G. Boyer's Institution,
No. 148 Conti street, between Dauphine and Burgundy.
MR. G. BOYER, founder of this establishment, the oldest in New Orleans, avails himself of this opportunity to make a new appeal to the confidence of the public. This institution is conducted in a large mansion, occupying a fine central position, being well ventilated, and in other respects perfectly salubrious. The range of studies which engage the attention of the pupils, extends over all the branches of learning, which are necessary to a useful, polite and finished education; from primary instruction, to the more advanced studies which are especially the purveyance of a collegiate course. The elementary studies are attended to with more than ordinary care, considering the decisive influence which they exercise over the other branches of instruction. Discipline, which must not be separated from assiduous study, not from a good education, is conducted with solicitude. It is calculated according to the age and character of the students, and intended to give them an accurate idea of duty and good behavior.

NEW ORLEANS FEMALE INSTITUTE, OR DAY AND BOARDING SCHOOL, For young Ladies, 253 Camp st.,
Conducted by Mrs. Macaulay.
THIS Institution is under the personal supervision of Mrs. MACAULAY, and the class advanced in literature, science and philosophy, are under the care of Dr Macaulay. The most accomplished teachers are employed to give instruction in the French, Spanish and Italian languages, also in drawing and dancing. The piano, harp and guitar, as well as vocal music, are taught by professors of the highest grade of excellence.
There are now eight instructors to the institution, and it is the aim of the principles to make it, in all respects, such as parents may desire for their daughters' education. Care is taken not only to instil pure morals, and promote habits of correct, lady-like deportment in the pupils, but to make their intellectual as well as ornamental acquirements, practical, so that they may be, in every respect, and consequently, fit them for society and future usefulness.
Young ladies from the country, living in the family as boarders, share in the enjoyments, privileges and attentions of daughters, and are uniformly treated, not so much as members of a boarding school, as daughters of an affectionate family.

ST. LOUIS INSTITUTION.
DIRECTED BY
Madame E. Deron,
No. 145 St. Louis street, between Dauphine and Burgundy streets, New Orleans.
SCHOLASTIC YEAR, 1851-1852.
THIS Institution which for the last twelve years, has followed a constant career of progress and prosperity, has resumed its usual course of studies since the first September.
Madame Deron, formerly a pupil and professor of the "Maison Royale of St. Denis," and a graduate of the University of France, has endeavored to profit by the experience which she has acquired in the United States, to place her institution in the first rank of educational establishments in America.
Madame Deron, exclusively devoted to her pupils, applies herself not only to the cultivation of the mind, but also to the formation of the heart. She strongly desires that the young ladies confined to her care, may be remarked for all those valuable qualities which constitute a really good education, such as the spirit of order and decorum, suitability of temper, and solidity of judgment, mildness of manners and a sympathising disposition, and finally, easy grace and reserved elegance of manners. In order to obtain these results, Madame Deron has always employed as auxiliaries both firmness and mildness, the constant use of emulation, and especially rewards for application and regularity in study. She is seconded by her sister-in-law, Mademoiselle Deron, who, like herself, has always followed the career of instruction: these two ladies watch with the greatest zeal over the daily progress of the pupils.
The locality of the institution well known and appreciated in New Orleans, as one of the most suitable and salubrious in the city, is perfectly well arranged; the class and study rooms and dormitories are spacious and airy, looking over several gardens, and there are besides a handsome yard and a terrace sheltered from the sun and intended for the recreation of the pupils.
The general instruction is given both in French and English; it embraces all the branches which constitute a finished education for young ladies. The English language is the object of especial care, the Creole pupils are required in their communications with each other, and with their professors, to speak the English language exclusively.
Mr. Orton, who has been attached to the Academy from its foundation, devotes a great part of his time to impart to the pupils of the higher classes, a thorough knowledge of the English language and literature, the other classes are intrusted to well qualified American governesses.
Madame Deron has reserved to herself the direction of the French classes. She has besides secured the assistance of an excellent Professor of the higher sciences. Monsieur H. Jagou, who divides with Monsieur H. Deron and Madame Deron, the care of the French department.
The Spanish language forms a part of the system of study.
With respect to religious instructions M. l'Abbe Tholomere, whose zeal is so justly appreciated, continue to prepare the pupils for their first communion in the chapel of the institution.

MUSIC.
The study of Music is the object of particular care. Madame Lavillebeuvre, an artist of the higher order is attached to the institution as Professor of the Piano and Harp. A course of Vocal Music by one of the best Professors of the city.
As a means of emulation, the institution has adopted monthly musical examinations at which parents are invited to be present.
A Professor of Dancing is attached to the establishment. s20

DR. EDOUARD MARTIN'S HYGIENIC ELIXIR, Against Sea-Sickness.
FOR a long time past the scientific world, medical men especially, appear to have been struck with the remarkable fact, that among the innumerable collection of curative agents discovered, not one had been found to counteract or even mitigate the dreadful effects of sea-sickness. Several means have been tried to attain this end. These remedies, whether simple or compound after many trials, have hitherto proved signal failures. An idea may be formed thereof by the perusal of the annals of Pharmacy, Chemistry and Medicine of all countries, published within the last ten years.
The inventor of the "Hygienic Elixir," has at length made this invaluable discovery. After numerous trials, changes and alterations in the proportions of the substances composing this Elixir, he is enabled to offer it to travellers in the shape of a palatable draught, not decomposed or altered either by climate or age.
The Elixir checks sea-sickness immediately, and restores the stomach to its healthy state. However delicate be the constitution of the person using it, it is equally infallible, and procures a genial feeling of ease and comfort. The nausea ceases as if by magic, calm and sleep are restored the appetite awakened and the digestion effected promptly under the influence of this tonic.
The inventor having had an opportunity during a recent sea voyage, to make personally a final trial of his Elixir, has made up his mind to offer it to the public. He could corroborate the above statements by testimonials from several sea-captains, but will appeal only to the opinion of one of the most intelligent and distinguished commanders of the French Transatlantic Company. Captain Labery, having had opportunities of testing, under his own immediate supervision, the efficacy of this remedy, (then in the shape of pills) during several voyages, gives thus the result:
DEAR DOCTOR:—During my last voyage to France I have had opportunities of testing, on divers persons, your remedy against sea-sickness; I am happy to be enabled to report to you that I have obtained the best results, and if it were possible to alter this remedy into a palatable draught, such as a lemonade of some kind, which could be more easily taken than in its present shape, especially when the sea-sickness has already commenced, nothing more would be required, and you would be entitled to the everlasting gratitude of all those who are obliged to travel by sea, without being accustomed thereto.
I am yours truly,
Signed, A. LABORY, Com't, Ship l'Oscar.
The improvement suggested by Capt. Labory, has been effected. The Tonic and Hygienic Elixir against sea-sickness, is sold in four ounce bottles with glass stoppers. Care must be taken to keep the bottles corked, to prevent evaporation.

In Quart Bottles,

In this preparation we have all the restorative properties of the root, concentrated in their utmost strength and efficacy; but while Sarsaparilla Root forms an important part of its combination, it is, at the same time, compounded with other vegetable remedies of great power, and it is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of disease depends. It acts simultaneously upon the stomach, the circulation and the bowels; and thus three processes, which are ordinarily the result of three different kinds of medicine, are carried on at the same time, through the instrumentality of this one remedial agent, which gently stimulates while it disinfects and expels from the stomach and bowels all that is irritating, and at the same time restores and neutralizes the active principle of disease itself, and when that is gone, the symptoms necessarily disappear; and we have only to point to the evidence of it, on the multitudes who have experienced its effects, to convince incredulity itself of its real value.
The Proprietors submit to the public the following certificate from a highly respectable source, of a cure made by using their preparation of Sarsaparilla:—
CHATHAM, Mass., July 2, 1850.
Messrs. A. B. & D. SANDS:
Gentlemen—So truly valuable do I consider your Sarsaparilla, that I feel it to be my duty to state for the benefit of others, the cure effected on myself. Previous to 1845, I had a disease of the throat, which destroyed the tonsils, and was then attacked with violent pain in the head. This soon resulted in severe inflammation, and immense quantities of blood and matter were discharged. For six weeks the disease continued in the head, and then pervaded the body generally, attacking all the limbs. I was confined to a sick bed, from which I never expected to arise.—Many physicians attended me, and the most skillful pronounced me past cure. In short, tongue cannot express my sufferings; and in this condition I heard of your Sarsaparilla, purchased six bottles, and renounced all other remedies. I did not expect to take all I bought, so debilitated had my system become.—Contrary to all expectation, my health almost immediately began to improve, I was able to attend to my domestic duties, and soon could walk out, a thing I once thought would be impossible. My gratitude I cannot express, feeling satisfied that nothing else could have relieved me of the misery and suffering I then endured. I most cheerfully recommend Sands' Sarsaparilla to all suffering as I have done.
Respectfully yours,
REBECCA MAYO.
Knowing the above statement to be strictly correct, and being near neighbors to Mrs. Mayo, we cheerfully testify to the same.

ANOTHER REMARKABLE CURE.
NEW YORK, Jan. 8, 1850.
Messrs. SANDS.—Gentlemen—I have great pleasure in acknowledging to you the great benefit I have received from the use of your Sarsaparilla. A subject of pulmonary disease, I made a voyage to Europe, but while there continued to be afflicted. A few weeks after my return, I was seized with a violent hemorrhage of the lungs, and from the debility and great prostration of strength that followed, with the protracted difficulty of respiration, I am entirely relieved by the use of your Sarsaparilla, which I consider a most important and truly valuable discovery in the healing art. I feel that I have not for fourteen years enjoyed so good health as at present.
Gratefully yours,
S. E. BAYMORE.

Good Testimony.
The Cincinnati State Journal, (Columbus, O.) thus speaks of Bull's Sarsaparilla:
IT HAS NO EQUAL.—The unprecedented sale of Bull's Compound Fluid Extract of Sarsaparilla in this city, where it has been introduced for the past two months only, with the very gratifying effects produced upon all who have tried it, warrant the assertion that as a purifier of the blood it has no equal. This is a bold assertion, but it can be substantiated by calling on the agent in this city.
Bear with us reader, a little longer, and be convinced that BULL'S SARSAPARILLA is the WONDER OF THE WORLD.
And that it will cure you no matter how long you have been suffering.
What Dr. Owen, Druggist and Apothecary of several years standing, says about BULL'S SARSAPARILLA.
Louisville, May 31, 1849.
Mr. John Bull—Dear Sir: For a number of years I have been afflicted with a mercurial headache, and a dull heavy pain in my liver. I used almost all the remedies of the day, especially the Sarsaparillas prepared by different persons, but all to little or no advantage, until I obtained three bottles of your Sarsaparilla, which gave me more relief than all the others combined.
I therefore take pleasure in recommending your Sarsaparilla to the afflicted community as a superior article.
Very respectfully,
J. H. OWEN.

RHEUMATISM.
Let all those who are suffering under the agonizing tortures of Rheumatism, read the following, and see what may also be done for them, if they will use the infallible remedy.
Mr. John Bull—Dear Sir: For the last three years I have been afflicted with Rheumatism of the worst character. I was at times in the greatest agony of pain—I tried every remedy I could procure for the disease, but found no permanent relief until I was induced to use your preparation of Sarsaparilla, which has entirely cured me of Rheumatism, and greatly improved my general health, more than any medicine I have ever used.
I have been free from pain for several months, and I have no doubt the cure is permanent, and I confidently recommend it as being the best medicine in use for Rheumatism.

Mr. Bull—In regard to your Sarsaparilla I will say, that I have used it in all the Cutaneous Affections of long standing, as Tinea Capitis, Lepra, Psoriasis, Scabies, Syphilitic, Cachexia, and in all diseases where the indication of cure is a thorough change of [illegible] modification of the fluids of the body, with considerable success, in conjunction with local treatment. It is perhaps needless to procure any further testimony in favor of this great remedy. It has only to be tested and proved to convince the public of its superior efficacy. All who are laboring under chronic diseases, general derangement, nervous debility, weakness, the effects of mercury, or anything of the kind give it a fair trial. There are thousands throughout the land who might be cured of it. Let them try it, and we assure them that they will not regret it.

NOTICE TO FEMALES.
John Bull's Sarsaparilla is one of the greatest Female Medicines now in existence. In those numerous cases where the constitution is debilitated, the nervous energy is lessened, when the efforts of nature are weak and deficient, or are profuse and overwrought, where the face is pale and colorless, the strength feeble and yielding, the spirits troubled and depressed, the health broken, and shaken, and consequently the happiness destroyed—then Bull's Sarsaparilla is a sovereign remedy. It communicates in the performance of her duty; braves the whole system, renews permanently the natural energies, removes obstructions, checks excesses, corrects pains and healthy blood and imparts health and happiness. We are glad generally to adopt the use of this medicine, and we would be sure to suffering, disease and unhappiness among [illegible] instead of wars and perhaps a happy long life. From Dr. James M. Moore.

More Testimony from Dr. Moore.
Mr John Bull—I am using your Sarsaparilla in several new cases of Scrofula, and with happy effect. I am now confident it is one of the most efficacious medicines that can be made for that disease.

Testimony like the following cannot fail to establish the contents on the efficacy of Bull's Sarsaparilla.

What Dr Pyles, Physician, by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla:
I have examined the prescription for the preparation of John Bull's Sarsaparilla and believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla in use.

DUCONGE'S PECTORAL BALSAMIC SYRUP.
LABORATORY OF THE PROPRIETOR,
No. 39 Chartres street, N. O.
THE well known virtue of this vegetable syrup in all ailments of the breast, chest, lungs and bowels, is so well established, and has been tried for so many years; by such extensive patronage, that it would be idle to dwell at any length on its efficacy in colds, coughs, asthma, bronchitis, spitting of blood and whooping cough.
It has been found highly beneficial in all inflammatory disorders, such as Rheumatism, Diarrhea, or dysentery, (summer complaint,) and especially in those cases of cholerine which, for want of proper notice, so often degenerate into confirmed cholera.
In all affections of the lungs, verging on Consumption, it has been found to prevent that dreadful scourge, whenever timely resorted to.
Besides its acknowledged certainty of cure, this truly wonderful Medicine has over most compounds of the same nature, the decided advantages that, owing to its agreeable flavor, it can be administered without difficulty to children, and it requires no very particular diet.
