G. BOYER'S INSTITUTION
No. 146 Conti Street, between Dauphine and Burgundy

MR. G. BOYER, founder of this establishment, the oldest in New Orleans, avails himself of this opportunity to make a new appeal to the confidence of parents. This institution is conducted in a large mansion, occupying a fine central position, being well ventilated, and in other respects perfectly salubrious. The range of studies which engage the attention of the pupils, extends over all the branches of learning, which are necessary to a useful, polite and finished education; from primary instruction, to the more abstruse subjects which are especially the province of a collegiate course. The elementary studies are attended to with more than ordinary care, considering the decisive influence which they exercise over the other branches of instruction. Discipline, which must not be separated from assiduous study, nor from a good education, is conducted with solicitude. It is calculated according to the age and character of the students, and intended to give them an accurate idea of duty and good behavior.

—BRANCHES OF INSTRUCTION—

The English, French, Spanish, Greek and Latin languages, Mathematics, History, Geography, Elements of Natural Philosophy, and Philosophical Science.

YOUNG LADIES' ACADEMY.

MADAME PARENT has removed her institution to Customhouse st, between Royal and Bourbon, No 56, the house heretofore occupied by Mr. Ducros, and is ready to resume her classes, half boarders and day scholars. There is a very large yard, together with a garden for the young ladies to amuse themselves. The appartments are vast and well aired. Three services, advantage and indispensable cultivation of the minds of their daughters. The best Professors are employed. Every branch of a solid and refined education is taught, in both languages; also, accomplishments such as drawing, Painting, Embroidery, &c.

MADAME PARENT would inform the public that she has made permanent engagements with Professors Le Bosque and Auchmuty, late (principals of the Franklin High School). It would be superfluous to add anything respecting the very distinguished talents of these gentlemen, who are already so long known to the community at large. The former has charge of the French language and French literature; the latter, the supervision of the higher English classes and natural sciences.

The Musical department is under the direction of three of the most competent and acknowledged talents in the city.

Professor Allemo has the special charge of the Mathematical branches.

Mr. Gambini has been engaged as a Teacher of Vocal Music.

For terms apply at the institution. Parents are permitted to visit this institution on Sundays.

Once a week, (Saturday,) between 12 and 1 o'clock, the young ladies assemble in the parlor, to meet to acquire those polite and graceful manners so necessary to young persons when they enter society.

ORLEANS HIGH SCHOOL,
NO. 50 AND 52 ESPLANADE STREET
Ernestine Everett, A. M.,
Principal and Proprietor.

THE Session of 1853-54 will commence on Thursday, September 1st. The various branches of knowledge are taught by Mr. Everett, and a corps of Assistant Professors, selected with a view to good character, sound learning, and experience in teaching. The Principal is thus able to give a guarantee that all students who shall resort to this institution, will be fitted either to discharge the duties of the more responsible situations of life, or to enter with advantage upon the study of the learned professions.

The ancient languages receive that attention which their importance deserves. Students may here receive without extra charge the same thorough knowledge of the Greek and Latin languages that is imparted in our best Northern Colleges.

As the Modern Languages, (particularly the English and the French) and the higher mathematics receive very special attention, the school offers similar advantages to boys designed for mercantile pursuits.
