CHEMIST, PERFUMER, AND FANCY SOAP MANUFACTURER,

Purveyor to Her Majesty the Queen of England.

Manufacturer of PERFUMES and SOAPS FOR THE TOILETTE, renowned for the good qualities of his Perfumes for the pocket handkerchief and waters for the toilette. Till the present time the perfumery trade has been brought into disrepute by the bad productions which have been sent to all parts of the continent and the colonies. We particularly recommend the articles manufactured by M. ED. PINAUD as being superior to all others, by the care which is taken in their manufacture, and a certain distinguished character which he has given to all the productions which bear his mark and signature. 2taw—1m

Fine Perfumeries of F. Landon,

No. 184, St. Denis street, Paris.

THIS establishment, long known by its numerous cargoes sent into America and the countries in the North of Europe, recommends itself particularly by its peculiar manufactures, which meet from purchasers a marked preference. It would call special attention to its VINAIGRE DE TOILETTE, *Eau-de-Cologne, Bitter*, and its CHLORINE PAPER, for the purification of sportsmen; its ROSE BARBE SOAP and LACTICA; its POMATI M, *Rose des Fleurs, Jasmin, Cedre & Violette*; its PATES VELOUTINES, for the hands, and in fine, EVERY ARTICLE OF PERFUMERY, of first or second quality, common or *recherché*.

For sale at ALENT & LEVIS Druggists, New Orleans, corner Bienville & Royal. 2taw
