A. W. Faber's Polygrades Lead Pencils.
BEWARE OF COUNTERFEITS!

THE well established reputation of these Pencils, which have obtained the Prize Medal of the World's Fair, of 1851, in London, as well as in Paris, Bavaria and Saxony; being also strongly recommended by the royal Academies of Paris, Berlin, Munich, and Rome, has induced some unprincipled persons to imitate them, and to sell these imitations, sometimes of a very inferior quality, to the public as genuine. Several parties in this country have already been brought to justice for selling counterfeits. There are others, who in order to avoid the law have the stamp on the Pencils slightly changed from A. W. Faber, into W. A. Faber, A. G. Faber, A. W. Fabre, A. K. Farre, A. W Favre. Be, therefore, careful to examine the stamp. Look for the facsimile of the signature of A. W. Faber on the labels round the boxes.

A. W. Faber's Polygrades Lead Pencils, most exactly graded from 4 to 12 degrees of hardness, put up in dozens, grosses, or in elegant fancy drawing boxes, as well as Carpenter's Pencils, red, white and drawing chalk, Creta Laevis of 19 to 200 different colors and shades, Slate Pencils, India Rubber in Cedar-wood, Lead Points for Pencil-cases, are sold by all the respectable stationers in the whole civilized world.
