Medical Evidence.

We, the undersigned, having frequently administered a medicine prepared by Mr. John Winer, of this town, designated J. G. O'REILLY, Lieutenant of the R. C. of Surgeons in Ireland, etc.

G. W. DICKINSON, Member of the R. C. of Surgeons, London, etc.

FROM THE REV. J. FLANAGAN OF BANBROOK C. W.

J. Winer—Sir: I have made the trial of your Canadian Vermifuge and with the most happy results. In my own family, and in every case which has come to my knowledge, the expulsion of Worms has followed the administering of your Vermifuge, and every one here prefer it to any other, as its effects are certain, and children take it more readily, which is a great point gained in giving medicine to children.

JOHN FLANAGAN. July 16, 1853.

Physicians generally use WINER'S CANADIAN VERMIFUGE. This medicine is a simple vegetable preparation, and can always be administered with perfect safety and confidence as to the result, as it will always destroy Worms and restore the patient to health. Over one thousand certificates have been sent to the Agents from planters, physicians, and merchants, bearing testimony to the efficacy of this infallible remedy.—Warranted in all cases.

G. BOYER'S INSTITUTION.

No. 149 Conti Street, between Dauphine and Burgundy.

MR. G. BOYER, founder of this establishment, the oldest in New Orleans, avails himself of this opportunity to make a new appeal to the confidence of parents. This institution is conducted in a large mansion, occupying a fine central position, being well ventilated, and offering every requisite comfort to pupils. The range of studies which engage the attention of the pupils, extends over all the branches of learning, which are necessary to a useful, polite and finished education; from primary instruction, to the more abstruse branches which are especially the province of a collegiate course. The elementary studies are attended to with more than ordinary care, considering the decisive influence which they exercise over the other branches of instruction. Discipline, which must not be separated from assiduous study, nor from a good education, is conducted with vigilance. It is calculated according to the age and character of the students, and intended to give them an accurate idea of duty and good behavior.

ST. LOUIS INSTITUTE.

CONDUCTED BY Madame Deron.

Day and Boarding School for Young Ladies. No. 313 Dauphin and 155 Hospital Street.

THE constantly increasing number of the pupils of the St. Louis Institute, has induced the conductress to procure more spacious premises.

Mrs. Deron, in removing from St. Louis street to the new and large buildings in Dauphin street, occupied lately by the Louisiana College, has selected a more suitable site for a young ladies' Academy.

The play ground is planted with trees, and will be devoted exclusively to the pupils, the entrance being in Hospital street.

Mrs. Deron tenders her heartfelt thanks to the families who have honored her with their patronage and feels happy in being able to increase the comforts of their children.

The general educational departments, (the French and English languages) are, as heretofore, under the direction of most competent Professors, who feel the deepest interest in the success of the St. Louis Institute.

With respect to the moral and religious part of education, good deportment and pleasing manners, nothing will be wanting on the part of Mrs. Deron and the ladies who assist her.

The Musical department, (the Piano, Harp, Solfeggio and Singing,) is, as heretofore, under the direction of Mrs. Lavillebeuvre and Mr. Brocard, assisted by Professors well known for their ability in that branch of the education of young ladies.

Monthly musical examinations will take place in order to arouse the emulation of the pupils and ascertain their progress.

For further particulars, see prospectus, which can be had at the Institute and principal book stores.

N. B.—An OMNIBUS is attached to the Institute for the special purpose of conveying and taking back the pupils who reside in the First District. sov1

DAY AND BOARDING SCHOOL FOR YOUNG LADIES,

Under the Direction of MADAM CHARPAUX,

At the corner of Bayou and Claiborne streets.

THIS SEMINARY, whose existence dates some six years back, has met with a success that proves beyond all cavil, the capacity of those who have charge of it.

Determined to merit the confidence of parents, Madam Charpaux will spare no pains to make her Seminary equal to the best institutions of the kind in New Orleans, and in order to do this, she has employed the ablest teachers.

Madam Charpaux has purchased a large and airy edifice on one of the highest pieces of ground in the city, and the better to consult the health of her pupils, she has had spacious and elevated apartments built on purpose for school and sleeping rooms, through which there will be a constant circulation of air from many windows.

Great attention will be paid to the improvement of Scholars in the English language. For this purpose, American ladies of acknowledged capacity, as teachers, will constantly reside in the Seminary.

The English, French and Spanish languages, geography, arithmetic, and in short, all the branches of a polite education, will be taught in this Seminary.

As religion should be the foundation of all sound education, it will be carefully attended to by Madam Charpaux, who will conduct to church and preliminary catechisms, all her young ladies who have their first communion to make.

Music having become a most desirable branch of the education of young ladies, Mr. Charpaux, from the best musical school in Paris, and an artist of the Orleans Theatre, will devote all his time to teaching music. All the Scholars, besides their regular lessons, will practice daily under the eyes of the Professor. The study of the notes will precede the performances, when Mr. Charpaux will put the pupils through the execution of the regular keys and notes, and this will be attended with no extra charge.

In order to kindle emulation among the Pupils, and improve their singing, on the morning of the last Saturday in every month, there will be a musical examination and a distribution of rewards.

Madam Charpaux, in order to complete the education of her Scholars, has opened a class where will be taught all the useful and ornamental branches of needle-work.

During the summer, the classes will open at 8 o'clock, and close at 3. Re-open at 4 and close at 6 o'clock, P. M. In winter, they will open at 8½ and close at 3. Re-open at 4, and close at 5½ o'clock, P. M.

EDUCATION

POINTE COUPEE COLLEGE,

FALSE RIVER, POINTE COUPEE, LA.

THIS establishment is situated on the False River, six miles from the Mississippi, and is easily accessible to scholars from all parts, who may be landed at the Church of Pointe Coupee, from whence they will be conducted to the College, at the expense of the undersigned Directors.

The building is surrounded by extensive play grounds, lined by a splendid lawn shaded with noble oak and lime trees. At the end of the lawn and immediately before the gate, spread out the clear lake-like waters of False River, in which the pupils can enjoy bathing during the oppressive heats of summer. There is also attached to the building a gymnasium, and all kinds of games are being constructed.

It is now seven months since the institution has been opened, and we take to ourselves great merit for the manner in which it has progressed during that short space of time; we have come fifty odd boys, and with the number increasing daily, we have not had one single case of sickness. We can offer to the public advantages, which no other institution can, for the studies being conducted after the principles of French Universities,—devoting half the time to French and the other half to English, scholars will acquire those two languages perfectly, pursuing at the same time their studies, as far as Philosophy included.

CONDITIONS:

Board and Tuition, comprising bed and bedding for the scholastic year............ $130 00

All payments must be made in advance. The first at the time of admittance, the second on the first of March. Parents who may neglect paying during the first month, will be obliged to withdraw their children.

The following articles are left to the choice of parents:

Washing	$25 00
Paper, pens, ink, &c.	10 00
Infirmary charges	10 00
For the pupils who pass their vacations at College	30 00

The extraordinary expenses for the Doctor and Books are not apart.

For further information apply to the undersigned Directors, Priests of the Parish of Pointe Coupee.

JACKSON INSTITUTE,

FOR BOTH SEXES,

UNDER THE MANAGEMENT OF MESSRS. ED. JEGOU AND A. LATERRE

St. Louis street, No. 179, between Burgundy and Rampart streets.

AN Establishment with as complete a plan of studies as that of the Jackson Institute, was wanting in New Orleans. Our experience in teaching offering, as we think, to parents a sure guarantee for the future, we have confidently undertaken a task which, as it is indispensable, should secure to a competent and persevering professor their kind patronage and sympathies. We are conscious of the numerous duties that devolve upon us and the various obstacles we will have to overcome, but should a blind and unjust enmity momentarily jeopardize the success of our praiseworthy efforts, we will submit our claims (which we know will be recognized,) to the enlightened class of the population; their opinion and support cannot fail to insure the stability of our establishment. It numbers already many pupils, although its opening, unexplored on the best and most elevated situation in this city. We have spared no sacrifice and will always make it a duty to avail ourselves of every opportunity of improving it. Our Professors will be selected from among the most advantageously known ladies and gentlemen.

The premises are all that could be desired and are situated in the healthiest part of New Orleans.

The class rooms and dormitories are extensive and perfectly ventilated; a gymnasium and large shed have been constructed in the yard, the largest in the city.

A sewing class is attached to the Girls' school's, wherein every kind of needle work, including embroidery is taught. The course is obligatory.

N. B.—Corporal punishments are expressly forbidden.

BRANCHES OF INSTRUCTION.

Reading, Writing, Arithmetic, Grammar, Geography, History, Book-keeping, French, English, Spanish, Latin, Greek, Mathematics, Rhetoric, Philosophy, Natural History, &c.

The terms are agreed upon with parents. A month begun must be paid in full. Parents are respectfully invited to visit our establishment.

NIGHT CLASS.

English, French, Book-keeping, $4 a month.

For Prospectus, apply to the Principal Booksellers and at the Establishment.

BOURSIER'S INSTITUTION.

148 St. Louis street,

Between Dauphine and Burgundy streets.

(Formerly 154 Toulouse street.)

THE rapid extension of this establishment, and the impracticability of enlarging the premises so as to be able to receive the increasing number of pupils, have determined Mr. and Madame BOURSIER to lease, for a term of years, the large, central and commodious house formerly occupied by Madame Deron, This house, so favorably known, offers all the advantages for an extensive Day and Boarding School.

Mr. and Madame BOURSIER are glad to have this opportunity of expressing to the parents of the numerous pupils the gratitude they feel for the liberal patronage extended to them.

The assistance of enlightened, conscientious and skillful Teachers will give a vigorous impulse to the studies, and parents may depend upon their being conducted with those intellectual and practical methods approved by experience, and sustained by religious and solid education, which must always be the basis of good education.

Mr. and Madame BOURSIER will not say anything in praise of their system of education, but the brilliant results obtained in a short time, have so increased their numbers, which is the most flattering test of popular opinion.

There will be exercises in Music and Elocution every quarter, via the first Monday in July, October, January and April, and a general examination, on the distribution of prizes, will take place on the second Monday of April, the end of the scholastic year.

Mr. and Madame BOURSIER have incurred great expense to found a durable and suitable establishment; therefore, parents and children are invited to pay a visit at its opening on Monday, the 15th of next month.

The prospectus, giving the course of instructions, can be obtained at the Institution, or at every Stationary Store in the city.

N. B.—Parents residing out of the town will find comfortable rooms at Mr. and Madame BOURSIER'S, during their stay in New Orleans. jel7

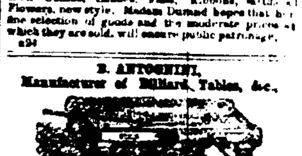
B. ANTOGNINI,

Manufacturer of Billiard Tables, &c.



No. 12 and 14 Conti Street, Between Chartres and Levee Streets,

BEGS leave to inform amateurs and proprietors of Billiards, that he is now ready to furnish them with Billiard Tables of a new kind, and superior to all those which have heretofore been in use, whether manufactured in France or the North or West of the United States.

The repairs which he is every day called upon to make to Billiard Tables coming from those countries, have enabled him to ascertain the kind of construction which is best suited to the temperature of this climate.

The table and bands of a Billiard being generally the parts which are most liable to deterioration, Mr. Antognini has remedied all the inconveniences of these parts.

Every Billiard built by him has a Mahogany table, combined with Oak, Cherry and Hickory, thus warranting them from warping in any direction.

The bands are made of Patent India Rubber, invented by him, and far superior to the French caoutchouc used in different manufactories; these India Rubber were never before used by him since 1846, and have always given great satisfaction.

Gentlemen may satisfy themselves of the above by visiting his establishment, where they will always find some Billiards ready for players, and they will be convinced that the table is durable.

EVERY BILLIARD TABLE BOUGHT FROM HIM IS WARRANTED FOR A NUMBER OF YEARS LIMITED BY THE PURCHASER.

He has constantly on hand a great variety of New and Second-Hand Billiard Tables. Also—BALLS and PINS, for Ten pin Alleys, complete Loto Sets, &c. &c. Also—

EIGHT LEG BILLIARDS.

Persons unable to come to New Orleans and who may desire to procure any of the above named articles, have only to communicate their orders to B. ANTOGNINI, who will execute them satisfactorily.

B. Antognini has also the honor to inform his friends and the public in general, that in consequence of an arrangement with one of the largest manufacturers of Ebony, Cloth, he has obtained a large quantity of extra fine cloth for Billiard tables, which he is prepared to sell at an exceedingly low price.

The extension of his house, and facility which he has established, and continues to establish, enable him to furnish articles manufactured in France and the North, at the same prices [illegible] the lowest current rates [illegible]
