It shall not be lawful for any owner or other person having or possessing by any title whatever, one or more slaves, to permit or suffer the said slaves to hire themselves out to work by the day or month, either on board of vessels, on the Levee, or elsewhere, within the limits of either of the municipalities of this city, without his being previously furnished them with a pass to that effect, under the penalty of a fine of from ten to fifty dollars for each offence.

ART. 2. The said pass shall state the name, age, color and size of said slave, the owners name and residence, and the residence and capacity of the person granting said pass, if not the owner; and in all cases where it is possible, the number of the house and the name of the street must be mentioned, and in case of the number of the house being unknown, it shall suffice to state on what street the residence is situated, together with the names of the streets by which the square is bounded. INSURANCE.

Southern Mutual Life Insurance Company of Louisiana.

Life Insurance Exclusively.

EXTRA GUARANTEE FUND $50,000.
ACCUMULATIVE CAPITAL $300,000.

PARENT OFFICE NO. 45 CAMP ST.,
New Orleans.

THIS COMPANY is now ready to make Insurance on White Persons and Slaves, at their established rates of premium. This being the only company incorporated in the State confined exclusively to Life Insurance, with an extra Guarantee Fund, the Directors feel confident that it affords unusual and much greater inducements to those desirous of effecting an insurance on their lives than any other.

It is also upon the Mutual principle; each person assured becoming a member thereof and enjoying a portion of the profits, being entirely exempt from any liability beyond the amount of premium accrued.

Insurance companies organized upon the mutual principle are generally successful, more especially those exclusively confined to Life, as they are based upon calculations warranted correct by long experience and close scrutiny; but the stability and success of this Company is placed beyond contingency, by the advantageous arrangement she has made for an undoubted guarantee fund of 50,000 dollars, not to be used or lessened, as subscriptions to mutual insurance companies always are, by insurance.

This extra guarantee fund of 50,000 dollars remains permanent until the Company has accumulated a similar amount to take its place.

☞ California permits granted, and extensive travelling privileges allowed.

The whole amount of money to be applied to the purchase of goods will be about $[illegible], but the Department reserves the right to increase or diminish the quantity of any of the articles named or to substitute others in lieu thereof, to require, at similar prices, such goods as may be wanted for presents or other purposes, in the administration of the affairs of the Department. Goods of American manufacture, all other things being equal, will be preferred, but as all the samples of blankets and cloths are of foreign manufacture, it will be necessary, when a domestic article is bid for, that a sample of it should accompany the bid, to enable the Department to decide whether it is of equal quality [illegible].

[illegible] make an invoice of all the articles [illegible] above list, and affix the prices in dollars and cents, at which he or they will furnish them under each class separately, deliverable in New York, or if the contract be preferred, about one half of the quantity to be delivered in St. Louis, Missouri, free of expense to the Government, on or before the 15th day of May next, assuming the quantity of each article as specified in this advertisement, and extending the cost, making an aggregate of the whole invoice constituting the bid. The goods will be inspected in New York, (and in St. Louis, if any portion of them should be delivered there,) by an agent of the U. States, who will be appointed by the Department for the purpose, and to ascertain the conformity of the articles purchased with the samples exhibited, when the contract shall be made and with the terms of the contract itself, which shall contain a clause that if the articles are not furnished with quality as prescribed, or if they are of insufficient quality in the opinion of the agent aforesaid and if within five days after notice of such insufficiency the party shall not furnish others in lieu thereof of the required quality, the United States shall be authorized to purchase them of others, and to charge any increase of price they may be compelled to pay therefor to the contractor, who shall pay the said difference to the United States.

Bonds will be required in the amount of the bids with two good sureties, the sufficiency of whom to be certified by a United States Judge or District Attorney, for the faithful performance of the contracts. Payment will be made after the contract is completed and the delivery of the goods as aforesaid to an agent of the Department, upon a duplicate invoice certified by him.

Communications to be marked "Proposals for Indian goods."

The bids will be submitted with the following heading, and none will be received that are not made in the form and terms here prescribed.

"I (or we) propose to furnish, for the service of the Indian Department the following goods, at the prices affixed to them respectively, viz:

(Here insert the list of goods.)

Deliverable in the city of New York (or St. Louis) on or before the — day of — next; and in case of the acceptance of this proposals, the quantity being prescribed by the Department, I (or we) will execute a contract according to this agreement, and give satisfactory security to the Department within ten days after the reception of this bid, and in case of failure to enter into such contract, and give such security, I (or we) will pay to the United States the difference between the sums bidden by me, (or us,) and the sum which the United States may be obliged to pay for the same articles."

Each and every bid must also be accompanied with a guaranty in the following form, to be signed by one or more responsible persons, whose sufficiency must be certified by some one who is known to the Department, either personally or by his official position.

"(I or we) hereby guaranty that ———, the above bidder, will comply with the terms of the advertisement for 'proposals for Indian goods,' dated Sept. 25, 1850, if the contract should be awarded to him, and enter into bond for the execution of the same within the time prescribed."

ST. LOUIS' INSTITUTION.

DIRECTED BY MADAME DERON.

BOARDING AND DAY SCHOOL FOR YOUNG LADIES.

(Years 1850—'51.)

No. 145 St. Louis st. between Dauphin & Burgundy.

THIS Institution, founded nearly twelve years ago, combines every material, moral, and intellectual advantage. Madame Deron, formerly a pupil and governess in the "Institut de la Legion d'Honneur," (Maison St. Denis) has founded her Seminary as much as possible, on the model of that great establishment, as well as on the plan of the first Northern Academies.

The situation of St. Louis' Institution is one of the most agreeable and salubrious in town. The whole locality, including dormitories, class and study rooms, and play grounds, being very spacious and airy, and overlooking several gardens, is in so healthy a position, that, not a single pupil has experienced the least serious illness.

The plan of instruction both in French and English embraces all the literary and scientific branches of a finished education.

The study of English is the object of particular attention. Madame Deron is scrupulously careful that the creole Young Ladies should devote more time to the study of the English language and literature than to any other branch. Mr. [illegible] [illegible] well known in New Orleans, continues his course of lessons every day. [illegible] [illegible] residing in the establishment [illegible] the elementary classes, and contribute [illegible] progress of the pupils [illegible] that language in all the relations of ordinary life.

With respect to the study of French, besides the lessons of able professors and governesses, M. and Madame Deron themselves instruct in the different branches, and are thus enabled to bestow their efforts to insure the solidity and rapidity of the progress of their pupils.

The department of Music, including the piano, harp and singing, is under the direction of Madame Lavillebeuvre, an excellent music mistress, who formerly gave lessons in St. Louis' Institution, and who is now especially attached to the establishment. This young and talented lady, so justly classed at the head of the artistic celebrities of Louisiana, secures to the study of Music in Madame Deron's Academy a marked superiority. No one, then, can better join example to precept; and this is often the secret of the scholar's advancement. A musical examination taking place every month is intended to prove the rapid and brilliant progress of the same Lavillebeuvre's pupils.

Religious and moral instruction, which is the basis of every really good education, is hereby guaranteed to be more developed than in any other Boarding School in the city. Madame Deron herself superintends the religious exercises of the Catholic pupils, and M. l'Abbe Thoiomier prepares them for their first communion, and for confirmation by giving religious instruction several times every week in the Chapel of St. Louis' Institution. o4

OR DAY AND BOARDING SCHOOL FOR YOUNG LADIES.

At No. 252 Camp street

CONDUCTED BY MR. AND MRS. MACAULAY.

THIS Institution is under the personal supervision of Mrs. Macaulay, the advanced classes in the literary and scientific departments are taught by Mr. Macaulay, assisted by another gentleman. To give instructions in the French, Spanish and Italian languages, in Drawing, Painting, Vocal and Instrumental Music, the most accomplished professors are employed.

[illegible]

The play-ground—an item essential to a school—is large, dry and secluded from public view; and references, when required, will be made to parents who have had their daughters in the Institution for years.

A course of lectures on History and Biography will be delivered to the advanced classes by Dr. Macaulay, during winter; and to aid the pupils in understanding the lectures on scientific subjects, the school is furnished with the requisite apparatus.

For further information application may be made personally or by letter.

P. S. To enable DR. MACAULAY to give undivided attention to the duties of the Institute, he will retire from teaching at Madame DESRAYAUX'S.
