Opinion of Physicians

Dr. Townsend is a most daily receiving orders from physicians in different parts of the Union.

Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla, a number of men who have recently put up a base imitation under the name of Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, etc. They generally put it up in the same shaped bottles, and copy the original, and copied our advertisements; they are only worthless imitations, and should be avoided.

DR TOWNSEND'S

OFFICE MANUFACTORY
THE SIGN OF THE GOLDEN MORTAR
"Let Everybody Beware."

THERE is a Sarsaparilla for sale in the different towns called old Dr. Jacob Townsend's Sarsaparilla. It is advertised as the original, &c. This is a notorious falsehood. While we annonate many of the respectable agents for the sale of this universally compound, throughout the country, from any participation in the fraud, we feel it our duty to caution the public against the tricks of the manufacturers, who have recently put forth to the world such notorious falsehoods.

Dr. Townsend has expended over $200,000 the last eight years in advertising his Sarsaparilla, which has obtained a character and reputation throughout the United States, and a greater part of the world, the sale being enormous.

This excited the cupidity of certain unprincipled men, and an old man who has been engaged in publishing cheap publications for a number of years. This pam's name is Jacob Townsend, has put forth to a number of men to get compounded, or put up Sarsaparilla, stating the large sales and profits we had expended in advertising, as an inducement to embark in the business. Among others he applied to Charles Watrous, Esq., editor of the Albany Evening Journal, who scorned such a proposition. Mr. H. G. Andrews, formerly one of the proprietors of Mc Allister's Ointment; Ralph Pomeroy, formerly clerk in the office of the broken shinplaster bank at Belleville, New York, the name of Stillman, Thompson, & Co., have employed this old man, and agreed, as we understand, to pay him seven dollars per week for the use of his name.

Another Trick

We went to an expense of five hundred dollars to get up a splendid steel engraving for our Label, and had the portrait of Dr. Townsend on it to distinguish it from all others and prevent mistakes. These men are now getting up a label on steel, with a portrait of old Jacob Townsend—let the public decide upon such transactions, and let them remember that none is genuine and original, unless signed with the name of B. F. Townsend. The plate is engraved on steel and contains the portrait of Dr. Townsend, three female figures and a view of our factory. The spurious has no factory or female figures.

Dr. Townsend's Physicians.

These men also publish that Dr. Townsend has Physicians. They, like all other statements, is false. Dr. Townsend attended two of the most medical schools in the country, learnedlike the different theories of medicine, and spent years for the best fifteen years; has experimented several years and expended large sums of money in bringing his medicine to perfection.

Among other recommendations of this article it is warranted to keep every in all climates.
