MASONIC COLLEGE,

Established by, and under the patronage of the Grand Lodge of Kentucky.

THIS flourishing Institution, Possessing full Collegiate powers, offers peculiar inducements to Southern parents and guardians. Its location is at one of the most beautiful points in Kentucky—*La Grange*, the County Seat of Oldham Co.—25 miles from Louisville, 18 from Shelbyville, 30 from Frankfort, and 8 from Westport, on the Ohio river. The community in which the students minister is highly moral, intelligent, and refined; the town containing about 300 inhabitants, free from vicious associations, or contaminating influence. The *Course of Study* is full, embracing Mathematics, ancient and modern Languages, Natural and Moral Science. The *Faculty* consists of the President, who is also Professor of Mental and Moral science, a Professor of mathematics, one of Languages, and a Teacher of the Preparatory Department. The high reputation so deservedly enjoyed by the President, and the zeal and ability heretofore exhibited by the other members of the Faculty, who are graduates of the best Colleges in the land, afford a sure guaranty of their future success.— The *terms of tuition* are extremely low, viz:
In the *Preparatory Department*, per year $12.
In the *College Proper* per year 20.
Boarding, washing, &c. per week, 1 50 to 1 75.
Scholarship may be had on the following terms:—$50 for 5 years tuition—$100 for 10 years—$300 for a perpetual scholarship—in each case, the amount to be paid in advance. On this plan, the whole expense for tuition, boarding, lodgings, washing, fuel, and lights will not exceed $76, per pupil per scholastic year of ten months.

ORLEANS HIGH SCHOOL.
(Lycee d'Orleans.)

THE Directors of the Institution, Messrs EVERETT, WYNDHAM and MERVOYER, having unswervingly acted up to their original plan, as laid down in the Statutes, have succeeded in giving the High School a rank among the best educational establishments in the South.

The seat of the Institution is in a part of the city ever noted for its salubrity. The buildings and premises are admirably adapted to the purposes of a large School.

The system of Education embraces the Grammar and the Literature of the Greek, Latin, French and Spanish Languages, Rhetoric, Poetry and Mythology, History, Geography, the use of the Globes, Book-keeping, Arithmetic, Algebra, Geometry, Plane and Spherical Trigonometry, Surveying, Natural Philosophy, Moral Philosophy, &c.

The various branches of knowledge are taught by the Directors, Messrs EVERETT, WYNDHAM and MERVOYER, and by Assistant Instructors, selected for their eminent skill in the business of Teaching.

The Directors also employ two gentlemen, who enforce correctness of Deportment whenever the pupils are not in a recitation room under the eye of an Instructor.

The Institution receives Boarders, Half-Boarders, and Day Scholars. The price of Board, (washing included,) and Tuition in all or any of the branches is twenty dollars per month. The price of Half-Board is $15 per month.— The price paid by Day-Scholars is six, nine, or twelve dollars, according to the knowledge previously acquired.

No interference whatsoever in the internal discipline of the School will be suffered.

The STATUTES, containing all information respecting the School, may be had in the English or in the French language at the principal Book-stores in the City. f19

REMOVAL.
DAY & BOARDING SCHOOL FOR YOUNG LADIES,
Conducted by Madame Granet.

MADAME GRANET has the honor to inform the Parents of her Pupils and the public that her institution will be removed on the 15th of November next, from No 20 Bourbon street to No 86 Customhouse street, between Royal and Bourbon streets.

This new residence is better adapted for an institution for Young Ladies than the one she is leaving. The apartments are spacious and airy, and well suited for dormitories, class rooms, &c.

The yard for recreation is also large and entirely enclosed from all exterior communication.

MADAME GRANET is seconded in her arduous duties by her ELDEST DAUGHTER, and the pupils receive the same parental care, attention and vigilance as her own family.

The branches of instruction are the ENGLISH and FRENCH LANGUAGES, WRITING, ARITHMETIC, GEOGRAPHY, MYTHOLOGY, ASTRONOMY, LITERATURE, DRAWING, &c., and are taught by Messrs. TELHIARD, NORES and LORD.

Particular attention is paid to MUSIC and SINGING. The Harp and Piano are taught by MADAME ELIZA GRANET, and singing by Mr. BROCARD.

Dancing by Mr. DEVOTI. o31—1y—law

Galvanic Rings and Magnetic Fluid.

THIS remarkable discovery which has attracted so much attention in Europe and recently in the Northern States, is now introduced for the first time to the citizens of New Orleans. It comprises an entirely safe and simple application of the Mysterious Power of Galvanism as a remedial agent. The GALVANIC RINGS in connection with the MAGNETIC FLUID have been used with the most perfect success in all cases of RHEUMATISM, acute or chronic, applying to the head, face or limbs; *Gout, Tic-Doloreux, Toothache, Bronchitis, Vertigo, Nervous or Sick Headache, Indigestion, Paralysis, Palsy, Epilepsy, Fits, Cramp, Palpitation of the Heart, Apoplexy, Stiffness of Joints, Spinal Complaints, Lumbago, Neuralgia, Nervous Tremors, Dizziness of the Head, Pains in the Chest and Side, General Debility, Deficiency of Nervous and Physical Energy, and all Nervous Disorders.* In cases of Dyspepsia which is simply a nervous derangement of the digestive organs, they have been found equally successful. The RINGS are of different prices, being made of all sizes, and of various ornamental patterns, and can be worn by the most delicate female without the slightest inconvenience.

The Galvanic Belts, Bands, Bracelets,

Are modifications of the invention, and are recommended in more chronic cases of disease, where the Rings do not possess sufficient intensity or power. They are adapted to the waist, arms, wrists, ancles, chest, or any part of the body with perfect ease. Any Galvanic power that is required may thus be obtained, and no complaint which the mysterious agent of Galvanism can effect, will fail to permanently relieved.

Christie's Magnetic Fluid.

Is used in connection with the Rings and their modifications. This composition has been pronounced by the French Chemists to be one of the most valuable discoveries of modern science. It is believed to possess the remarkable power of *rendering the nerves sensitive to Galvanic action*, by this means causing a concentration of the influence at the seat of disease, and thus giving rapid and permanent relief.

Christie's Galvanic Strengthening Plaster.

This article forms an important addition to the Galvanic Rings, acting upon the same principle, but having the advantage of more local application. *As an effectual means for Strengthening the system when debilitated by disease or other causes; as a certain aid in constitutional weakness; as a preventive for colds, and in all affections of the chest generally*, the GALVANIC STRENGTHENING PLASTER will be found of great and permanent advantage.

☞ Numerous certificates and testimonials from many distinguished physicians and others of the North have been received by the Proprietor. These are all from persons of the highest respectability and may be seen on application to the Agent.

The public are respectfully warned against SPURIOUS IMITATIONS of these articles. Dr. CHRISTIE has but ONE authorized Agent in each city of the Union, GUION & Co., corner of St. Charles and Canal streets, are the sole Agents for New Orleans, of whom alone the genuine articles can be obtained. n1—1m

TARRANT'S EFFERVESCENT SELTZER APERIENT.—The unrivalled reputation which this agreeable preparation enjoys, sanctioned by the most distinguished of the medical faculty, is the surest guarantee of its efficacy, and is conclusive evidence that it will prove one of the most deserving medicines ever introduced, and eminently worthy the patronage of our citizens.

This preparation possesses all the active medicinal properties of the famed "Seltzer Spring" of Germany, with such additions and improvements, greatly increasing its beneficial effects—retains all the sparkling effervescence of a glass of soda water—exerts over the system a healthy action, and thus invariably proves its great efficacy and success. A teaspoon full of this Aperient, in a tumbler of water, before breakfast, will generally be found sufficient in all cases of pains in the head, excess of bile and acidity of the stomach. Taken in this manner it never interferes with the avocations of the day, and invariably creates an elasticity of mind and flow of spirits which gives a zest to every enjoyment. In dyspepsia or indigestion, irritability of the stomach or occasional flatulency, a speedy removal of the unpleasant symptoms being requisite, the use of this preparation, in a sufficient quantity, is recommended, to induce a full evacuation of the bowels, thereby affording immediate relief; the unpleasant feeling is removed, the irritability of the stomach soothed, whilst the appetite again resumes its former healthy state.

The energies of that important organ, the liver, may be effectually restored when in a torpid state, or when there is not a due secretion of bile, by the use, for a short period, of a tea spoonful of this Aperient, taken in the morning on rising.

All febrile symptoms will be allayed by taking a tea spoonful occasionally during the day, and being peculiarly grateful to the stomach, forms a delightful effervescent draught.

Captains of vessels would find this preparation a very desirable medicine for family use at home or when travelling. Its agreeable flavor, its life, its medicinal virtues and portability, neatness of preparation and simplicity in using, renders it far superior to any other ever offered to the public.

TESTIMONIALS.
FROM M. PRICE MOORE, M. D.

"I have used your Effervescent Seltzer Aperient in several cases, with very happy results. As a mild Aperient, it has advantage over all other Aperients, particularly in cases of great debility where it is important to save the strength of the patient. It can be made a pleasant drink, and given in such doses as to obtain the object in view. As a family medicine, I think very highly of it; and as such, can be freely used during the summer months."
(Signed) M PRICE MOORE, M. D.
To Mr James Tarrant, No 60 Hudson st.
New York, Nov 18, 1844.

FROM JAMES TRUDEAU, M. D.

"I have often prescribed your Effervescent Seltzer Aperient in this city, and have always been pleased with its operation. It is, in my opinion, a pleasant, safe and mild laxative, calculated to please the most fastidious. To persons residing in warm climates, where a congested state of the liver is a frequent cause of disease, it is a most valuable medicine."

SANDS' SARSAPARILLA

FOR THE REMOVAL AND PERMANENT CURE OF DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM, viz:

Scrofula, or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples, or Pustules on the Face, Blotches, Biles, Cronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Sciatica, or Lumbago, and Diseases arising from an injudicious use of Mercury, Ascites, or Dropsy, Exposure or Imprudence in Life. Also, Chronic Constitutional Disorders will be removed by this Preparation.

This medicine has in many thousand instances brought health and returning vigor to the weak and languid frame. Its operation extends itself to the remotest transactions of the general system, and consists in removing diseased action in the absorbing and secreting vessels.

The blood contains the elements of the whole animal structure—flesh and fibre, glands, muscles, tendons, the nails, the hair, and even the bones themselves, are all sustained by the blood. Well, then, may it be called the stream of life. In proportion to the purity of fluid will be that of the substance into which it is continually changing. Corrupt blood instead of producing healthy flesh, is likely enough to develop sores and ulcers. When these appear, whether in the specific form of scrofula, in all its multiform and disgusting shapes, or eruptions in all their disfiguring variety, rheumatism, billious disorders, general relaxation and debility, and a host of complaints arising from disordered secretions, there is no detergent, it is believed, that will so rapidly neutralize the virus in the blood from which they spring and effect a radical cure, as this preparation.

The following is an extract from a letter just received from Mrs. Bevan, who had been afflicted for several years with Scrofulous Ulcers, Dyspepsia, &c. and recently with an affection of the Throat and Chest:

BAILEYSBURG, Va. Dec. 10th, 1845.

Messrs A. B. & D. Sands—Before I commenced using your Sarsaparilla my sufferings were almost past expression, my throat was completely ulcerated, I had a dreadful cough, and there were frequently weeks together that I could not speak above a whisper; and besides the inflammation from my throat extended into my head, so that my hearing was very much impaired. After taking the Sarsaparilla a short time my health improved and my throat is now well, I am as free from cough and tightness of the chest as I ever was, and can hear quite distinctly. My throat has been well about three months, the cure of which has been effected entirely by the use of your Sarsaparilla.
Your friend,
LOUISA R BEVAN.

WINSTED, Conn, Aug. 5, 1845.

A. B. & D. Sands—Gentlemen: About six weeks since I commenced taking your Sarsaparilla, and was then suffering from Scrofula in its most virulent form. I had nine running ulcers, and had lost the use of one arm, and the disease caused such intense pain in the head, that three physicians told me I could not live—that there was no help for me.

I informed them there was one medicine would help me, and that was Sands' Sarsaparilla. My physician seeing my confidence was so great, sent you a certificate, and I commenced taking the Sarsaparilla. Its use produced immediate relief; my head is now well, and my arm, which had been useless, I can now sew with, and my health is rapidly improving. Many people hearing of my case, have come some six and nine miles to see me; and some have taken the Sarsaparilla after witnessing its wonderful operation on me. One lady told me last week, it was doing great things for her; and there are three or four in this place that are taking it, and our merchants find a very ready sale for Sands' Sarsaparilla.
Yours, most respectfully.
CORDELIA CADY.

For further particulars and conclusive evidence of the superior value and efficacy, see pamphlets, which may be obtained of agents gratis.

☞ The public are respectfully requested to remember that it is Sands' Sarsaparilla that has and is constantly achieving such remarkable cures of the most difficult classes of diseases to which the human frame is subject; therefore ask for Sands' Sarsaparilla, and take no other.

MESSRS. P. BLANCARD and ACHILLE LION, Surgeon Dentists of the Faculty of Paris and New Orleans, have the honor to inform their clients, that since the 1st of June, they have united their offices at No. 44 Royal street, between Bienville and Customhouse (residence of Dr. Lion.)

The engagements they are under towards various institutions and the Convent of this city, to which they are attached, compel them to absent themselves many days in the course of the month. They have, therefore, deemed it expedient to form a Copartnership, as well on their own accounts as on account of their numerous Clients, in order that one of the two may be always in town, ready to receive all persons who may honor them with their confidence. The superiority of their work, and the care and promptitude exhibited by them, induce them to hope for a continuance of the patronage of the public. j8

SHEET LEAD AND IMPROVED PATENT LEAD PIPE.—The subscriber continues to manufacture his improved Leaden Pipe, and solicits the attention of Planters and others to the same. This pipe affords great facility for the conveyance of water from long distances either from springs or by pumps from streams, and merits the notice of residents on the Coast for the supply of their establishments. It can be made of any size, from one fourth to four inches calibre, as may be desired, and affords, probably, the cheapest medium for the purpose.

Orders for the above will be filled at short notice by application to the manufacturer.

G. BOYER'S
CLASSICAL AND COMMERCIAL INSTITUTION
No. 148 Canal Street,
between Dauphine and Burgundy streets.

THIS Institution, the oldest scholastic establishment in New Orleans, is well known and highly distinguished for the success which has accompanied it ever since its institution, in a considerable number of pupils who have qualified to enter on the great scene of life, having speedily acquired success in the various avocations to which they devoted themselves.

Boyer's Institution is conducted in one of the largest [illegible] in the city, occupying a fine central position, being well ventilated and in other respects perfectly salubrious.

The principal studies which engage the attention of the pupils, exterior to all the branches of Learning which are necessary to a useful, polite and finished education, from primary instruction to the more abstruse subjects which are specially the province of a collegiate course. Discipline so arranged as to quicken in the youthful mind a due perception of the duties incumbent on it in all its future relations with society, is a conspicuous feature of the establishment, being at the same time severe and considerate, whilst the solicitude of the Principal regarding the moral training of the youths committed to his charge, is, though strict, yet paternal.

The English language, daily becoming more and more evident, as of the greatest possible importance to all living in this community, is, in Boyer's Institution, attended to with more than ordinary care. The Professors engaged in this branch being gentlemen of undoubted attainments and long accustomed to tuition.

BRANCHES OF TUITION.

Corner of Royal and Hospital streets, New Orleans.

PARENTS and Guardians are respectfully informed that the classes are now fully organized in the new building at the corner of Royal and Hospital streets. It is hoped, with some confidence, that the commodious and extensive arrangements for the better accommodation of the pupils, will meet with the approbation of the patrons of the Institution, and of others who may have youths under their charge.

The great object to be attained in school education is the acquiring of habits of untiring industry and indomitable perseverance, the course of exercises, through which a young man must pass in order to reach this goal, if judiciously directed, leaving him of necessity in possession of every other desired attainment.
