FOR THE [illegible] RHEUMATISM, AND [illegible] COMPLAINTS.

Galvanic Rings, Belts, Bands, and Magnetic Fluid.

THE proofs of the wonderful power of these articles are very numerous, and are daily accumulating. It is believed that in the city of New York alone, upwards of EIGHT THOUSAND PERSONS, during a period of less than a year, have been entirely relieved of the most painful chronic disorders, some of which have completely baffled all former efforts of medical art. The following certificates from highly respectable persons are selected from a large number of a similar character:

EPILEPSY AND PALPITATION OF THE HEART.

☞ Rev. John Bristed, son-in-law of Mr. John Jacob Astor, of New York, Minister of the Episcopal Church at Bristol, R. I. residing in Main street, has long been subject to distressing attacks of Epilepsy, often falling down insensible. The disease has been accompanied with violent Palpitation of the Heart and a rush of blood to the head. For three years he has been unable to preach or attend to his other duties. Mr. Bristed has found the most valuable benefit from the Rings, Bands and Fluid, is better in every respect than he has been since his illness, and is now rapidly recovering his health. All symptoms of Epilepsy have left him.

RHEUMATIC GOUT.

To DR. CHRISTIE:—Sir—After a fair trial of almost everything without any good effect, I think I must attribute a remarkable cure to the power of your Galvanic and Magnetic articles. If I am not mistaken in the cause, they have very seriously relieved me of Rheumatic Gout, of long standing, together with general nervous debility of the system.
MRS. MARY JACKSON,
108 Bank st, New York.

☞ Mrs. Jackson is a relative of Major M. M. Noah, who certifies to the truth of the foregoing statement.

APOPLEXY AND PARALYSIS.

☞ Captain Andrew J. F. Tomes, residing at No. 70 Bridge street, Brooklyn, L. I. is in his 76th year. He has generally enjoyed robust health, but about 3 years since it began to fail. He was slowly recovering, under the prescriptions of Dr. John W. Francis, when he suddenly fell down insensible in the street, under a severe Apoplectic fit. On recovery he noticed that a portion of his side was apparently dead; and on further examination his physicians pronounced his case to be that of combined Apoplexy and Paralysis. The family of Capt. Tomes were induced to try the Galvanic Rings and Magnetic Fluid, and for this purpose procured a pair of the Rings for the hands, a pair of Bands for the limbs, and one bottle of the Fluid. In twenty-four hours after using these articles feeling was perceptible in the paralyzed parts, and perspiration broke out. *In five days he was enabled to raise his arm and use his hand, and in three weeks he was enabled to walk alone.* A period of nearly six months has now elapsed, during which time no symptom of Apoplexy has been apparent. He is enabled to take regular exercise and all his impaired faculties have been restored.

☞ The public are respectfully cautioned to beware of SPURIOUS IMITATIONS of these articles. Dr. CHRISTIE has but ONE authorized Agent in each city of the Union, GUION & Co., corner of St. Charles and Canal streets, are the sole Agents for New Orleans, of whom alone the genuine articles can be obtained. s1

TESTIMONY FROM FRANCE & PRUSSIA
TO THE MERITS OF
SANDS' SARSAPARILLA.

The fame of this preparation is not confined to the limits of our own country, but by its powerful agency in arresting and curing disease, has won its way successfully into different countries in Europe, as the following unsolicited testimonials from individuals of the highest respectability show in the most conclusive and satisfactory manner. The same happy success has attended its use there, which has always marked its course wherever adopted, and diseases have yielded to its health restoring influence which Medical Men of profound skill had pronounced incurable. The most potent simples of the vegetable kingdom are united in this preparation, and the combination is such that one modifies and improves the other, and under the name of Sands' Sarsaparilla is presented a compound differing entirely in its character and properties from any other preparation, and unrivaled in its operation on the system when laboring under disease. Its approval by Physicians and men of Science, and the uniform success which has marked its use, furnishes proof sufficient to convince every candid and discerning mind of its great superiority and value.

Legation United States,
BERLIN, PRUSSIA, April 8th, 1846.

Messrs. A. B. & D. SANDS:—

Gentlemen—Having seen your Sarsaparilla used in this city with great effect in a severe case of Scrofula, I have been requested to order three dozen bottles, which please send, in the payment of the enclosed draft on Messrs. Hottinguer & Co. [illegible] with the least possible delay. I am inspired only to a feeling of philanthropy, in begging you to accomplish this unasked testimony to the value of a medicine which, widely as it is known, is not known as it ought to be. I am gentlemen,
Respectfully yours, &c.
THEODORE S. FAY.

The following is an extract from a letter received from Mr. Mace, whose wife had been afflicted with a Scrofulous affection of the nose, which baffled the skill of the first physician in France, it commends itself to the attention of all.

RENNES, DEPARTMENT OF ILLE AND VILAINE,
FRANCE, July 17th, 1845.

Messieurs SANDS:—

The Sarsaparilla sent has been received, and the great benefit my wife has derived from its use upon a short trial, as well as the high recommendations we have received, gives us great hopes of being able to cure with this medicine a disease that the most celebrated physicians of France have not been able to effect. My wife is fully determined to continue its use until a perfect cure is effected, and fearing what we now have will not be sufficient, please send us some more without delay, and be assured, gentlemen, we shall take pleasure in making known its great virtues to our friends and the public; and I doubt not that it will soon be extensively used here, and all over the world, and that many afflicted sufferers will hail with joy the knowledge that there is a vegetable preparation sufficiently powerful to eradicate their diseases. I have the honor to remain yours respectfully.
J. MACE, No. 1 Rue Louis Philippe.

For further particulars and conclusive evidence of its superior value and efficacy, see pamphlets, which may be obtained of Agents gratis.

Prepared and sold by A. B. & D. SANDS, Druggists, 100 Fulton st, corner of William, New York. Sold also by Sickles & Co. 24 Magazine and 30 Canal streets; A. Oliver & Co. and L. J. Duffilho, Jr.; Moseley & Tucker, Mobile; and by Druggists generally throughout the United States. Price $1 per bottle. Six bottles for $5.

☞ The public are respectfully requested to remember that it is Sands' Sarsaparilla that has been and is constantly achieving such remarkable cures of the most difficult class of diseases to which the human frame is subject; therefore ask for Sands' Sarsaparilla, and take no other. s1—lm

INSTITUTIONS.

MANDEVILLE [illegible]—This institution is situated upon Lake Pontchartrain, [illegible] miles from New Orleans [illegible] parents wishing [illegible] and moderate Natural Philosophy, Astronomy, &c., together with Music, Drawing and Fencing. The students have every opportunity of engaging in exercises conducive to health, promenades in the adjoining beautiful and picturesque country being permitted under the guidance of a Prefect, as often as is judged expedient. The discipline is mild, but firm, (no corporal punishment being allowed,) privation of certain privileges being the chief mode of restraint employed. This faculty consists of eight Professors, one of whom acts as a Prefect. There is also a Steward, who supplies the table, and the College domestics, and attends to the Lingerie. A Library for the Students has been recently commenced and is rapidly increasing through the aid of the patrons of the College. The French Professor (being in some respects unsatisfactory to the Direction) has been superseded by another, fully competent to the duties devolving upon him. Every thing promises well for the future, and the patronage of the public, interested in the cause of education is respectfully solicited.

ORLEANS HIGH SCHOOL.
(Lycee d'Orleans.)

THE Directors of the Institution, Messrs EVERETT WYNDHAM and MERVOYER, having unswervingly acted up to their original plan, as laid down in the Statutes, have succeeded in giving the High School a rank among the best educational establishments in the South.

The seat of the Institution is in a part of the city ever noted for its salubrity. The buildings and premises are admirably adapted to the purposes of a large School.

The system of Education embraces the Grammar and the Literature of the Greek, Latin, French and Spanish Languages, Rhetoric, Poetry and Mythology, History, Geography, the use of the Globes, Book-keeping, Arithmetic, Algebra, Geometry, Plane and Spherical Trigonometry, Surveying, Natural Philosophy, Moral Philosophy, &c.

The various branches of knowledge are taught by the Directors, Messrs EVERETT, WYNDHAM and MERVOYER, and by Assistant Instructors, selected for their eminent skill in the business of Teaching.

The Directors also employ two gentlemen, who, enforce correctness of Deportment whenever the pupils are not in a recitation room under the eye of an Instructor.

The Institution receives Boarders, Half-Boarders, and Day-Scholars. The price of Board, (washing included,) and Tuition in all or any of the branches is twenty dollars per month. The price of Half-Board is $15 per month.—The price paid by Day-Scholars is six, nine, or twelve dollars, according to the knowledge previously acquired.

No interference whatsoever in the internal discipline of the School will be suffered.

The STATUTES, containing all information respecting the School, may be had in the English or in the French language at the principal Book-stores in the City. m19

REMOVAL.
DAY & BOARDING SCHOOL FOR YOUNG LADIES,
Conducted by Madame Granet.

MADAME GRANET has the honor to inform the Parents of her Pupils and the public that her institution will be removed on the 15th of November next, from No 20 Bourbon street to No 86 Customhouse street, between Royal and Bourbon streets.

This new residence is better adapted for an institution for Young Ladies than the one she is leaving. The apartments are spacious and airy, and well suited for dormitories, class rooms, &c.

The yard for recreation is also large and entirely enclosed from all exterior communication.

MADAME GRANET is seconded in her arduous duties by her ELDEST DAUGHTER, and the pupils receive the same parental care attention and vigilance as her own family.

The branches of instruction are the ENGLISH and FRENCH LANGUAGES, WRITING, ARITHMETIC, GEOGRAPHY, MYTHOLOGY, ASTRONOMY, LITERATURE, DRAWING, &c., and are taught by Messrs. TELHIARD, NORES and LOAR.

Particular attention is paid to MUSIC and SINGING. The Harp and Piano are taught by MADAME ELIZA GRANET, and singing by Mr. BROCARD.

Dancing by Mr. DEVOTI. o31—1y law

FRANKLIN HIGH SCHOOL.
Corner of Royal and Hospital streets, New Orleans.

PARENTS and Guardians are respectfully informed that the classes are now fully organized in the new building at the corner of Royal and Hospital streets. It is hoped, with some confidence, that the commodious and extensive arrangements for the better accommodation of the pupils, will meet with the approbation of the patrons of the Institution, and of others who may have youths under their charge.

The great object to be attained in school education is the acquiring of habits of untiring industry and indomitable perseverance, the course of exercises, through which a young man must pass in order to reach this goal, if judiciously directed leaving him of necessity in possession of every other desired attainment.

The principle here laid down forms the basis of the mode of instruction, pursued in the Franklin High School:

The course of studies comprises the English, French, Spanish, Latin and Greek languages; Arithmetic, Algebra, Geometry, Trigonometry, Surveying, Application of Algebra to Geometry and Differential and Integral calculus; Astronomy and Chemistry; History and Geography; Book-keeping; Drawing and painting; Vocal and Instrumental Music.

There are seven Professors attached to the School, who give daily lessons in their respective departments.

Parents and Guardians are respectfully informed that no interference whatsoever in the Regulations and internal discipline will be suffered.

The Institution receives boarders half-boarders and day scholars. The boarding pupils reside in the family of Mr. Elkin, and will be under the immediate care of himself and the ladies attached to the household.

G. BOYER'S
CLASSICAL AND COMMERCIAL INSTITUTION
No. 148 Conti Street,
(between Dauphine and Burgundy streets.)

THIS Institution, the oldest scholastic establishment in New Orleans, is well and highly distinguished for the success which has accompanied it ever since its foundation; a considerable number of pupils who have quitted it to enter into the great scene of life, having already acquired some distinction in the various avocations to which they have devoted themselves.

Boyer's Institution is conducted in one of the largest Mansions in the city, occupying a fine central position, being well ventilated and in other respects perfectly salubrious.

The range of studies which engage the attention of the pupils extends over all the branches of learning which are necessary to a useful, polite and finished education; from primary instruction to the more abstruse subjects which are specially the province of a collegiate course. Discipline is not necessary to quicken in the youthful mind a due perception of the duties incumbent on it in its future relations with society, is a conspicuous feature of the establishment, being at the same time severe and considerate, whilst the solicitude of the Principal regarding the moral training of the youths committed to his charge, is, though strict, yet paternal.

The English language, daily becoming more and more evident, as of the greatest possible importance to all living in this community, is, in Boyer's Institution, attended to with more than ordinary care, the Professors engaged in this branch being gentlemen of undoubted attainments and long accustomed to tuition.

BRANCHES OF TUITION.

The English, French, Spanish, and Latin languages, History, Geography, Mathematics, Elements of Natural Philosophy, Astronomy, &c. &c.
