.—We have not heard of a sale of any consequence for the past two weeks, but some 300 hhds have changed hands, all the particulars of which have been suppressed.

SUGAR.—There has been an ample supply, and the sales of the week have amounted to some 2000 hhds., at the range of our quotations, which show a lower market for all kinds. We quote for new crop:

Inferior	4¼@4½
Common to Good Common	4¾@5¼
Fair to Fully Fair	5½@6
Prime and Choice	6¼@6¾
Choice Centrifugal	6¾@7½

MOLASSES.—The receipts have been ample, and prices are again lower. The sales of the week have reached some 6300 bbls., at a range of 21@23c for Ordinary to Fair, and 25@26c for Prime to Choice, with about 300 half bbls. at 27@28c ⅌ gallon, the market closing at 25@26c for Prime to Choice in bbls, and 28c ⅌ gallon in half bbls.

FLOUR.—A moderate demand has prevailed during the past week at easier prices for buyers, and the sales have embraced about 16,000 bbls, at $5 50@$5 60 and $5 75 for superfine, $6@$6 37½ for low and ordinary, $6 62½@$7 for good, and $7 25@$7 50 and $8 50 ⅌ bbl. for choice and superior brands of extra, and $9 ⅌ bbl. for fine.

BRAN.—There has been some inquiry, but at lower figures, and the sales of the week have embraced about 5000 sacks at 90c@$1 15 ⅌ 100 lbs.

HAY.—About 3500 bales Eastern and Western have been disposed of during the week at $22@23 ⅌ ton. There is a large stock on the levee, and the market has been dull and drooping.

PORK.—The market has shown but little movement, with sales of 800 bbls. Mess on private terms. The retail rates have been $20@$20 50 ⅌ bbl, and holders are generally ask $19@$19 50 for round lots. The stock at the inspection warehouses on the 1st instant was 3651 bbls. of all kinds.

L. MILLER'S
HAIR INVIGORATOR,

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND

FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing the Hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequaled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequaled preparation convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous diseases, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator, can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's Hair inclines to be weak. The use of it lays the foundation for a good head of hair, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child and the future appearance of its hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper; also, L. MILLER'S HAIR INVIGORATOR, N. Y., blown in the glass.

MISCELLANEOUS.

CAUTION TO THE PUBLIC.

FRAUDULENT IMITATIONS OF HOSTETTER'S STOMACH BITTERS.

As a measure of self-defence, and in order to warn and protect our customers in all parts of the Union, we deem it our duty to expose a deep-laid and wide-spread conspiracy now existing in the South and West, for the sale of spurious imitations of our CELEBRATED STOMACH BITTERS.

We have been for some time past engaged in ferreting out and prosecuting the parties concerned in this nefarious and despicable business, and expect to visit upon them the just penalty of the violated law. Villainy, like wealth, "loves a shining mark," and the parties who are interested in palming spurious preparations have exhibited a striking shrewdness in their rascality, in selecting for counterfeit imitations the most popular stomachic and restorative manufactured in this or any other country. Large quantities have, we understand, been, and are now, on the market in our Southern and Western cities, and exported to Spanish America, and dealers from other better things might have been expected, have, in some instances, connived at the imposition for the purpose of sharing in the plunder. On the principle that the receiver is as culpable as the thief, and that one who sells counterfeit money is as criminal as the forger, the maker and the vendor of the counterfeits of HOSTETTER'S STOMACH BITTERS may be said to stand on the same moral level.

We have already commenced suit against Dan'l L. Eiwang and Benjamin A. Johnson, of New Orleans; Frazer & Goebeau, Mobile, Alabama; T. Coe & Co., James Clark and O. H. Beckwith & Co., of Chicago; Wm. B. Lawrence, Theo. Hostetter, Henry Hansen, Charles H. Hansen and Victor L. Jourdan, of St. Louis.

In all the cases that have been brought into Court, injunctions have been issued restraining the defendants from selling their deleterious trash under the name HOSTETTER'S STOMACH BITTERS.

As this our TRADE MARK has been printed on the label and boxes of the spurious stuff, or some very close approximation to it, there can be no doubt as to the issues of the impending trials.

In the meantime, in order to shield ourselves and the public as far as possible against the fraud mongers, we have had a new and beautiful label engraved on steel, which hereafter will be found on our bottle in addition to the old bronzed label, which these pettifogging pirates will find somewhat difficult as well as dangerous to duplicate. It cannot be counterfeited without the commission of a felony. The principal feature of the new label is a superb Vignette of St. George and the Dragon, below which is a blank escutcheon with the following inscription:

The best evidence of the merit of an article is the disposition to produce counterfeits, and WE REGARD IT as the strongest testimony to the value of HOSTETTER'S CELEBRATED STOMACH BITTERS, that attempts of that description have been frequent. A due regard for the public welfare has induced us to obtain a fine engraving of which this is a facsimile, and to depend our note of hand, which cannot be counterfeited without incurring the penalty OF A FELONY.

Under the above, and at the bottom of the label, is a miniature engraving of a note of hand for one cent, signed Hostetter & Smith, to counterfeit which is a State prison offence. The pictorial portion of the label is engraved with the words HOSTETTER'S CELEBRATED STOMACH BITTERS, in heavy black letters, and the whole is surrounded with a narrow ornamental border.

It is hoped that this precaution will secure the public from further imposition upon by base imitations of our valuable and popular restorative, and we earnestly request all who use it to see that the label on each bottle they purchase corresponds with the foregoing description. If it does not, the article is fraudulent, and cannot be purchased without peril to health and life.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S
Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every-where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affections which arise from it, such as *Eruptive and Skin Diseases, St. Anthony's Fire, Rose, or Erysipelas, Pimples, Pustules, Blotches, Blains and Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Rheumatism, Syphilitic and Mercurial Diseases, Dropsy, Dyspepsia, Debility,* and, indeed, *all complaints arising from Vitiated or Impure Blood.* The popular belief in "*impurity of the Blood*" is founded in truth, for Scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

AYER'S
AGUE CURE,

FOR THE SPEEDY CURE OF
Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of Miasmatic Countries.

We are enabled here to offer the community a remedy which, while it cures the above complaints with certainty, is still perfectly harmless in any quantity. Such a remedy is invaluable in districts where these afflicting disorders prevail. This "CURE" expels the miasmatic poison of FEVER AND AGUE from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where FEVER AND AGUE prevails, every body should have it and use it freely both for cure and protection. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are *Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis and Derangement of the Stomach,* all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents if they will avail themselves of the protection this remedy affords.
