FOR PRESIDENT OF THE UNITED STATES,
HENRY CLAY.
WHIG CANDIDATE
FOR RECORDER OF FIRST MUNICIPALITY,
GUSTAVE CRUZAT.

NEW-ORLEANS:
THURSDAY MORNING, SEPTEMBER 21, 1843.

TO OUR COUNTRY SUBSCRIBERS.

We have lately heard so many complaints of the terms of our country publication, and so many objections have been made to the mode hitherto pursued of publishing a tri-weekly journal, that we have determined to effect a change in this department of our paper, which, we trust, will give general satisfaction.

We intend hereafter publishing a WEEKLY edition of the BEE, which will contain all the matter presented in the columns of the daily city paper. This improvement will enable us to furnish our country subscribers with a weekly sheet, printed at their option, exclusively in French or English, at the price of $5 per annum, payable in advance.

Those of our country subscribers who are desirous of renewing their subscription, in conformity with the plan above stated, can be at once accommodated by informing us whether they prefer the English or French weekly paper, which will be regularly forwarded at the expiration of the term of their present subscription, on remitting the sum of Five Dollars.

To those who fail to make known to us their wishes, we shall continue as heretofore, to send our daily paper.

The publication of the WEEKLY BEE will commence on the 1st November next.

CLAY CLUB ROOM.

Christian Roselius, Esq., President of the Clay Club, has this day called at our room, and expressed to the Secretary of the Executive Committee, a desire that a general meeting should be held to-morrow night, 21st inst, for business of importance to be submitted to the Club, and connected with the coming election of a Recorder.

New Orleans, September 20, 1843.

In the absence of the Chairman and the other members of the Executive Committee.

JAS. CHAS. GUENET, Secretary of Executive Committee.

MUNICIPALITY NO. THREE.

The Democratic Whigs of said Municipality are hereby notified that a meeting will take place on Friday evening next, the 22d September, at 7 o'clock, in the large room over the Liberty and Union Coffee-houses, situated at the corner of Marigny and Levee streets. As the principal object of said meeting is to elect the officers of the Democratic Whig Association, not provided by their Constitution, it is expected that our whig friends will be punctual in their attendance.

JOHN CULBERTSON, President pro. tem.

The Executive Committee of the Democratic Whig Association of Municipality No. 1, having selected for the association the spacious room in Blanco's house, Conde street, between Dauphine and St. Philip streets, respectfully announces to all Democratic Whigs of Municipality No. 1, that the room above designated is now open, and will remain open until after the Presidential Campaign of November, 1844, every week day from 6 to 9 o'clock, P. M., and on Sundays, from 11 A. M. to 1 P. M.

All Democratic Whigs of Municipality No. 1, who wish to belong to the association and assist in securing the success of the party, are invited to attend as above.

WEDNESDAY, 19th Sept., 1843.
ALEXR. PHILLIPS, President.
J. A. QUEMPER, Secretary.
Executive Committee.

CLAY CLUB.

The Warden of New-Orleans will preserve no reference to the call at the head of our columns, that a meeting of the Club will be held this evening on business of importance, connected with the coming election of Recorder for the First Municipality. The Whigs, one and all, are invited to attend.

At a meeting of the Democratic Whig Association of Municipality No. one, held last evening, at the Room of the Association, Blanco's House, Conde street, the following gentlemen were unanimously elected to serve as officers for the ensuing six months:

FREDERICK BUISSON, President.
Glendy Burke, Vice President.
Lucien Burbank, } Secretaries.
John David, }

A true copy.
Alex'r Phillips, President, } Executive Committee.
J. A. Quemper, Secretary, }

CANDIDATE FOR RECORDER.

Are the Whigs of the First Municipality fully aware that in 48 hours from the time when they read this article, the polls will be open for the reception of their votes? Are they preparing earnestly, vigorously and resolutely for the contest? We hope so, for by such demonstrations of activity and zeal, can they alone hope to avert from their adversaries the political ascendancy of this section of our city. The Whigs have no ordinary labor to achieve on Saturday next. The enemy flushed with the triumphs of July, are confident of their strength, and bragging in advance of an easy victory. Such vaunts, however, though characteristic of boisterousness, never deter the partizans of that cause from exerting themselves to their utmost, to make their vaunting good. Our Whig friends may rely upon seeing the entire, concentrated locofoco phalanx displayed at the polls on the day of the election. Their emissaries are even now constantly abroad; all the machinery of party tactics is brought to bear upon the result, while their champion, known as one of the most indefatigable and indomitable of the working men of their party, aided and abetted by numbers of enthusiastic friends, mingles with the voters and labors personally for his success. All this proves the determined spirit which has infused itself in the locofoco ranks. It must and will be met with a corresponding spirit on the part of the Whigs.

We believe that by proper exertion we shall achieve a signal triumph on Saturday. The large majority obtained by Mr. McDowell in July, is no criterion of our strength in the First Municipality. Mr. S. is a well known, redeemed Whig votes. Some of them we could ourselves point to. But the case is now altered. Mr. Cruzat is a highly popular candidate and very estimable man, fully competent for the duties of the station he temporarily fills. His nomination was unanimously ratified by the Whig party, and there is no question that he will receive the Whig vote. All that is necessary, will be to unite him the full whig vote. Let us take proper steps to secure the reception in the ballot box of every qualified Whig voter, and the First Municipality will place Mr. Cruzat in a minority, precisely as it did last March when that gentleman ran for Mayor against William Freret.

FROM HAVANA.

By the arrival of the brig *Apalachicola* we have been put in possession of our files of Havana papers, which contain intelligence from Spain to the 9th ult., one or two days later than the date of our last advices. It was brought by the Bergantine entire *Teeside*, which arrived at Havana on the 5th, in 27 days from Cadiz.

We have looked over our papers with some care, but find little that is worth transcribing. They are filled with Royal decrees, ordinances and the like.

Dr. Francisco Javier Castanos, Duke of Bailen, has been appointed tutor to the Royal pupils, in place of Dr. Augustin Argoelles, resigned. A vast number of other appointments is mentioned, among which the most important are the following:—Joaquim Francisco Pacheco, Treasurer of the Supreme Tribunal of Justice; Ramon Gurelpo, President *ad interim*; Manuel Cortina, Inspector-General of the National Militia; Juan Bautista Alonzo, Secretary of the Interior.—These appointments, together with an immense number of others, are subject to the action of the Cortes which has been convoked.

CHARITY HOSPITAL.

Report for the twenty-four hours end ing at 6 o'clock last evening.

Yellow Fever patients remaining in Hospital,	71

The remains of Curito Bach were interred yesterday within the interior of the Cathedral, with the usual imposing ceremonies of the Catholic church. A very large concourse of people accompanied the funeral cortège in its progress through the streets, and suspended the service which preceded the burial. The Cathedral was completely thronged during the ceremony.

Col. Andrew Hays, a distinguished lad of Mississippi, died at Jackson on the 12th inst, after a severe illness of a few days. Col. H. has filled several offices of distinction in Mississippi.

Mr. N. Nicollet, an early pioneer in the city, and astronomer, died at Washington on the 11th instant, after a lingering illness.

The Bayou.—The Bayou at Choctaw Cross is of the 6th, states that the river is 2 feet higher at that place than ordinary clear of logs.

The town of Nachitoches has been unusually healthy during the summer season.

Resignation of the Collector.—We heard on Tuesday evening that Thomas Gibbs Hudson, Esq., the worthy collector of the port of Orleans, had resigned his office, but refrained from giving publicity to the rumor, as we were unable to ascertain its correctness. Our friends of the *Tropic* have, however, announced the fact as positively, that we presume there could be no doubt of its truth. The *Tropic* adds the following, in which we heartily concur:

"Mr. Hudson has been, in times past, notable, staunch and unflinching whig. We have good reason for believing that he will again take his place in the whig ranks, and do good service in the approaching contest. We cannot, in doing so, regret a degree the prosperity of the country."

Vermont.—From all that we can gather in the various returns published by the Boston and New York papers, it appears that Mr. Mattocks, (whig) is elected Governor, by a large majority, over Kellogg, (locofoco) may from 2,000 to 3,000 votes, and by a small majority over Independent, abolitionist and the scattering vote. The Legislature will exhibit very heavy whig majors in both branches.

With regard to members of Congress in the First District, Solomon Foote, (whig) is elected; in the Second, Jacob Collamer, (whig) in the Third, Geo. P. Marsh, (whig) are likewise chosen. In the Fourth District there is probably no choice. The Congressional delegation from Vermont will, at the worst, stand three whigs to one locofoco—a highly satisfactory result.

Maine.—In a day or two we may expect returns from Maine, where an election for six members of Congress, Governor and Legislature, was held on the 11th inst. The whigs expect nothing from Maine, and we do not lay to be disappointed. The State has been so fearfully cut up for members of Congress, that if the whigs get one out of the six, they will have exactly what locofocism intended to concede to them.

Hetzin in Mobile.—The Board of Health have reported two more cases of yellow fever.

☞ The steamboat *Robt. L. Stevens*, a packet plying between New York and Long Island Sound, struck a reef on the 9th inst., and immediately filled. It is supposed she will be a total loss.

Death by Lightning.—During a squall in Charleston on the 12th, a boat in Wapoo cut, containing two negroes, was struck by lightning. One of the negroes was killed, the other was stunned for some time, but shortly after recovered.

☞ That Senator Niles is insane, notwithstanding the denials of certain newspapers, is now vouched for by a correspondent of the Commercial Advertiser, on his personal knowledge. Dr. Brigham is confident, the same authority has it, of curing his patient.

☞ The Charleston *Mercury* of the 13th, says:—"We are in the midst of a Northeaster, which drove up at three o'clock on Tuesday—suddenly eclipsing the bright sunshine, and "as a man had time to say benedicite" substituting a black a specimen of daylight as ever visible, which lodged in the Bachelor's Creek, and, not leg of Mr. T., swimming him very severely. The heavy since been confined to the room by the injury.

Passed Dead.—A servant girl, about 18 years of age, belonging to Henry Sperry, Esq., cashier of the Merchants' Bank, was so dreadfully burnt last night by her clothes taking fire, that she died this morning, at 3 o'clock. It is not known how the fire first caught, but supposed to be from a fire before which she had been sitting, and probably gone to sleep, or from a candle. The girl unfortunately had no friends in this city. She was found in the backyard of Mr. Sprogle's dwelling, in Fourth street, whither she had proceeded with her clothes in a blaze, premature and fatal.—Dr. Wright was immediately called in, but the burning proved so extensive and painful as to exceedingly to be, both, all medical skill.—*Baltimore Patriot.*
