The Tehuantepec Rail Road Company.

THE Books of subscription to the stock of this company are now open at its office No. 61 Camp street.

The following is the proposed charter and the prospectus to be signed.

Outline of Charter and Organization of the Tehuantepec Railroad Company, to be established in New Orleans.

I—The capital to be $9,000,000, of which one third to be issued as full paid to Mr. Hargous in payment of the grant, including all the lands, privileges, &c., and the remaining $6,000,000 to be subscribed; shares to be $100 each.

II—The subscribers to pay $10 on each share at the time of subscribing—$10 in 12 months thereafter, the remainder as called by directors. No call to be made for more than $10 at a time, and with 60 days' public notice. Not more than $30 to be called in each year.

III—The object of the company is to build a railroad across the Isthmus of Tehuantepec, between such termini as shall be fixed after proper surveys, and to navigate by steam vessels the waters on each side of the Isthmus which may connect the termini of the road with the Pacific Ocean and Gulf of Mexico, and to provide safe harbors at each end of the road.

The company also to have power at any future period when they may deem it advisable, to cut a canal across the Isthmus connecting the navigable waters on the opposite coasts.

IV—The shares of the company to be transferable only by entry on its transfer books, to be kept in such cities as may be chosen by directors. No shares to be issued until the first instalment, amounting to $60,000, is actually paid. Then shares are to be issued as well for Mr. Hargous as for the money subscribers.

V—Commissioners to be appointed for receiving subscriptions in New Orleans, with power to appoint commissioners in such other cities and places as they may deem proper for receiving subscriptions. A certain time to be allowed for closing the subscription lists. If the whole capital is not then filled, the books to remain open till the capital is filled; if the subscriptions exceed the capital, then the larger subscriptions to be reduced in such manner as that no one subscription shall be reduced whilst there is another subscriber for a larger number of shares.

VI—The company to be managed by a direction of thirteen stockholders; each director to own at least twenty shares—the directors to choose a president and other officers required for the service of the company. As soon as the capital shall be filled the commissioners shall call, by a ten days' notice in two newspapers, a meeting of subscribers to elect a board and organize. At all meetings and elections each share to have a vote, to be given in person or by proxy. The direction to act for one year from the date of their first meeting—election for directors each year to be held one month before close of term of directors then in office. In case of failure to elect at time fixed, old board to continue in office until a special election can be had, which shall be provided for in the bye-laws. Seven directors to constitute a quorum. Directors to supply vacancies in their body during the year.

VII—Directors may, at their choice, enforce the payment of any called instalment, or forfeit the stock of the defaulting subscriber after delay fixed by by-laws.

VIII—The company shall succeed to all the rights, and be liable to all the duties and obligations of Mr. Hargous, as assignee of the grants from the Mexican Government—and shall fully and fairly execute the agreement made between the Permanent Committee and Mr. Hargous.

IX—No dividends are to be declared till at least one-third of the subscriptions is paid. No lands shall be sold till the expiration of one year from the first meeting of directors. If any dividends be declared, whether from the sales of land, or from any other source, prior to the completion of all the works undertaken by the company, (and in no event can these works be considered as completed, till the railroad is in full operation from end to end, with trains drawn by steam cars,) those accruing to subscribers who have not paid their stock in full shall not be paid to them, but shall be imputed to the payment of the balance due on their stock. Those due to Mr. Hargous shall be paid to him, as his stock is considered full paid. No subscriber, in default for instalments duly called, shall be entitled to a dividend declared whilst he is in default, nor shall he be permitted to vote during such default. No larger dividend is ever to be declared on Mr. Hargous' shares, although full paid, than to those of subscribers, even though only part paid.

X—It is a condition of the transfer made by Mr. Hargous of his grant and lands, that at least $1,000,000 per annum shall be expended on the road first year during which the surveying, engineering and preparatory works, may not require so large an expenditure—nor to any year during which the expenditure may be prevented by causes beyond the control of the company.

XI—If a loan is required by the company, the money may be raised by the issue of bonds, secured by the mortgage of their land and road &c.—but no loan shall be made for a sum greater than half the cash paid by subscribers; and until the subscribers have paid up their $6,000,000, no part of the burthen of the loan shall be borne by Mr. Hargous' shares. No loan to be made before two millions are paid in by the subscribers. Any dividend declared during the existence of a loan, shall not be paid to the holders of the shares liable for the loan, but shall be appropriated towards the extinguishment of the loan.

XII—The moneys heretofore advanced by the citizens of New Orleans, for the defraying of preliminary expenses, shall be refunded by this company, according to the conditions of the subscription.

XIII—The shares of stock subscribed provisionally, in anticipation of the formation of this company, shall be considered as subscriptions made under this charter, and the instalment of five dollars paid by said provisional subscribers for hastening the work by a prompt survey of the road, shall be received and imputed as a part payment of the first instalment required under the charter to be paid at the time of subscribing.

The following is the Prospectus reported by Mr. Benjamin:

PROSPECTUS.

We, the undersigned, subscribe for the number of shares placed opposite our names, in the Tehuantepec Railroad Company, which is to be organized on the plan set forth in the annexed outline.

The conditions of our subscriptions are:

1. The $5 per share now paid are to be taken as part payment of the first instalment required of subscribers under the proposed charter.

2. If any material change be made in the contemplated charter, each subscriber, who disapproves such change, shall be entitled to withdraw his subscription, and receive back the $5 per share now paid.

3. The money now paid is intended for making the survey the Isthmus by Major Barnard, or any other officer that may be chosen by the Permanent Committee in his default. That Committee is to superintend and control the expenditure.

The office will be open during the usual business hours.

B. PALLON, Sec'y. PETER CONREY, Jr. o09 1m Ch'm. Permanent Committee.

Proclamation.

BY JOSEPH WALKER, Governor of the State of Louisiana.

ANOTHER year has passed away, and we yet continue a united, prosperous and happy people.

The small dark cloud, that for a while obscured our political horizon, has, we may hope, forever been dispelled, and we may now cordially unite in imploring the Supreme Ruler of Nations, to multiply his blessings on these United States—to guard our free and happy constitution against every machination, and danger; and to make it the best source of public happiness, by verifying its character of being the best safeguard of human rights. Whilst some portions of our State and common country have been again visited by the mysterious pestilence that walketh in darkness, and others experienced ruin and desolation by the floods that have deluged and laid waste the labors and enterprise of our citizens; yet the rewards of industry have not been unrequited, and we have been abundantly favored in our rights privileges, and permitted in an eminent degree to enjoy the security of person and property—the supremacy of law and order, and all the blessings of a happy, free and enlightened government.

We are at peace with all nations, our commerce extends to the remotest corners of the earth, new fields of national wealth and enterprise are continually opening before us; our country is yet looked to by the tempest-tost mariners of freedom throughout every portion of the globe, as the polar star which shall guide them to the haven of political rest, and secure them from the oppression of tyranny and despotism. Our future is big with hope—the innumerable blessings we at present enjoy, and the watchful care which a kind Providence has manifested toward us, as a State and Nation, call for the expression of our unfeigned thanks and gratitude.

Wherefore, as the Governor of Louisiana, I deem it meet and proper to issue this, my proclamation, respectfully recommending and suggesting, that THURSDAY, the 19th of December, be set apart and observed as a day of Thanksgiving and Prayer to Almighty God, and that the good people of this State suspend, on that day, their ordinary business avocations, and together with their fellow citizens from other States, assemble in their usual places of worship for the united expression of their homage and thankfulness, to Him who is the author of all temporal and spiritual blessings, and that civil and religious liberty may be continued to us, and to our posterity unimpaired, and in good time be extended to all the nations of the earth.

In testimony whereof, I have hereunto signed my name and affixed the seal of the State at [L. S.] the town of Baton Rouge, this sixteenth day of November, A. D. 1850, and of the Independence of the United States, the seventy fifth.

By the Governor: JOSEPH WALKER.

CHARLES GAYARRE, Sec'y of State.

The time must be fixed by the Sheriff, he must take care that the election be held at the places designated by law, and see that the proceedings be conducted, and returns thereof made according to the provisions of the Constitution and Laws in such cases made and provided.

[L. S.] Given under my hand and the Seal of the State this 4th day of November A. D. 1850, and of the Independence of the United States the Seventy-fifth.

By the Governor. JOSEPH WALKER.

CHARLES GAYARRE, Secretary.

MEDICAL.

BULL'S SARSAPARILLA ... in full ... contains the ... of SIX ... pure Honduras Sarsaparilla ... similar preparation ... America.

... 1 the small bottles for $5.

HAS been a well established fact for years past, that Sarsaparilla ... pure and properly prepared, was the only ... medicine for all diseases originating from an impure state of the blood, the use of mercury, intoxicating drinks, evil habits in youth, barrenness, &c. We boldly assert that JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA is the only preparation before the public that is prepared on strictly scientific principles and of uniform strength. The Sarsaparilla is purchased without regard to price, and every pound, before being used, is subject to the strictest chemical tests, and its genuineness ascertained before being used.

Bull's Sarsaparilla also contains the virtues of several other valuable medical roots, together forming the best compound and producing the greatest cures *ever known in the known world!*

THIS MEDICINE, WHEN USED ACCORDING TO DIRECTIONS, Will Cure Without Fail!

Scrofula, or King's Evil, Cancers, Tumors, Eruptions of the Skin, Erysipelas, Chronic Sore Eyes, Ringworm, or Tetters, Rheumatism, Scald Head, Pains in the Bones or Joints, Old Sores and Ulcers, Swelling of the Gland, Syphilis, Dyspepsia, Salt Rheum, Diseases of the Kidneys, Diseases arising from the use of Mercury, Loss of Appetite, Pain in the Side and Shoulders, General Debility, Lumbago, Dropsy, Jaundice, Costiveness, Sore Throat, Bronchitis, Coughs, Colds, Weakness in the Chest, Pulmonary Affections, and all other diseases tending to produce CONSUMPTION, Liver Complaint, Female Irregularities and Complaints, Low Spirits, Sick and Nervous Headache, Night Sweats, Exposures or imprudence in life, Chronic Constitutional Diseases, and is a Spring and Summer drink and general Tonic for the system, and a gentle and pleasant purgative; it is superior to Blue Lick or Congress Water, Salts, or Seidlitz Powders.

GOOD TESTIMONY.

The Ohio State Journal, (Columbus, Ohio,) thus speaks of Bull's Sarsaparilla:

IT HAS NO EQUAL!—The unprecedented sale of Bull's Compound Fluid Extract of Sarsaparilla in this city, where it has been introduced for the past two months ONLY, with the very gratifying effects produced upon all who have tried it, warrant the assertion that as a purifier of the blood IT HAS NO EQUAL! This is a bold assertion, but it can be substantiated by calling on the agent in this city.

Bear with us reader, a little longer, and be convinced that BULL'S SARSAPARILLA is the WONDER OF THE WORLD!

And that it will cure you no matter how long you have been suffering.

What Dr. Owen, Druggist and Apothecary of several years standing, says about BULL'S SARSAPARILLA:

LOUISVILLE, May 31, 1848.

Mr. JOHN BULL—Dear Sir: I have been for a number of years afflicted with a Mercurial Headache, and a dull heavy pain in my liver. I used almost all the remedies of the day, especially the Sarsaparilla prepared by different persons, but all to little or no advantage, until I chanced to meet with yours, three bottles of which gave me more relief than all the others combined.

I therefore take pleasure in recommending your sarsaparilla to the afflicted community as a superior article. Very respectfully, J. H. OWEN.

RHEUMATISM.

Let all those who are suffering under the agonizing tortures of Rheumatism, read the following, and see what may also be done for them, if they will use the infallible remedy.

Mr. JOHN BULL—Dear Sir: For the last three years I have been afflicted with Rheumatism of the severest character. I was at times in the greatest agony of pain—I tried every remedy I could procure for the disease, but found no permanent relief until I was induced to use your preparation of Sarsaparilla, which has entirely cured me of Rheumatism, and greatly improved my general health, more than any medicine I have ever used.

I have been free of pain for several months, and have no doubt the cure is permanent, and I confidently recommend it as being the best medicine in use for rheumatism. ISHAM BRIGGS, Uniontown, Union Co., Ky. May 12, 1848.

From Dr. Wm. T. Prentiss.

Mr. BULL—In regard to your sarsaparilla, I will say that I have used it to some extent in Cutaneous Affections of long standing, as Tinea Capetis, Lepra, Psoriasis, Scabies, Syphilitic Cachexia, and in all diseases where the indication of cure seems to consist in a thorough change or modification of the fluids of the body, with considerable success, in conjunction with local treatment. I think I would prefer it to any preparation of Sarsaparilla in use, and any physician will admit its value upon learning the substances that enter into its composition. Respectfully yours, W. T. PRENTISS, M. D. Lewisport, Ky. Dec 4, 1847.

It is perhaps needless to produce any further testimony in favor of this great remedy—it has only to be tried and proved to convince the public of its superior efficacy. Let all who are laboring under chronic diseases, general derangement, nervous debility, weaknesses, the effects of mercury, or any thing of the kind, give it a fair trial. There are thousands throughout the land who stand in need of it. Let them try it, and we assure them they will not regret it.

NOTICE TO FEMALES.

John Bull's Sarsaparilla is one of the greatest Female Medicines now in existence. In those numerous cases where the constitution is debilitated, the nervous energy is lessened, when the efforts of nature are weak and deficient or are profuse and overpowering, when the face is pale and colorless, the strength feeble and yielding, the spirit troubled and depressed, the health broken, mind shaken, and consequently the happiness destroyed—then Bull's Sarsaparilla is a sovereign remedy. It assists nature in performance of her duty, braces the whole system, renews permanently the energies, removes obstructions, cheers and animates the spirit, and healthy blood and invigorates health and happiness. Were ladies generally to adopt the use of this medicine, we would see far less suffering, disease and unhappiness among them than now exists; health would take the place of debility, and the rosy cheek would succeed the pallid face of disease, smiles instead of tears, and perhaps a long life of happiness instead of one cut short by disease, or made miserable from continued suffering and affliction. At that critical period termed the "Turn of Life," which is often attended with so much danger, Bull's Sarsaparilla is found to exert a most beneficial effect. All ladies approaching this crisis should be aware of this important fact, and avail themselves of this valuable medicine.

A BEAUTIFUL CLEAR SKIN.

How we all admire a clean, healthy white skin, and a rosy colored cheek. How often do we see persons not possessing this desirable requisite to beauty, resorting to cosmetics, ... paints, and ... poisonous materials to remove ... blemishes which ... are, ... that is of ... often times ... to the skin. The fact is, Bull's Sarsaparilla is the best known. It makes the skin clear, beautiful, perfect and only true principles, ... and ... face with poisonous or deleterious ... serve to close the pores and clog ... by removing every particle of ... diseased matter from the blood ... pure, healthy and vigorous ... minute vessel, and changing the ... sallow countenance to the blooming ... youth. If the ladies generally could ... and convinced of this fact, they would abandon the use of all paints, mixtures and lotions, and use the only effectual remedy. A word to the wise is sufficient, and a hint enough for ...

BETTER TESTIMONY.

Than was ever offered Mr. ...

From Dr. James M. Moore.

Mr. JOHN BULL—I have no hesitation in saying that I believe your Sarsaparilla is the best article ever manufactured for the cure of Scrofula, Syphilis and many other diseases of a Glandular Affections, having used it with entire success in a number of the above cases. JAS. M. MOORE.

Louisville, Dec. 26, 1847.

More testimony from Dr. Moore.

Mr. JOHN BULL—I am using your Sarsaparilla in several new cases of Scrofula, and with happy effect. I am now confident it is one of the most efficacious medicines that can be made for that disease. Yours, JAS. M. MOORE, M. D. Winchester, Ky., February 1, 1849.

Testimony like the following renders superfluous all further comments upon the efficacy of Bull's Sarsaparilla.

From Dr. L. P. Yandell, Professor of Chemistry in the Louisville Medical College.

"I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in Chronic diseases, to which it is applicable. L. P. YANDELL, M. D.

Louisville, June 6, 1848.

What Dr. Pyles, Physician, by appointment, to the Louisville Marine Hospital, says of Bull's Sarsaparilla.

LOUISVILLE, March 20, 1849.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla in use. M. PYLES, M. D.

Resident Physician, Louisville Marine Hospital.

[From the People's Journal, Quincy, Ill.]

BULL'S SARSAPARILLA.—We have used one bottle of this Sarsaparilla for general debility and lumbago, and believe we have experienced entire relief. We used in time gone by two bottles of H. P Townsend's Sarsaparilla, for which we paid $2 50, and believe we received injury instead of benefit for its use.

This medicine is daily grappling with disease, through the Western country, restoring to blooming health and youthful vigor, the sick and afflicted—nay, those that are grievously tormented. Certificates are teeming from all directions, from men of truth and high moral standing, placing it, from its intrinsic worth, the very best of all remedies before the public.

ST. LOUIS' INSTITUTION.

DIRECTED BY MADAME DERON.

BOARDING AND DAY SCHOOL FOR YOUNG LADIES.

(Years 1850—'51.)

No. 145 St. Louis st., between Dauphin & Burgundy.

THIS Institution, founded nearly twelve years ago, combines every material, moral, and intellectual advantage. Madame Deron, formerly a pupil and governess in the "Institut de la Legion d'Honneur," (Maison St. Denis,) has founded her Seminary, as much as possible, on the model of that great establishment, as well as on the plan of the first Northern Academies.

The situation of St. Louis' Institution is one of the most agreeable and salubrious in town. The whole locality, including dormitories, class and study rooms, and play grounds, being very spacious and airy, and overlooking several gardens, is in so healthy a position, that, not a single pupil has experienced the least serious illness.

The plan of instruction both in French and English embraces all the literary and scientific branches of a finished education.

The study of English is the object of particular attention. Madame Deron is scrupulously careful that the creole Young Ladies should devote more time to the study of the English language and literature than to any other branch. Mr. Orton, a professor well known in New Orleans, continues his course of lessons every day. Two English governesses residing in the establishment, preside over the elementary classes, and contribute to the progress of the pupils by the continual use of that language in all the relations of ordinary life.

With respect to the study of French, besides the lessons of able professors and governesses, M. and Madame Deron themselves instruct in the different branches, and are thus enabled by their personal efforts to insure the solidity and rapidity of the progress of their pupils.

The department of Music, including the piano harp and singing, is under the direction of Madame Lavillebeuvre, an excellent music mistress, who formerly gave lessons in St. Louis' Institution, and who is now especially attached to the establishment. This young and talented lady, so justly classed at the head of the artistic celebrities of Louisiana, secures to the study of Music in Madame Deron's Academy a marked superiority. No mistress can better join example to precept, and this is often the secret of the scholar's advancement. A musical examination taking place every month is intended to prove the rapid and brilliant progress of Madame Lavillebeuvre's pupils.

Religious and moral instruction, which is the basis of every really good education, has received greater development than in any other Boarding School in the city. Madame Deron herself superintends the religious exercises of the Catholic pupils, and M. l'Abbe Tholomier prepares them for their first communion, and for confirmation by giving religious instruction several times every week in the Chapel of St. Louis' Institution. o4

New Orleans Female Institute.

OR DAY AND BOARDING SCHOOL FOR YOUNG LADIES.

At No. 234 Camp street.

CONDUCTED BY MR. AND MRS. MACAULAY.

THIS Institution is under the personal supervision of Mrs. Macaulay; the advanced classes in the literary and scientific departments are taught by Dr. Macaulay, assisted by another gentleman. To give instructions in the French, Spanish and Italian languages, in Drawing, Dancing, Vocal and Instrumental Music, the most accomplished professors are employed.

The school is arranged so as to make it both an English and a French school, and the aim of the principals is to conduct their pupils through a substantial and systematic course of studies, according at the same time a progressive knowledge and a progressive discipline of the heart as well as the mind. For the instruction of pupils of every age and grade of intellectual culture, ample arrangements have been made. No efforts will be wanting to promote the improvement of the pupils, and young ladies receiving instruction at this Institute, will share in the enjoyments, privileges and attentions of daughters.

The play-ground—an item essential to a school—is large, dry and secluded from public view; and references to persons of the highest respectability who have had their daughters at the Institution for years.

A course of lectures on History and Biography will be delivered to the advanced classes by Dr. Macaulay, during winter, and in order to the pupils understanding the lectures on scientific subjects, the school is furnished with the requisite apparatus. For further information application may be made personally or by letter to the principals.

P. S. To enable DR. MACAULAY to give undivided attention to the duties of the Institute, he will retire from teaching at Madame DESRAYAUX'S. s4 6m
