"ECONOMY IS THE ROAD TO WEALTH."

OLD CLOTHES MADE NEW.
LONDON DYEING & SCOURING ESTABLISHMENT

JOHN J. JACKSON, lately from London, respectfully informs the citizens of New Orleans and its vicinity, that he has taken the store No 96 CAMP STREET, next to Marston's Temperance Intelligence and General Agency Office, a few doors below Poydras, for the purpose of Dyeing, Renovating, Repairing and Scouring GENTLEMEN'S WEARING APPAREL, upon an entirely new principle. All clothes made to appear as when new, without any injury to the cloth, and of the most fashionable and latest cut.
From the long and practical experience which I have had during my apprenticeship in London, and in working for the officers of the Horse Guards, and other officers of other regiments, I am enabled to dye SCARLET and other colors in a superior manner; also to extract grease spots and stains of all descriptions from military and other garments.
Gentlemen composing volunteer companies in this city, who have military clothes out of order, from the effects of grease spots, stains, &c. are respectfully invited to call and give him a trial.
Gold, silver and silk lace, epaulettes, &c. tarnished from use, can be restored to their original color and brightness.
LADIES' WEARING APPAREL (including silk, satin and velvet dresses,) dyed in the most approved fashion and in the latest style and finish.
Carriage cushions, hangings, pulpit covers, sofa and chair covers, window hangings, carpet and hearth rugs cleansed, dressed, &c and made to appear as when new.
Many gentlemen and ladies hesitate to have their garments, carpets, &c. renovated or dyed, in consequence of the numerous impostors that do not understand their business. The subscriber requires but one trial to prove the character of his workmanship.
From a strict attention to business I hope to meet a share of public patronage.
All work entrusted to my care will be ready for delivery in forty eight hours after being left with the subscriber. JOHN J. JACKSON.

HAVING this day sold my entire interest in Mandeville College to Juan Beco Lopez, Esq., I take the liberty to recommend the Institution to all parents of pupils, being convinced that under the presidency of Mr. MacManus, it will continue to deserve that liberal patronage, which he has hitherto enjoyed. ORLEANS HIGH SCHOOL.
(Lycée d'Orléans.)
ESPLANADE STREET.

THE HIGH SCHOOL instituted by Professors EVERETT, WYNDHAM, and MERVOYER and conducted by them, receives Boarders Half Boarders, and Day Scholars.
The spacious and airy buildings occupied by the proprietors of the School, are situated in the most salubrious part of the city.
The price of Board, including washing and tuition in all the branches is twenty dollars per month. The boarders receive maternal attentions from the Matron, who superintends the Boarding establishment.
Half Boarders and Day scholars are received on terms fully set forth in the Statutes.
The system of education embraces the grammar and literature of the English, French, Spanish, Latin and Greek languages, History, Rhetoric, Poetry, Mythology, Geography, the use of the Globes, Book-keeping, Arithmetic, algebra, Geometry, plain and spherical Trigonometry, Surveying, Natural Philosophy, Moral Philosophy, etc. etc.
The branches of knowledge enumerated above are taught by Professors EVERETT, WYNDHAM and MERVOYER, and by Assistant Instructors, selected for their skill in teaching and their high standing in the profession.
Students, whose parents desire it, are instructed at their expense in Music, Drawing, Dancing and Fencing, by the most eminent masters in the city.
In matters of internal discipline, the Directors are assisted by two Ushers who enforce correct deportment in the study rooms, play grounds and dormitories.

Lake Side Education.

DR. MACAULEY Principal of the POLYTECHNIC SCHOOL, 184 Canal street, respectfully announces to parents who may wish their sons to enjoy the benefit of change of air, for a short time, and that healthy of all gymnastics, BATHING with no interruption to their pursuits, that he proposes removing, about the middle of June, to Lewisburg, a highly salubrious spot on the margin of the Lake, where his pupils will mingle varied recreation with study, and where the strictest attention will be paid to their health, comfort and literary improvement. At the instruction of our mental and physical constitution, which renders the due refreshment of the latter, essential to the vigor of the former, the plan of removing for a short time from the city, cannot fail to meet the approbation of parents and guardians of youth; and Lewisburg is well known to be a remarkably healthy location. Fine water—that resource—especially in the summer season, is supplied in abundance, from a pure and beautiful spring; the only amusement of bathing, and the place delightfully performing the short space of two hours. Such, however, of Dr. Macauley's pupils as do not accompany him across the Lake, may uninterruptedly prosecute their studies at the Institution, Canal street, as it will be left during his brief absence in charge of Teachers who will ably and faithfully perform the duties entrusted to them.
The Polytechnic School is now INCORPORATED and the fact that the Legislature has granted the power to confer, under due examination, the degrees of Bachelor of Arts and Master of Arts, will doubtless excite the pupils to an emulation highly favorable to the acquisition of that sound learning which it is the object of this Institution to impart.
N. B.—A careful superintendent will attend the Young Gentlemen when bathing.

DAY AND BOARDING SCHOOL
FOR YOUNG LADIES,
Founded in 1822 by Madame Lusias, and conducted since 1841 by Madame Desmavach.
(Rampart street, corner of Bienville.)

THE course of instruction pursued in this establishment is both solid and varied, extending from the elements of reading and grammar to the study of literature and the elements of the sciences indispensable to a polished education.
The pupils are distributed into seven classes, suited to their different ages and capacities.
The French and English languages are cultivated with equal attention, and a good opportunity is afforded for their exercise and familiar use in conversation by the intercourse of Creoles with Americans.
Vocal and instrumental music is taught by ladies, exclusively attached to the establishment, and their constant presence is a guarantee of unremitting attention, both to lessons and practice.
The performance of religious duties by the boarders, is duly attended to, a priest, authorised by the Bishop, attends the establishment twice a week, to instruct Catholic pupils and prepare them for their first communion.
From the 1st November, 1844, this Institution will no longer receive young boys, and will be exclusively consecrated to young ladies.
Parents are informed that the house in Bienville street, contiguous to the Church edifice, has been added to the Institution, for the better accommodation of boarders.

G. BOYER'S
CLASSICAL AND COMMERCIAL INSTITUTION,
No. 146 CONTI STREET,
(between Dauphine and Burgundy streets.)

THIS Institution, the oldest scholastic establishment in New Orleans, is well known and highly distinguished for the success which has accompanied it ever since its foundation; a considerable number of pupils who have quitted it to enter on the great scene of life, having already acquired some distinction in the various avocations to which they have devoted themselves.
Boyer's Institution is conducted in one of the largest Mansions in the city, occupying a fine central position being well ventilated and in other respects perfectly salubrious.
The range of studies which engage the attention of the pupils extends over all the branches of Learning which are necessary to a useful, polite and finished education; from primary instruction to the more abstruse subjects which are specially the province of a collegiate course.—Discipline so necessary to quicken in the youthful mind a due perception of the duties incumbent on it in its future relation with society, is a conspicuous feature of the establishment, being at the same time severe and considerate. The solicitude of the Principal regarding the moral training of the youths committed to his charge, is, though strict, yet paternal.
The English language, daily becoming more and more evident, as of the greatest possible importance to all living in this community, is, in Boyer's Institution, attended to with more than ordinary care, the Professors engaged in this branch being gentlemen of undoubted attainments and long accustomed to Tuition.

BRANCHES OF TUITION:

The English, French, Spanish and Latin Languages; History, Geography, Mathematics, Elements of Natural Philosophy, Astronomy, &c. &c.

TERMS:

Boarders	$30 per month.
Half Boarders	15 "
Day Scholars	8 and 10 per month.

No deduction is made for absence. A month once commenced must be paid in full. Books, paper, &c. form separate charges. d10
