MEDICAL

DR. S. P. TOWNSEND'S SARSAPARILLA.

WONDER AND BLESSING OF THE AGE
THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

THIS extract is put up in quart bottles; it is six times cheaper, pleasanter, and warranted superior to any sold. It cures diseases without vomiting, purging, sickening, or debilitating the patient.

The great beauty and superiority of this Sarsaparilla over all other medicine is, whilst it eradicates disease, it invigorates the body. It is one of the very best

SPRING AND SUMMER MEDICINES.

ever known; it not only purifies the whole system—it strengthens the person, but it creates new, pure and rich blood, a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past five years more than 100,000 cures of severe cases of diseases; at least 15,000 of these were considered incurable. It has saved the lives of more than 5000 children during the two past seasons.

TEN THOUSAND CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY.

Dr. Townsend's Sarsaparilla is a positive and whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretions committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

and renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

Consumption Cured.

Cleansed and Strengthen—Consumption can be cured—Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness of the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side &c., Acknowledged to be cured.

Spitting Blood.

NEW YORK, April 28, 1847.

Dr. Townsend—I verily believe that your Sarsaparrila has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has been a wonderful change wrought in me. I am now able to walk all over the city. I raise no blood and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,
WM. RUSSELL, 65 Catharine st.

Rheumatism.

This is only one of more than fourthousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues.

Jacob Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter

Blackwell's Island, Sept. 11, 1847.

Dr. Townsend—Dear Sir: I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not eat, sleep, or walk. I had the utmost distressing pains, and my limb were terribly swollen. I have used four bottles of your Sarsaparilla, and have done no work, and use one thousand dollars worth of good. I am so much better—indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours respectfully, JAMES CUMMINGS.

To Mothers and Married Ladies.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is pregnant should use any of the common and inferior sarsaparillas, as miscarriages are subject at this time of life. This period may be delayed for several years by using the mild and gentle Extract of Sarsaparilla, and at the approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all of the delicate diseases to which women are subject. It braces the whole system, renews permanently the natural energies, removes the languor from the body—and as for stimulating the sluggish blood to produce a healthy circulation, which is the cause of most maladies, it is far superior to any other medicine. By using a few bottles of this medicine many severe and painful surgical operations may be prevented.

Great Blessing to Mothers and Children.

It is the utmost and most efficient medicine of a strengthening nature, and relieving the nervous system, and consequently the whole system. It strengthens both the mother and her child, relieves pain and hardness, and makes and enriches the blood which nourishes the child. Mothers, this medicine is highly valuable both before and after confinement. As a preventive it is invaluable to all those who have a tendency to miscarriage, or premature delivery, brought on by a weak state of the system, or by pain in the back and joints, or any kindred complaint, and by taking the extract, miscarriage and pain may be prevented. It has never failed. The extract, when taken as directed, will always be found to produce a happy result. Mothers, try it, and be convinced of its efficacy. Exercise in the open air is highly beneficial to those who are in a state of confinement.

Owing to the great success this remedy has met with, Dr. Townsend's Sarsaparilla, unprincipled men who were formerly our agents have commenced to make or Sarsaparilla Extracts, Bitters, Ointments, Pills, Yellow Ointment, &c. They generally put their name shaped bottles, and some of the boxes stolen and copied our labels, purposely to deceive, only worthless imitations, as I know the article.

TRICKS OF QUACKS.

Let Everybody Read This Carefully.

THERE is a Sarsaparilla for sale in the different towns called the genuine Dr. Townsend's Sarsaparilla. It is advertised with the original, and is a notorious falsehood. While we ignore all such of the respectable agents for the sale of this unequalled compound, throughout the country, from our participation in the fraud, we treat it as due to caution the public against the trickery of unprincipled men, who unblushingly put forth to the world such notorious falsehoods.

Dr. Townsend has expended over $200,000 (the last eight years in advertising his Sarsaparilla, which has obtained a character and reputation throughout the United States, and a greater part of the world, the sale being continual.

This excited the cupidity of certain unprincipled men, and an old man who has been engaged in publishing cheap publications for a number of years. This man's name is Jacob Townsend. He applied to a number of men to get countenance, and to sell the use of his name to put up Dr. Townsend's Sarsaparilla, stating the large sales and sums we had expended in advertising as an inducement to embark in the business. Among others he applied to Charles Watrous, Esq., editor of the Jamaica Farmer, who scorned such a proposition. Mr. A. Andrews, formerly one of the proprietors of McAllister's Ointment; Ralph Throop, formerly cashier and financier of the broken shinplaster Canal Bank of Jersey City; John Skillman and Wm. Thompson, under the name of Skillman, Thompson, & Co., have employed this old man, and agreed, as he states, to pay him seven dollars per week for the use of his name.

Another Trick

We went to an expense of five hundred dollars to get up a splendid steel engraving for our Label, and had the portrait of Dr. Townsend to distinguish it from all others and prevent mistakes. These men are now getting up a label on steel, with a portrait of old Jacob Townsend—let the public decide upon such transactions, and let them remember that none is genuine and original, unless signed with the name of S. P. Townsend. The plate is engraved on steel and contains the portrait of Dr. Townsend, three female figures and a view of our factory. The spurious has no factory or female figures.

Dr. Townsend Ne Physician.

These men also publish that Dr. Townsend is no Physician. This, like all other statements, is false. Dr. Townsend attended two of the best medical schools in the country, has studied the different theories of medicine, and practised for the last fifteen years, has experimented several years and expended large sums of money in bringing his medicine to perfection.

☞ Among other recommendations of his bar-icle is warranted to keep sweet in all climates.

☞ Prepared and sold by S. P. TOWNSEND M. D., 126 Fulton street, New York. ☞ All persons who want the Original and Genuine S. P. Townsend's Sarsaparilla, which has stamped such universal satisfaction in this city during the last three years, can procure the same of the *Only Agents* for New Orleans.

Prof. A C Harry's Tricopherous,
OR, MEDICATED COMPOUND.

INFALLIBLE for invigorating and beautifying the hair, removing the scurf, dandruff, and all affections of the scalp, and curing eruptions on the skin, diseases of the glands, mucous membranes, tegaments, and relieving stings, cuts, bruises, sprains, &c. With this preparation there is no such word as "fail." The first patents in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing room and otherwise, admit with one accord, that for imparting vigor, gloss, luxuriance and curl to the hair, eradicating scurf and dandruff, healing scalds, burns, cuts, sores, stings, &c., and relieving diseases of the skin, the glands and the mucous, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In health, as well as efficacy, Harry's Tricopherous is unrivalled. The immense sales of the article have enabled the inventor to supply it at retail at 25 cents per bottle, which is from 50 to 100 per cent less than the price of any other preparation for the hair in the trade. The scientific treatise on the hair and its diseases, containing valuable directions for the management and preservation of Nature's greatest ornament, in which each bottle is enclosed, will be worth the money.

The affinity between the ingredients which constitute the skin and hair, which draws its nutriment from the same source, was discovered 40 years ago by the inventor of this, which is the only perfect and important table in the trade, for result as scurf, dandruff, shedding of the hair, eruptions, dryness and harshness of the skin, and baldness, which in the case may be, are the effects of the skin's failure to perform its duties, and the hair's inability to receive its nutriment, and the hair and the hair's vessels, recovering the vitality, will shun little the disease. In all affections of the skin, and of the substance of insects, it is invaluable, as the cause and the effect are the same. In its action it is on the muscular fibre and the glands, and the Tricopherous has its superior in no other and all affections and injury of the organs of the skin are remedied.

Sold in large size 25 cents at the principal office, 137 Broadway, New York, and at the principal Merchants in the principal thoroughfares of the United States and Canada.

BULL'S SARSAPARILLA.

put up in full chart bottles, and contains the strength of SIX TIMES as much pure Honduras Sarsaparilla as any similar preparation made in America.

Price $1 per bottle, or six bottles for $5.

IT has been a well established fact for years past that Sarsaparilla, when pure and properly prepared, was the only true panacea for all diseases originating from an impure state of the blood, the use of mercury, intoxicating drinks, evil habits in youth, barrenness, &c. We boldly assert that JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA is the only preparation before the public that is prepared on strictly scientific principles and of uniform strength. The Sarsaparilla is purchased without regard to price, and every pound, before being used, is subject to the strictest chemical tests, and its genuineness ascertained before being used.

Bull's Sarsaparilla also contains the virtues of several other valuable medical roots, together forming the best compound and producing the *greatest curative agent in the known world!*

GOOD TESTIMONY.

The Ohio State Journal, (Columbus, Ohio,) thus speaks of Bull's Sarsaparilla

IT HAS NO EQUAL!—The unprecedented sale of Bull's Compound Fluid Extract of Sarsaparilla in this city, where it has been introduced for the past two months ONLY, with the very gratifying effects produced upon all who have tried it, warrant the assertion that as a purifier of the blood it has no equal! This is a bold assertion, but it can be substantiated by calling on the agent in this city.

☞ Bear with us reader, it is a little lengthy, and be convinced that BULL'S SARSAPARILLA is the WONDER OF THE WORLD!

And that it will cure you no matter how long you have been suffering.

What Dr. Owen, Druggist and Apothecary of several years standing, says about BULL'S SARSAPARILLA

LOUISVILLE, May 31, 1848.

Mr. JOHN BULL—Dear Sir: I have been for a number of years afflicted with a Mercurial Headache, and a dull heavy pain in my liver. I used almost all the remedies of the day, especially Sarsaparilla prepared by different persons, but all to little or no advantage, until I chanced to meet with yours, three bottles of which gave me more relief than all the others combined.

I therefore take pleasure in recommending your Sarsaparilla to the afflicted as invaluable as a superior article. Very respectfully,

J. H. OWEN.

RHEUMATISM.

I let all those who are suffering under the agonizing fortunes of Rheumatism, try Bull's Sarsaparilla, and see what may also be done for them, if they will use the infallible remedy.

Mr. JOHN BULL—Dear Sir: For the last three years I have been afflicted with Rhumatism of the severest character. I was at times in the greatest agony of pain—I tried every remedy, both in and out for the disease, but found no permanent relief until I was induced to use your preparation of Sarsaparilla, which has entirely cured me of Rheumatism and greatly improved my general health, more than any medicine I have ever used.

I have been free from pain for several months, and have no doubt the cure is permanent and I confidently recommend it as being the best medicine in the world for rheumatism. Yours, &c.

HIRAM BRIGGS.

Uniontown, Union Co., Ky., May 12, 1848.

From Dr. Wm. T. Peters.

MR. BULL—In recent to your sarsaparilla, I will say that I have used it in cases of Chronic Rheumatism, Tetter, Scrofula, Ulcerous Sore Throat, Erysipelas, Scrofula, Cancers, and in all cases where the blood is concerned, in my practice, I have found it a valuable adjunct to the Materia Medica. I have found it a valuable adjunct to the Materia Medica. I have found it a valuable adjunct to the Materia Medica.
