TWO STEAMBOATS FOR SALE.

The subscribers are offering for sale the following described light draught steamboats, viz:—

The Steamer Ben Franklin, 150 feet long, 30 feet beam, 140 tons, on 30 inches, 4½ feet draught, 36 feet; floor, 21, and depth of hold, 6 feet, 10 inches; has the two boilers, 36 inches diameter, 32 feet long; length of cylinder, 8 feet; drain, 18 inches, and swings 5 feet wheel, and 54 feet buckets; and double wheel, only 30 inches. The Steamer Hero, length of State Room, and a large Social Hall—was built in July, 1840, and was running but a very short period.

It will be immediately persuaded, upon personal view of the admirable capacities above described, that the boat would be a most advantageous investment, at the very moderate price we are authorised to dispose of her.

One Boat—4 years old, was hauled out last season and thoroughly repaired; is of the capacity of 1100 bales cotton, well found in every respect and in an excellent condition; has 4 double flued boilers and an 8 feet stroke on engine, all of which were entirely new when placed on board and have never been injured.

The original boat will be sold cheap, and would prove a bargain to any one seeking an experienced purchaser.

For further particulars and her price and terms of sale, apply to DITTRICK & SHANNON,

Sept 21 38 Poydras st.

FOR SALE—Three first rate Horses with harness and Drays complete.
