## DR TOWNSEND'S SARSAPARILLA

*WONDER AND ASTONISHMENT OF THE AGE*

THE MOST HEALTHY AND EFFECTUAL MEDICINE IN THE WORLD.

THIS extract is put up in quart bottles; it is offered cheaper, stronger, and warranted more efficacious than any other medicine. Any one who has tried Townsend's Sarsaparilla, knows that it does not cause griping, sickening or debilitating the patient.

The great beauty and superiority of this Sarsaparilla over all other medicines, is, whether it eradicates disease, it invigorates the body. It is one of the very best.

SPRING AND SUMMER MEDICINES.

ever known; it not only purifies the whole system and strengthens the person, but it creates new pure and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past five years more than 100,000 cures of cases of disease; at least 15,000 of these were considered incurable.—It has saved the lives of more than 5000 children during the two past seasons.

TEN THOUSAND CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretions committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, hesitude, want of ambition, fainting sensations, premature decay and decline, hastening toward that fatal disease, Consumption can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

as it renews and invigorates the system, gives activity to the limbs, and extends to the muscular system, in a most extraordinary degree.

### Consumption Cured.

*Cleanse and Strengthen.—Consumption can be cured.—Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness of the Chest, Hectic Flush, Night Sweats, Difficult or Pain in Expectoration, Pain in the Side, &c., have been and can be cured.*

### Spitting Blood.

NEW YORK, April 28, 1847.

Dr. Townsend—I verily believe that your Sarsaparrila has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has been a wonderful change wrought in me. I can now able to walk all over the city. I raise no blood and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,
WM. RUSSELL, 65 Catharine st.

### Rheumatism.

This is only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues.

James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter:

*Blackwell's Island*, Sept. 14, 1847.

Dr. Townsend—Dear Sir: I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not eat, sleep, or walk. I had been without distressing pains, and my limbs were terribly swollen, and I was entirely relieved by your Sarsaparilla, and they have done me more than one hundred dollars worth of good. I am so much better—indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours respectfully, JAMES CUMMINGS.

### FEVER AND AGUE.

Dr. Townsend's Sarsaparilla is unequalled in cases of the Chills and Fever and Ague. The following letter is one of many which I have received from the South and West of like character.

*Oswego, Michigan*, Oct. 22, 1847.

Dr. Townsend—Dear Sir: I purchased for my wife two bottles of Sarsaparilla of your agent, Mr. McCain, of Kalamazoo, for the Chills and Fever and Ague. Before I had finished the first bottle it appeared to warm the blood, and every other day, when the chills used to be expected, they were less violent, and before she had finished the bottle she was entirely relieved, and she was much better than she had been before she took the ague. A lady that had been very sick with chills and fever, but had broke them up with quinine and bitters, was so weak and distressing state, and troubled exceedingly with the ague cake, seeing the effect that it had on my wife, she sent and procured a few bottles of the medicine for her in a few weeks to complete health. Your Sarsaparilla is, without doubt, unequalled in diseases incident to the Ague and Fever, and that the communication will be of use, you are at liberty to use it as you choose. Yours, respectfully,

CHARLES H. SWAIN.

### CANKER IN THE MOUTH.

Below is an account of another child saved. Dr. Townsend's Sarsaparilla has saved the lives of thousands of children. The following certificate is selected from a great number received this week.

NEW YORK, April 1, 1847.

Dr. Townsend—Dear Sir: One of my children was very sick with a canker in the mouth and throat, attended with a fever. We had given up hope of its recovery, when I was advised by one of your excellent medicine, and it cured it directly, for which I assure you I feel very grateful. Yours respectfully,

ELIZABETH FOWLER, 37 Bleecker st.

### Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Leucorrhoea, Whites, Fluor Albus, Difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system, and all those diseases peculiar to the fairer sex, or causes, produced by irregularity, illness or accident. Nothing can be more surprising than its effects in these cases. Its effects are immediate. Persons pall weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately invigorates the whole system of the female frame, which is the great cause of barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certain cases of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Several cases where families have been without children, after using a few bottles of this invaluable medicine have been blest with healthy offspring.

### To Mothers and Married Ladies.

This Extract of Sarsaparilla has been expressly prepared in reference to the female complaints. No male who has reason to suppose she is approaching that critical period, "The turn of life," should neglect to take this Sarsaparilla as a preventive against any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delicate or severe, according to using this medicine. Not is it less valuable for those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all of the delicate diseases to which women are subject. It braces the whole system, rents so permanently the natural energies by removing the impurities of the body—not so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines, but it leaves the system natural and healthy. By using a few bottles of this medicine many severe and painful surgical operations may be prevented.

### Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings incident upon childbirth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food, from which have said, I think it indispensable. It is highly useful in Barrenness, Leucorrhoea, as it prevents disease attendant upon childbirth in costiveness, piles, cramps, swelling of the feet, dropsical, hysterics, nausea, nervous, fits, pain in the back and joints, false pains, hemmorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great value of this medicine is, it is always safe, and the most delicate and most successful; very few cases require any other medicine in connection with it, and it is entirely free from all. Exercise in the open air and light food, with this medicine, will always insure a safe and sure confinement.

### Three Children.

Dr. Townsend—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only four bottles, it took them away, for which I feel my self under deep obligation. Yours respectfully,

ISAAC W. CRAIN, 105 Wooster st.

### Opinion of Physicians.

Dr. Townsend is almost daily receiving orders from physicians in different parts of the Union. This is a high testimony to the value of Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations in the market.

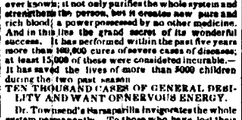
Albany, April 1, 1847.

Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla, a number of men who are formerly our agents, have commenced making Sarsaparilla Medicine, Bitters, Extracts of Yellow Dock, etc. They generally put it up in the same shaped bottles, and some of them have stolen and copied our advertisements; they are only worthless imitations, and should be avoided.

## DR TOWNSEND'S



OFFICE MANUFACTORY

TRICKS OF QUACKS.

*Let Everybody Read This Carefully.*

THERE is a Sarsaparilla for sale in the different towns called old Dr. Jacob Townsend's Sarsaparilla. It is advertised as the original, &c. This is a notorious falsehood. While we exonerate many of the respectable agents for the sale of this miserable compound, throughout the country, from any participation in the fraud, we feel it our duty to caution the public against the tricks of the manufacturers, who have lately put forth to the world such notorious falsehoods.

Dr. Townsend has expended over $200,000 the last eight years in advertising his Sarsaparilla, which has obtained a character and reputation throughout the United States, and a greater part of the world, the sale being unrivalled.

This excited the cupidity of certain unprincipled men, and an old man who has been engaged in peddling cheap publications for a number of years. This man's name is Jacob Townsend. He applied to a number of men to get employment, or to sell the use of his name to put up Dr. Townsend's Sarsaparilla, stating the large sales Dr. Townsend's was expended in advertising, as an inducement to embark in the business. Among others he applied to Charles Watrous, Esq., editor of the Albany Evening Journal, who scorned such a proposition. Mr. H. G. Andrews, formerly one of the proprietors of McAllister's Ointment; Ralph Pomeroy, formerly clerk and financier of the broken shinplaster bank at Belleville, New Jersey; John Skillman and Wm. Thompson, under the name of Skillman, Thompson & Co., have employed this old man, and agreed, as we understand, to pay him seven dollars per week for the use of his name.

*Another Trick*

We went to an expense of five hundred dollars to get up a splendid steel engraving for our label, and the portrait of Dr. Townsend on it to distinguish it from all others and prevent mistakes. These men are now getting up a label on steel, with a portrait of old Jacob Townsend—let the public decide upon such transactions, and let them remember that none genuine and original, unless signed with the name of B. P. Townsend. The plate is engraved on steel and contains the portrait of Dr. Townsend, their female figures and a view of our factory. The medicine has no factory or female figures.

*Dr. Townsend's Physician.*

These men also publish that Dr. Townsend is no Physician. This, like all other statements, is false. Dr. Townsend attended two of the best medical colleges in the country, inaugurated the differential theories of medicine, and practised for the last fifteen years, has experimented several years and expended large sums of money in bringing his medicine to perfection.

☞ Among other recommendations of the medicine it is warranted to cure in all climates.
