ORLEANS HIGH SCHOOL.
(*Lycée d'Orléans.*)
ESPLANADE STREET.
THE HIGH SCHOOL conducted by Professors EVERETT, WYNDHAM, and MERVOYER and conducted by them, receives Boarders, Half-Boarders, and Day Scholars.
The spacious and airy buildings occupied by the proprietors of the School, are situated in the most salubrious part of the city.
The price of Board, including washing and tuition in all the branches, is twenty dollars per month. The boarders receive maternal attentions from the Matron, who superintends the Boarding establishment.
Half Boarders and Day scholars are received on terms fully set forth in the Statutes.
The system of education embraces the grammar and literature of the English, French, Spanish, Latin and Greek languages, History, Rhetoric, Poetry, Mythology, Geography, the use of the Globes, Book-keeping, Arithmetic, Algebra, Geometry, plain and spherical Trigonometry, Surveying, Natural Philosophy, Moral Philosophy, etc., etc.

Lake Side Education.

DR. MACAULEY Principal of the POLYTECHNIC SCHOOL, 153 Canal street, respectfully announces to parents who may wish their sons to enjoy the benefit of change of air for a short time, and that most healthy of all gymnastics, BATHING with no intermission of scholastic pursuits, that he proposes removing, about the mid. 5th of June, to Lawsonce, a highly salubrious spot on the margin of the Lake, where his pupils will mingle varied recreation with study, and where the strictest attention will be paid to their health, comfort and literary improvement. As the intimate connexion of our mental and physical constitution renders the due refreshment of the latter, essential to the vigor of the former, the plan of removing for a short time to the country, cannot fail to meet the approbation of parents and guardians of youth; and Lawsonce is well known to be a remarkably healthy location. Fine water—the essential article—especially in the summer season, is supplied in abundance, from a pure and beautiful spring near the premises: and steamboats visit the place daily, performing the trip in the short space of two hours. Such, however, of Dr Macauley's pupils as do not accompany him across the Lake, may uninterruptedly prosecute their studies at the institution, Canal street, as it will be left during his brief absence in charge of Teachers who will ably and faithfully perform the duties to be entrusted to them.
The Polytechnic School is now INCORPORATED and the fact that the Legislature has granted the power to confer, after due examination, the degrees of Bachelor of Arts and Master of Arts, will doubtless be a motive to the pupils to emulation highly favorable to the acquisition of that sound learning which it is the object of this institution to impart.
N. B.—A careful superintendent will attend the Young Gentlemen when bathing.

DAY AND BOARDING SCHOOL
FOR YOUNG LADIES.
Founded in 1832 by Madame Lemee, and conducted since 1841 by Madame Desnavaux.
(Rampart street, corner of Bienville.)
THE course of instruction pursued in this establishment is both solid and varied, extending from the elements of reading and grammar to the study of literature and the elements of the sciences indispensable to a polished education.
The pupils are distributed into seven classes, suited to their different ages and capacities.
The French and English languages are cultivated with equal attention, and a good opportunity is afforded for their free and familiar use in conversation by the intercourse of Creoles with Americans.
Vocal and instrumental music is taught by ladies, exclusively attached to the establishment, and their constant presence is a guarantee of unremitting attention, both to lessons and practice.
The performance of religious duties, by the boarders, is duly attended to, a priest, authorized by the Bishop, attends the establishment twice a week, to instruct Catholic pupils and prepare them for their first communion.
From the 1st November, 1844, this institution will no longer receive young boys, and will be exclusively consecrated to young ladies.
Parents are informed that the house in Bienville street, contiguous to the Church edifice, has been added to the institution, for the better accommodation of boarders.
Examinations in music take place from November to April, on the 1st Saturday of each month. At the end of May, general examination and distribution of prizes.

G. BOYER'S
CLASSICAL AND COMMERCIAL INSTITUTION,
No. 148 CONTI STREET,
(between Dauphine and Burgundy streets.)
THIS Institution, the oldest scholastic establishment in New Orleans, is well known and highly distinguished for the success which has accompanied its exertions since its foundation, a considerable number of pupils who have quitted it to enter on the great scene of life, having already acquired some distinction in the various avocations to which they have devoted themselves.
Boyer's Institution is conducted in one of the largest Mansions in the city, occupying a fine central position, being well ventilated and in other respects perfectly salubrious.
The range of studies which engage the attention of the pupils extends over all the branches of Learning which are necessary to a useful, polite and finished education, from primary instruction to the more abstruse subjects which are generally the province of a collegiate course.—Discipline so necessary to quicken in the youthful mind a due perception of the duties incumbent on it in its future relation with society, is a conspicuous feature of the establishment, being at the same time severe, and considerate, whilst the solicitude of the Principal regarding the moral training of the youths committed to his charge, is, though strict, yet paternal.
The English language, daily becoming more and more evident, as of the greatest possible importance to all living in this community, is, in Boyer's Institution, attended to with more than ordinary care, the Professors engaged in this branch being gentlemen of undoubted attainments and long accustomed to Tuition.
BRANCHES OF TUITION:
The English, French, Spanish and Latin Languages, History, Geography, Mathematics, Elements of Natural Philosophy, Astronomy, &c. &c.
TERMS:
Boarders ... $30 per month.
Half Boarders ... 15 "
Day Scholars ... 8 and 10 per month.
No deductions made for absence. A month once commenced must be paid in full. Books, paper, &c. form separate charges. d10
