FOR THE CURE OF DYSPEPSIA OR INDIGESTION, BILIOUS AND NERVOUS HEADACHE, COSTIPATION, DIARRHEA, GOUT, RHEUMATISM, GRAVEL FLATULENCY, &c.

THIS PREPARATION is made from the best Turkey Rhubarb, and possesses all its valuable properties, combined with such aromatics as will be found materially to assist in its operation, and is thereby rendered an exceedingly useful medicine in a variety of affections where a cordial aperient is deemed requisite.

As a medicine, Rhubarb (the Turkey) has for a considerable period held a high place in the medical world, and has thus far proved itself eminently deserving its great reputation, through the valuable properties universally conceded to be peculiar to it, when procured in its pure state.

In cases of Dyspepsia or Indigestion, it is an invaluable remedy; and as a preventive of the various diseases arising from that very disagreeable complaint, holds a high place in the estimation of the medical profession.

In cases where griping pains affect the stomach and bowels, this preparation is strongly recommended, whilst it also will be found a good carminative in relieving Flatulency. To persons afflicted with Gout, (and it has enjoyed high praise from those who have already experienced its good qualities,) it is confidently offered, as it can at all times be taken when a cooling purgative would otherwise be attended with danger.

This preparation cannot be too strongly recommended to the many thousands now suffering from Dyspepsia or Indigestion, and its consequences, Bilious and Nervous Headache, Diarrhea, Constipation, Gout Rheumatism, Flatulency, Gravel, &c., as the utmost reliance can be placed on it, both as to its innocent nature and highly curative qualities.

Prepared and sold wholesale and retail, by JAMES TARRANT, Druggist, &c, corner of Greenwich and Warren sts, New York.

ALSO, by SICKLES & Co, Wholesale Druggists and Apothecaries, No. 40 Canal and 34 Magazine sts., Agents for the Proprietor.

jy11

SANCTIONED AND PATRONIZED BY THE MOST EMINENT OF THE MEDICAL PROFESSION.

"By merely pouring water on a tea-spoonful of this Aperient, a cooling and grateful effervescing beverage is obtained, resembling Soda Water to the taste, and imparting to the constitution all the benefits of the celebrated Seltzer Waters of Germany."

TARRANT'S EFFERVESCENT

SELTZER APERIENT.

"Of all prescriptions made up with a view to alterative effect, none can be compared with Mineral Waters."—John Bell, M. D., F. P., &c.

"These waters revive the languishing circulation, give a new direction to the vital energies—re-establish the perspiratory action of the skin bring back to their physiological type the vitiated or suppressed secretions, provoke salutary evacuation, either by urine or stool, or by transpiration; they bring about in the animal economy an intimate transmutation—a profound change."—Patissier.

MEDICAL MEN of eminence commend in the highest terms the preparation known as "Tarrant's Effervescent Seltzer Aperient." Could the numerous flattering testimonials which its successful and valuable medicinal powers have elicited from the most distinguished Physicians be here submitted for inspection or would the columns of a newspaper permit their insertion, proofs of its efficacy Undeniable and Unimpeachable would be exhibited, to satisfy the incredulous and dispel the doubt of even the most sceptical, and it would stand forth to the world triumphant success, (as is truth is) the most agreeable, refreshing and effectual medicine ever offered for the cure of those diseases which are engendered under the heat of a Tropical Sun. In the practice of Physicians, this Aperient has entirely superced the Seidlitz Powders on account of its superior medicinal properties—its mild though sure effect upon the system—its agreeable flavor and the certainty of its positive preservation from dampness. The ease and quickness with which the Seltzer Aperient may be prepared—its delightful effervescence and gentle action upon the bowels are qualities which likewise claim for it a superiority and must without fail, enlist in its favor the friendship and patronage of all who have ever tested the beneficial operation of this deservedly celebrated Aperient. The unanimity with which medical men join in its praise, is a sure guarantee that it is deserving of the character they have given it in the numerous testimonials received by the proprietor.

Its success in Bilious Affections, Dyspepsia or Indigestion, Heartburn, Febrile Disorders, Gout, Acidity of the Stomach, &c, and all the various complaints caused by the sudden changes of temperature, so usual in warm latitudes has been so great, that it has been highly recommended, and has in consequence been generally prescribed, and the most satisfactory results have invariably followed. In a torpid state of the Liver, its action upon the system has been so beneficial that its energies have been revived and its healthy tone restored.

Planters and residents at a distance from medical advice, would find the Seltzer Aperient an useful and in fact an indispensable addition to their medicine chest, and would obtain by its introduction into their families, a remedy possessing high medicinal properties and which would in the various ailments to which their climate exerts a salutary influence upon the system debilitated by the excessive heat, and restore the languishing circulation to an active and healthy condition. Its virtues have been found wholly unimpaired even on shipboard, nor have they been lessened in any climate in which it has been used. This is a valuable property and deserves the careful notice and attention of travellers and others.

In the Seltzer Aperient, such improvements have been made as are calculated to increase its efficiency by impregnating it in greater quantities of those ingredients, which impregnate the original spring, and which are esteemed the most valuable, and the rejection of those which have been found unnecessary or injurious in their tendency; hereby in the opinion of intelligent Physicians rendering this preparation superior or more health restoring than the natural waters.

Creole Table Mustard.
PREPARED BY LARROQUE.

THIS Mustard is, both to taste and odor, of the most pleasant kind, and has over all other preparations of the sort an indisputable superiority. In the first place, it is in no way heating, which is a very just defect of common table mustard. 2d—It stimulates the appetite. 3:—This preparation does not contain any ingredients capable of neutralizing constituent parts of the mustard seed, (Sinapis Nigra) which most of the manufacturers are ignorant of, and do not scruple to add to their preparations very strong acids and the most alkaline salts. Some even go so far as to make use of mustard of which the most essential oily substance is extracted and make up for the deficiency with other condiments, and give to those worthless powders an artificial tart by adding to it carbonate of ammoniac and strongly spiced substances. You can detect the same so injurious to health, by the long continued heat it leaves in the throat and palate, whilst the tart of the genuine article is almost as soon destroyed as felt.

BATHS! BATHS!
FIRST MUNICIPALITY FERRY BATHS.

THE subscriber informs the public that having leased this establishment for one season, the same will be opened on Sunday, May 4th, 1845, on the other side of the river, within a few yards of the landing of the First Municipality Ferry, the accommodations offered to the bathing community are such as cannot be equalled by any similar establishment in the city.

This establishment will be open for the pupils of the Public schools, gratis, on Mondays Wednesdays and Saturdays from 9 o'clock, A. M., until 1 M.

The Ferry boat will run from daylight until 9 o'clock at night, and as long after as there are bathers, making a trip every ten minutes during the day.

EDUCATION.

Louisiana Writing Academy.
Modern System of Penmanship Taught in 16 Lessons.

OF all the arts beneficial to mankind, and especially such as are most useful to society, there can scarcely be found one comparable with Penmanship.

In the present state of the community it has become quite a necessity, not only subserving public advantage, but it is one that may be justly deemed perfectly essential to every individual, in whatever position his lot may be cast, and besides a complacent qualification, a course of polite education. The experience of years having irrefragably proved that an easy, elegant and rapid style of Writing can be acquired by any person of ordinary intellect, in a very limited number of lessons and the common defects of the old obsolete methods dispelled by the new systems lately revealed.

The undersigned, Professor of Penmanship, Author of the "Louisiana Penman, or Analytical and Comprehensive Guide to the Art of Universal Penmanship," a complete, abridged, and American standard system of writing with accuracy, facility, ease and elegance, respectfully calls the attention of the public, and of the directors of academies and schools of the city, to his prospectus, and very respectfully tenders to them his professional services.

Ladies and gentlemen desirous of testing the efficiency of his system, and anxious to reform their handwriting, are assured that a course of 16 Lessons will prove to them its superiority to all others, and effectually realize their most sanguine hopes. The undersigned, aware of the excellence of his method of teaching this art, unhesitatingly and fearlessly pledges himself, and engages, to change, in a regular course of 16 lessons, the stiffest, most cramped, deformed, irregular and illegible scrawl, into a style at once bold, free, easy and elegant.

His course comprehends Running-hand, French and Italian styles, large Text Words, & and Text, Round Hand, and all the varieties of useful and ornamental writing, (combining simplicity and elegance) after the most modern and approved forms used in commercial and other pursuits.

A complete course of Commercial Penmanship	$10 00
Ornamental Penmanship	10 00

Stationary included. Payable in advance.

The pupil being at liberty to continue the course without any extra charge till he be fully competent in the art.

Writings and Heads on Albums and fancy books executed with the utmost care and art. The undersigned executes on Cambric Handkerchiefs and other articles of fine linen the marks or names of persons, beautifully adorned with fancy designs.

Documents in the French, English and Spanish languages translated and copied with the greatest precision, neatness and despatch.

Ladies attended at their own domicils.

A word left at the office of A Chiapella, Esq, No 1 Exchange alley, will be attended to, or at the residence of the undersigned, corner of Marais and Main streets, 3d Municipality.

G. BOYER'S
CLASSICAL AND COMMERCIAL INSTITUTION,
No. 146 Goary street,
(between Dauphine and Burgundy streets.)

THIS Institution, the oldest scholastic establishment in New Orleans, is well known and highly distinguished for the success which has accompanied it ever since its foundation; a considerable number of pupils who have quitted it to enter on the great scene of life, having already acquired some distinction in the various avocations to which they have devoted themselves.

Boyer's Institution is conducted in one of the largest Mansions in the city, occupying a fine central position, being well ventilated and in other respects perfectly salubrious.

The range of studies which engage the attention of the pupils extends over all the branches of Learning which are necessary to a useful, polite and finished education, from primary instruction to the more abstract subjects which are especially the province of a collegiate course. Discipline so necessary to succeed in the youthful mind a due perception of the duties incumbent on it in the future relation with society, is a conspicuous feature of the establishment, being at the same time severe and considerate, whilst the solicitude of the Principal regarding the moral training of the youths committed to his charge, is, though strict, yet paternal.

The English language, daily becoming more and more evident, as of the greatest possible importance to all living in this community, is, in Boyer's Institution, [illegible] with more than ordinary care, [illegible] engaged in this branch being gentlemen [illegible] attainments and long accustomed to Tuition.

BRANCHES OF TUITION:

The English, French, Spanish and Latin Languages; History, Geography, Mathematics, Elements of Natural Philosophy, Astronomy, &c. &c.

TERMS:

Boarders	$30 per month.
Half Boarders	18 "
Day Scholars	9 and 10 per month.

No deduction is made for absence. A month once commenced must be paid in full. Books, paper, &c. form separate charges. d10
