NEW ORLEANS FEMALE INSTITUTE, OR DAY AND BOARDING SCHOOL, For young Ladies, 353 Camp st., Conducted by Mrs. Macaulay.

THIS Institution is under the personal supervision of Mrs. MACAULAY, and the class advanced in literature, science and philosophy, are under the care of Dr. Macaulay. The most accomplished teachers are employed in giving instructions in the French, Spanish and Italian languages, also in drawing and dancing. The piano, harp and guitar, as well as vocal music, are taught by professors of the highest grade of qualifications.

There are now eight instructors in the institution, and it is the aim of the principles to make it, in all respects, such as parents may desire for their daughters. Every care is taken not only to instil pure morals and promote habits of correct, lady-like deportment in the pupils, but to make them useful in the greater relations of life, and consequently, fit them for society and future usefulness.

Young ladies from the country, living in the family as boarders, share in the enjoyments, privileges and attentions of daughters, and are uniformly treated, not so much as members of a boarding school, as daughters of an affectionate family.

To the establishment is attached a large and well selected library; and to create a thirst for the acquisition of general knowledge as to the improvements and changes that are continually taking place in the literary, scientific and political world, leading Periodicals of a truly valuable character, and standard books of reference, are at the command of the young ladies well advanced in school education, for the important purpose of teaching them to acquire useful knowledge for themselves, by means of research and examination.

Monthly reports issued, as to progress and conduct.

A class for the study of the Latin language, will be formed on the first of November, and one on the use of the Globes.

References are made to parents who have had their daughters at the institution for years and further particulars and circulars can be obtained by applying, personally or by letter either to Dr or Mrs. Macaulay. s22

GOUBAULT'S ACADEMY, No. 184 Toulouse Street.

THE principal of this Establishment and his wife, not enjoying good health, and having obtained the object of a moderate ambition, intend to retire.—They avail themselves of the present opportunity to express their gratitude to the parents of their pupils and to the public for the encouragement that they have deservedly received.

Mr. and Mrs. GOUBAULT highly recommend to families, Mr. and Mrs. BOURSIER, who will take the direction of the Establishment. They have secured the services of the accomplished Professors attached to the Institution.

From the 1st of September, Mr. and Mrs. BOURSIER will act as assistants to Mr. and Mrs. GOUBAULT, in order to make themselves known and appreciated, and on the 1st of October, the establishment will be under their immediate control.

Families are invited to visit the Establishment which will be completely repaired. s1 tf

Mrs. Le Tellier's Academy.

MRS. LE TELLIER ex Principal Teacher in the Public School, on Burgundy street, First District, will open on Wednesday, September 1st, 1852, an Academy wherein all the branches of a solid education will be taught in the French and English languages, by the best Professors.

Particular instruction given in needle-work and accomplishments.

The number of boarders who have already been admitted at Mrs. Le Tellier's new establishment, compels her to open her Academy on Dauphine street, between Ursuline and St. Philip streets, instead of Bourbon street, as previously announced.

This vast edifice contains all that is requisite for the comfort of the pupils. The yard and dormitories are spacious and well ventilated.

The numerous pupils who, for the last ten years have been confided to the care of Mrs. Le Tellier, the greater number of whom are lately her pupils, young ladies lead her to expect the favor of families.

Mrs. Le Tellier is a mother and a friend to her pupils; her care is principally devoted to them; as she calls them, and in both these respects she claims general patronage. au26

Proposals for Erecting a Mint, with the necessary Machinery, at San Francisco.

TREASURY DEPARTMENT, [illegible]

SEALED PROPOSALS will be received [illegible] ... [illegible] The amount will be paid on the completion of the building, to be ascertained by the estimates of the superintendent, deducting ten per cent. ... [partly illegible] ... the approval and acceptance of the Department.

Payments will be made every sixty days on the amount of the work done materially actually put on the building, to be ascertained by the estimates of the superintendent and architect thereof, reserving from each of such one hundred dollars, to which sum the expenditure to express by limited by the act of Congress.

Every proposal must be accompanied by a written guarantee, signed by two responsible persons, to the effect that they undertake that the party or parties making it, if his or their bid be accepted, shall and will enter into a contract and bond, with sufficient sureties to the satisfaction of the President of the United States and the Secretary of the Treasury, in the sum of fifty thousand dollars for the faithful execution of the work; and no proposal will be considered unless it is accompanied with such guaranty.

Proposals will also be received at the same time and place for furnishing the needful machinery for said branch Mint, according to specifications, which will likewise be furnished by the Department, and upon the same and conditions as specified above in relation to the building, and the guaranty of the bond for the machinery required for the faithful execution of the contract, which will be in the sum of twenty thousand dollars.

Proposals will also be received at the same time and place, agreeably to the act of Congress, for the sale, lease or rent of any building and machinery suitable for the purpose of a Branch Mint, and upon the same conditions as specified in relation to the building. Such building and machinery to be equal in all respects to the plans and specifications referred to above for the new building, and to be capable of coining at least thirty millions of gold annually, in a fair proportion of pieces of the different denominations, from one to twenty dollars each, as now authorized by law. If a suitable building and machinery are bought or leased under the authority to that effect granted by Congress, no contract will of course then be made for the erection of a building and furnishing the machinery.

The bids will be opened and recorded in the presence of such bidders as may think proper to attend and should the bids which may be made from California not be received at the Department previous to the aforesaid 8th day of February, 1853, it will reserve the right to delay opening the other bids which may be presented.

A decision will be made as soon as practicable after the Department has been officially advised that a law has been passed by the Legislature of the State of California, exempting said Branch Mint from taxation, &c., as is required by the 6th section of the act of Congress of the 3d July, 1852, to establish a Branch Mint of the United States in California.

Those persons in California who may be disposed to make proposals for said building or machinery will deliver the same to the Collector of Customs at San Francisco previous to the expiration of sixty days after the first publication of the present advertisement in two newspapers issued in San Francisco, that period having been designated in the act of Congress for the notice for proposals in California. The Collector at San Francisco will be furnished with copies of the plans and specifications for the information of those who may wish to make bids there. THOS. CORWIN, oc18-law3feb Secretary of the Treasury.

A. W. Faber's Polygrades Lead Pencils.

BEWARE OF COUNTERFEITS!

THE well established reputation of these Pencils, which have obtained the Prize Medal at the World's Fair, of 1851, in London, as well as in Prussia, Bavaria and Saxony; being also strongly recommended by the royal Academies of Paris, Berlin, Munich, and Rome, has induced some unprincipled persons to imitate them, and to sell these imitations, sometimes of a very inferior quality, to the public as genuine. Several parties in this country have already been brought to justice for selling counterfeits. There are others, who in order to avoid the law have the stamp on the Pencils slightly changed from A. W. Faber, into W. A. Faber, A. G. Faber, A. W. Fabre, A. K. Favre, A. W. Favre &c, therefore, careful to examine the stamp. Look for the facsimile of the signature of A. W. Faber on the labels round the dozens.

A. W. Faber's Polygrades Lead Pencils, most exactly graded from 4 to 12 degrees of hardness; put up in dozens, grosses, or in elegant fancy drawing boxes, as well as Carpenter's Pencils, red, white and drawing chalk, Crets, Laevis of 12 to 200 different colors and shades, Slate Pencils, India Rubber in Cedar-wood, Lead Points for Pencil-cases, are sold by all the respectable stationers in the whole civilized world. [illegible] ... WE HOLD ... JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA ... [illegible] ... uniform strength. The Sarsaparilla is purchased without any regard to price, and every pound before being used is subjected to the strictest chemical test, and its genuineness ascertained.

Bull's Sarsaparilla also contains the virtues of several other valuable medicinal roots, together forming the best compound and producing the greatest curative agent in the known world.

This medicine when used according to directions

Good Testimony.

The Ohio State Journal, (Columbus, O.,) thus speaks of Bull's Sarsaparilla:

IT HAS NO EQUAL.—The unprecedented sale of Bull's Compound Fluid Extract of Sarsaparilla in this city, where it has been introduced for the past two months only, with the very gratifying effects produced upon all who have tried it, warrant the assertion that as a purifier of the blood it has no equal. This is a bold assertion, but it can be substantiated by calling on the agent in this city.

Bear with us reader, a little longer, and be convinced that BULL'S SARSAPARILLA is the WONDER OF THE WORLD.

And that it will cure you no matter how long you have been suffering.

What Dr. Owen, Druggist and Apothecary of several years standing, says about BULL'S SARSAPARILLA. Louisville, May 31, 1848.

Mr. John Bull—Dear Sir: For a number of years I have been afflicted with a memorial headache, and a dull heavy pain in my liver. I used almost all the remedies of the day, especially the Sarsaparilla prepared by different persons, but all to little or no advantage, until I changed for yours. I have been using it but a few weeks, and can say with ease, I am almost entirely relieved of my afflictions, and I would more than all the others combined. I therefore take pleasure in recommending your Sarsaparilla to the afflicted community as a superior article. Very respectfully, J. H. OWEN.

RHEUMATISM.

Let all those who are suffering under the agonizing tortures of Rheumatism, read the following, and see what may also be done for them, if they will use the infallible remedy:

Mr. John Bull—Dear Sir: For the last three years I have been afflicted with Rheumatism of the severest character. I was at times in the greatest agony of pain—I tried every remedy I could procure for the disease, but found no permanent relief until I was induced to use your preparation of Sarsaparilla, which has entirely cured me of Rheumatism, and greatly improved my general health, more than any medicine I have ever used.

I have been free from pain for several months, and I have no doubt the cure is permanent, and I confidently recommend it as being the best medicine in use for Rheumatism. ISHAM BRIGGS, Uniontown, Union co Ky., May 12, 1848.

From Dr. Wm. T. Prentiss:

Mr. Bull—In regard to your Sarsaparilla, I will say, that I have used it to some extent in Cutaneous Affections of long standing, as Tinea Capitis, Lepra, Psoriasis, Scabies, Syphilitic, Cachexia, and in all diseases where the indication of cure seems to consist in a thorough change or modification of the fluids of the body, with considerable success, in conjunction with local treatment. I think I would prefer it to any preparation of Sarsaparilla in use, and any physician will admit its value upon learning the substance that enter into its composition. Respectfully yours, W. T. PRENTISS, M. D. Lewisport, Ky. Dec. 4, 1847.

It is perhaps needless to procure any further testimony in favor of this great remedy. It has only to be tried and proved to convince the public of its superior efficacy. Let all who are laboring under chronic disease, general derangement, nervous debility, weaknesses, the effects of mercury, or anything of the kind give it a fair trial. There are thousands throughout the land who stand in need of it. Let them try it, and we assure them that they will not regret it.

NOTICE TO FEMALES.

John Bull's Sarsaparilla is one of the greatest Female Medicines now in existence. In those numerous cases where the constitution is debilitated, the nervous energy is lessened, when the efforts of nature are weak and deficient, or are profuse and overwrought, when the face is pale and colorless, the strength feeble and yielding, the spirits troubled and depressed, the health broken, mind shaken, and consequently the happiness destroyed—then Bull's Sarsaparilla is a sovereign remedy. It assists nature in the performance of her duty; braces the whole system, renews permanently the natural energies, removes obstructions, checks excesses, creates pure and healthy blood, and imparts health and happiness. Were ladies generally to adopt the use of this medicine, we would see far less suffering, disease and unhappiness among them than now exist, health would take the place of disease, the rosy cheek would succeed the pale face; we should have smiles instead of tears, and perhaps a happy long life, instead of one cut short by disease, or made miserable from continued suffering and affliction. At that critical period termed the "Turn of Life," which is often attended with so much danger, Bull's Sarsaparilla is found to exert a most beneficial effect. All ladies approaching this crisis should be apprised of this fact, and avail themselves of this valuable medicine.

A BEAUTIFUL CLEAR SKIN

How we all admire a clear, beautiful white skin, and a rosy colored cheek. How often do we see persons not possessing this blessing endeavouring to be "washed," resorting to cosmetics, lotions, washes, paints, and coloring materials to restore to them a semblance of that which is the manifest injury to the skin. The fact is, Bull's Sarsaparilla is the best known. It makes the skin clear and the correct and only true principles, not by coating the surface with poisonous or deleterious matter, which serves to close the pores and check perspiration, but by removing every particle of bilious, morbid and diseased matter from the blood, making the same pure, healthy and vigorous; giving activity to the skin, clearing the dingy, yellow, dark and sallow countenance to the blooming freshness of youth. If the ladies generally could be apprised and convinced of this fact, they would abandon the use of paints, mixtures and lotions, and use the only effectual remedy. "A word to the wise is sufficient," and a hint is enough to the ladies.

BETTER TESTIMONY.

From Dr. James M. Moore:

Mr. John Bull—I have no hesitation in saying that I believe your Sarsaparilla to be the best article ever manufactured for the cure of Scrofula, Syphilis and many other Cutaneous and Glandular Affections, having used it with entire success in a number of the above cases. JAS M. MOORE. Louisville, Dec. 26, 1847.

More Testimony from Dr. Moore.

Mr. John Bull—I am using your Sarsaparilla in several new cases of Scrofula, and with happy effect. I am now confident it is one of the most efficacious medicines that can be made for that disease. Yours, JAS. M. MOORE, M. D.

Winchester, Ky., Feb. 1, 1848.

Testimony like the following renders superfluous all further comments on the efficacy of Bull's Sarsaparilla.

From Dr. L. P. Yandell, Professor of Chemistry in the Louisville Medical College.

"I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable. L. P. YANDELL, M. D. Louisville, June 6, 1848.

What Dr. Fyles, Physician, by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla. Louisville, March 29, 1849.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla in use. M. PYLES, M. D., Resident Physician, Louisville Marine Hospital.

From the People's Journal, Quincy, Ill.

BULL'S SARSAPARILLA.—We have used one bottle of this Sarsaparilla for general debility and lumbago, and believe we have experienced more relief. We used in time gone by, two bottles of S. P. Townsend's Sarsaparilla, for which we paid $2, and believe we received injury instead of benefit from its use.

This medicine is daily grappling with disease, through the western country, restoring to blooming health and youthful vigor, the sick and afflicted—nay, those that are grievously tormented. Certificates are teeming from all directions, from men of truth and high moral standing, placing it, from intrinsic merit, the very best of all remedies before the public.

Sold wholesale and retail by JOHN BULL, at his principal office, 81 Fourth st., Louisville, Ky., and by the Druggists generally in the city and country.
