Resolved, That the Treasurer be and is hereby authorised to pay to Mr Stephen Taylor the sum of one thousand dollars, in specie funds, on account of his claim of sixteen hundred and three dollars and thirteen cents, and that the balance, being seven hundred and three dollars and thirteen cents, be held in readiness for the month of January next, which is the time allowed by Mr Taylor to this municipality to pay said balance.

(Signed,) L. DUVIGNAUD,
WM. DE BAYS.

Call of Committees.

The committee of the Surveyor's Department to whom had been referred the letter of the Surveyor dated 20th instant, in relation to the choice to be made of one of the two bells cast by Mr. Faurie, and also of the repairs to be made to the Engine-House of Engine No 9, beg leave to report: 1st. That they have carefully examined the two bells cast by Mr. Faurie, and being of opinion that it is necessary for this part of the Municipality to have a much larger bell than the one ordered by the resolution of the 16th December last; they have chosen the bell weighing 400 lbs, at the rate of 45 cts lbs per pound, payable in specie funds, and whereas the Municipality has sold and delivered to Mr. Faurie, 554 lbs of Old copper, at the rate of 16c per pound, which reduce the amount to be paid to $96 90, your committee beg leave to offer the following resolution:

Resolved, That the Surveyor is hereby authorised to receive from Mr. Faurie, the bell weighing 400 lbs. chosen by the commissioner of the Surveyor Department, and to have it placed as soon as possible on the Freestate House.

Resolved, That as soon as the said bell shall be delivered to the Municipality, the Treasurer is authorised to pay to Mr. Faurie on the warrant of the Mayor the sum of 96 90c in specie funds, being the balance due him, according to the transactions above mentioned.

The committee have also examined the Engine House of Engine No. 9, and have found it in such a deplorable situation, that the sum is necessary to make the repairs asked by said company, and whereas it is the interest of this Municipality to secure the service of that company, which is beyond a doubt one of the most active and best organized of our city,—Your Committee beg leave to recommend the adoption of the following resolution:

Resolved, That the Mayor is authorised and requested, after having given ten days advertisement in the official Gazette of this Municipality, to sell to the lowest bidder in his office, the undertaking of the repairs to be made to the Engine House of Engine No. 9, in the manner in which they are explained in the estimate of the Surveyor which accompanies this report, it being understood that the adjudication will not exceed the sum of two hundred dollars, payable in Municipality Notes at par.

Resolved, That the above mentioned works shall be made under the inspection of the Surveyor, and that the materials used shall be of the best quality.

All of which is respectfully submitted.

(Signed) S. BLOSSMAN,

Resolved, That the Surveyor shall have those side walks laid by the workmen of this Municipality.
