MEDICAL.

CASES OF CURE.

PERRYVILLE, July 26, 1849.

MONSIEUR LE DOCTEUR, I know not whether you may still remember an unfortunate mother with a daughter both completely eaten up with a complaint which had been commenced in Sandy Hill, Washington and Saline, M. Carron de Vaillards, St. Louis, Missouri, Cincinnati, Louisville, and at last by consulting a supplicant to you to obtain from you, fortunately some bottles of your wonderful Rob Lafaite. I have the pleasure to inform you, that your potion has undertaken victims to unfeigned discovery, and gave me hope enough to accede to your request. I am happy to be able to inform you that your generosity has obtained its effect. The daughter is cured, her physical wounds are healed, but her eyes have received. The mother, from an affection of uterine hydrocele, devoted the bottle of the medicine her child; the cure is not to be cured; she was sensibly improving when I consulted your Counsel.

Ah! my dear sir, complete your generous act, and prolong my mother, unfortunate beings by giving them a few more bottles of your miraculous potion. It is in the name of God and of humanity, that the power of this unfortunate mother entire to address this request to you. Complete your work and your name will be for ever blessed in our daughter's heart.

Full of confidence that you will complete the cure of my mother as you have that of the daughter, I accept the greatest consideration etc.

EDOUARD GUENIN, Cure of Perrville.

The mother and her daughter are cured. (1) I give you their names in the idea that you would prefer to wish to mention the cure of one of them (and the cure of the bottle of you with in your medical work on the effects of the Rob.

House of the Sister of Charity Vera-cruz.

SIR—Allow me to express to you my gratitude for the benefit our little patient has derived from your Rob Boyveau, all the pains that she has undergone had neither head-ache nor pains in the stomach, and was going on well when the Rob was administered, but since she discontinued it some of the symptoms have reappeared. You told her that if she would make her some allowance, for your kind heart has given up the entire sum. I shall not be wanting in such a sacrifice. Accept, etc. SOEUR EMILIE, Superieure.

Veracruz, Nov. 20, 1849.

PERRYVILLE, Dec. 22, 1849.

SIR—The following are observations on two cures obtained by means of your Rob.

1. A young girl of 16 named N. of Fort-Andre, labored for many years characteristic signs of a delicate constitution, swelling of the glands of the neck and of the whole temple, paleness of the complexion, etc. After having consulted several medical men, and having exhausted the ordinary resources of medicine for three consecutive years, she was at length declared to be incurable. At my recommendation she took the Rob Boyveau Lafaite for three or four months, and her cure is complete.

2. Rubens, (?) 21 years of age, had been for one or ten months attacked with a painful dartous affection of a serious kind (there was a wound) with a violent pain in a suspicious kind, loss of appetite, feeble and slow and continued fever. She had also the symptoms of the glands of the neck and of the temple of body. Twelve bottles restored her to perfect health.

I will accept with much pleasure the few bottles which you offer me for my poor, and I shall be happy to be of use to you on occasion.

In the mean time, please send me immediately 24 bottles for a young female who has had a serious disease of the skin for several years. You will please send the bottles to the railway directed to M. Harel, in Bergen at Bergen, not to be delivered to me. I have the money in my hand, you will draw on me for it.

Accept, for the renewed assurance of my sincere esteem. LAFLANCHE, Cure of Ecreville Calvados.

VARAYNE, June 3, 1848.

DEAR SIR—M. X., about 60 years of age, had the misfortune to give himself up for several years to the most self pollution, without experiencing any effect in a weakness and a kind of languor which however, had not prevented him from following his ordinary occupations. Last winter he got into bad company and contracted a syphilitic disease. On close examination he found some suspicious stains on his skin; he noticed at first pay much attention to them, but at last they disappeared and the whole skin was covered with very red ulcers with white spots in their centre, and a discharge took place of a greenish matter. He was obliged to leave his occupation and came to inform me of his condition, but I advised him to consult a medical man; I thought of recommending him the Rob Boyveau Lafaite, etc. etc. BOUET,

Cure of Varaville.

VARAYNES, July 11, 1849.

I certify that consultations myself on the recommendation of my son of the Rob Boyveau Lafaite, which I had the honor to consult you, I have taken two bottles, and I am well the effects of the disease have totally disappeared. I consider it my duty to withhold the means the attestation of the cure is sufficient for me.

BOUET.

Cure of Varaville near Bayeux Calvados.

THE FOR OF DE BOYVEAU LAFFECTEUR the sole one authorized, is far superior to the ... of Oldsmar, or Sarsaparilla, or other similar ... It radically cures, without mercury, all affections of the skin, Dartres, Scrofula, the ... of lick, Ulcers, accidents from Arcouche ... the critical period of life, and hereditary ... of diseases. As a depurative it is power ... these cases in concurrence of the Rob, in ... the ... of injections or ... As an ... the Rob cures, in a very short time, ... of most rate diseases coming from the use of ... or Cubebs, or from injections which only repel the Virus, without neutralizing it—the Rob Boyveau is above ... recommended in ... all the ... whether recent or of long standing, and which have resisted the powers of mercury, or the Iodure of Potassa. Depots of the Rob in France, Belgium, Holland, on the banks of the Rhine, and at Sale, at all the Apothecaries. At Angoulême, F. F. Halluin, Nantes, George Gassner, Paris, Chaussée d'Antin, Grimaton, F. R. Lyon, Jaisson, Chevalier and Alsary, at Maurice Demarquay, Rue Mabile, A. Dumas, M. Jacob, Dublin and Mr Dancoigne, Paris, Dr Grandjean de St Germain, 19 rue Racine; Versailles, Chartres, Rouen, Bordeaux, Rochelle and Aquaveuil.

In the United States, the Rob Lafaite is supplied by general and special depots and agents in the principal cities of America. Generally, also, by all the druggists throughout the United States. Price, $1 50 the small bottle, and $3 the large bottle, (half pint) with the direction to use it by Dr. Grandjean de St. Germain. Agents wanted for all the cities which are not marked above. Please write by steamer to Dr Grandjean de St. Germain, 19 rue Racine, Paris, and the medicine will be forwarded immediately.

CHERRY PECTORAL

For the Speedy Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

"And by the river, even the lofty trees shall grow all trees for meat, whose leaf shall not fade and the fruit thereof shall be meat and the leaf thereof for medicine."

Here was hope for the sick recorded long ago, and every year adds new proof to the assurance that these promises shall not fail.

As medical science discovers and designates the remedies nature has placed in the earth, one by one, the diseases that either once yield to the control of art. Of all the maladies on which man, has been carried more relief than is actually given than Consumption of the Lungs. Subjected as it is from some evidence that this tree, may be discovered that Pulmonary Complaints, in all their forms, may be conquered by Cherry Pectoral.

Space will not permit us to publish here any proofs of the cures it has effected, but the Agent below named, will furnish our Circular, free, whenever are full particulars and indisputable proof of these facts.

Sufferer! read and be persuaded!

For Influenza and Whooping Cough.

NASHVILLE, Tenn., June 28, 1841.

Gentlemen—I have repeatedly used your Cherry Pectoral the Whooping Cough and Influenza, and have found it to be an invaluable remedy. Fear of my skill, I have been afflicted with these diseases, and the use of the Pectoral has always afforded almost immediate relief. JAMES GLOVER.

We attest the truth of the above statement.

M. MCAINTY, Editor of the Whig.
J. M. ZIMMERMAN, Druggist.

For a Consumptive Cough.

PITTSBURGH, Pa., Feb. 29, 1851.

DEAR SIR—For three years I have suffered with a cough, so distressing that I frequently despaired of relief, much of the time I was confined to my room and to my chair, at my cough would not allow me to lie down. Having used many remedies without much relief I at last tried the Cherry Pectoral, which, under Providence, has cured me altogether.

I am, with gratitude, yours, JAMES MCCANDLESS.

This is one of the numerous cures of Ayer's Cherry Pectoral, which have been accredited to Cherry Pectoral.

ALBANY, N. Y. April 17, 1848.

Dr. Ayer, Lowell—Dear Sir—I have for years been afflicted with Asthma to the worst form, so that I have been obliged to sleep in my chair for a long part of the time; being unable to breathe on my bed. I had tried a great deal of your medicine, but no preparation, until my physician prescribed, at my experiment, your Cherry Pectoral.

At first it seemed to make me worse; but in less than a week I began to experience the most gratifying relief from its use, and now, in four weeks, the difficulty is nearly removed. I can sleep on my bed with comfort, and I can say my cough is much better. A Thousand Thanks to you. GEORGE S. PARKER.

Commission and Forwarding Merchant.

From the President of Amherst College.

Edward Hitchcock, M. D., LL. D., Pres. J. C. Ayer—Sir—I have used your Cherry Pectoral in my own case of deep-seated Bronchitis, and am satisfied that it is the best medicine for the disease. I have also given it to many others, and have never seen it fail to afford relief, and in most cases a speedy cure. Not only in this section of the country, but in the world.

Prepared and sold by JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass.

Sold by J. WRIGHT & CO. Agents, 138 Camp st.
and E. MACPHERSON, 30 Camp st.

STABLER'S

ANODYNE CHERRY EXPECTORANT

IS confidently recommended to invalids, as unequalled by any known preparation, for the cure of COUGHS, COLDS, BRONCHITIS, ASTHMA, CROUP, CONSUMPTION in its first stage, and for the RELIEF of the Patient even in Advanced Stages of that Fatal Disease.

It combines in a most agreeable form all the most esteemed value, with others of more recent discovery, for the relief of the Lungs and Chest, and for the cure of the skin gently, and with great efficacy, for the cure of this class of diseases.

STABLER'S

DIARRHŒA CORDIAL

Is a pleasant Mixture, compounded in agreement with the value of Physicians of distinguished name, long tested and celebrated for their peculiar efficacy in Cases of DIARRHŒA, and other affections of the system. In its action, it allays NAUSEA and produces a healthy reaction, restoring it a complete remedy. Fear of my skill, I have been afflicted with these diseases, and the use of the Pectoral has always afforded almost immediate relief.

We attest the truth of the above statement.

A permanent cure of a Bad Leg by Holloway's Pills and Ointment.—The Mate of the Ship Mary Ann, on the passage homes from Calcutta, injured his leg, which broke out in one mass of sores, so that he was quite incapable of attending to his duty. He was then recommended by Mr. Taylor, the Ship Owner, to try Holloway's Ointment and Pills. Having procured some from a passenger he used them, and the most happy results followed; for long before he reached England his leg was completely cured, and he enjoyed the blessing of health, which he had not enjoyed for several months before.

Sold wholesale and retail by the Proprietors, 244 Strand (second door from Temple Bar), and by all vendors of Medicines throughout the United Kingdom, and other civilized Nations of the Universe; in the United States, at 377a Canal Street, New York; and in Boston, at 375 Washington Street, by the principal Drug Stores in the Union. In New Orleans, by the principal Drug Stores, and by J. WRIGHT & CO., Agent, 138 Camp Street.
