[illegible] ORLEANS MEDICAL [illegible]

[illegible] *Analysis of the Urine.*

THE greater number of maladies are [illegible] means of ascertaining and curing [illegible] tained from an analysis of the Urine. [illegible] it is impossible to be led astray, and this is the chief aim of medical science.

DR. NADO,

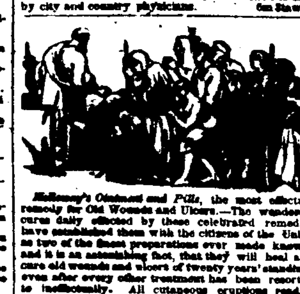
Ancient Interne of the [illegible] Hospital of France, of Mr. [illegible] of G. Berlin, a learned French Chemist [illegible] his Laboratory is No. [illegible] the infallible method [illegible] deserve the confidence of the [illegible] New Orleans, by the numerous cures effected by such means.

Mr. Nado's diseases, Yellow Fever included, and, moreover, preserves health, which, as all are fully aware, is alone dependent upon the regularity of the functions of the stomach; and for the purpose of arriving at a correct knowledge of the chemical reactions which occur in the organization, and particularly of the metamorphoses undergone by organic matter diffused through the system by the action of the functions regulating nutrition, there is no more certain course to be observed than an analysis of the Urine.

The course of treatment and medication followed by several of the most learned physicians of the hospitals of Paris, especially in cases of grave illness, are based alone upon the data obtained from an analysis of the Urine. And it is thus, that throughout Europe, even in remote rural districts, persons possessing no other knowledge of the art, save that derived from a material examination of the Urine, are miraculously successful in their cures of all maladies.

Nota: For the purpose of consultation at the Laboratory, persons calling must bring with them a certain quantity of Urine newly emitted by the sick. Persons residing in the country can, after one visit, be treated and cured with the same certainty.

Mr. Nado will also analyze Urine submitted to him by city and country physicians. 6m 3taw

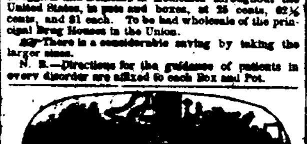


Holloway's Ointment and Pills, the most effectual remedy for Old Wounds and Ulcers.—The wonderful cures daily effected by these celebrated remedies have established them with the citizens of the Union as two of the finest preparations ever made known; and it is an astonishing fact, that they will heal and cure old wounds and ulcers of twenty years' standing, even after every other treatment has been resorted to ineffectually. All cutaneous eruptions readily yield to their mighty power; and for the cure of Asthma, they are invaluable.

**Sold at the Establishments of Professor Holloway, New York and London; also by all respectable Druggists and Dealers in Medicines throughout the United States, in pots and boxes, at 25 cents, 62½ cents, and $1 each. To be had wholesale of the principal Drug Houses in the Union.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Box and Pot.



AYER'S PILLS.

PILLS THAT ARE PILLS!!

PROFESSOR HAYES, State Chemist, of Massachusetts, says they are the best of all Pills, and annexed are the men who certify that Doctor Hayes knows, viz:

H. J. GARDENER, Gov. of Mass.
EMORY WASHBURN, Ex-Gov. of Mass.
SIMEON BROWN, Lieut.-Gov. of Mass.
E. M. WRIGHT, Secretary of State of Mass.
JOHN B. FITZPATRICK, Cath. Bishop of Boston.
PROF. JOHN TORREY, of the College of Physicians and Surgeons, New York City.
DR. C. T. JACKSON, Geologist of the Public Lands of the United States.

MEN THAT ARE MEN!!!

Among the diseases this Pill has cured with astonishing rapidity, we may mention

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul Stomach, Nausea, Indigestion, Morbid Inaction of the Bowels, and pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant Medicine, Scrofula, or King's Evil. They also, by purifying the blood and stimulating the System, cure many Complaints which it would not be supposed they could reach: such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the Body, or obstructions of its functions. They are the best Purgative Medicine ever discovered, and you will but need to use them once to know it.

Prepared by Dr. J. C. AYER, Lowell, Mass., and sold by every respectable Druggist in the United States.

The building occupied by Mr. and Mrs. Arpin is located in one of the most elegant and respectable portions of the city of New York. Its immediate neighborhood to Union Park places it in direct communication with the principal lines of railroads and omnibuses passing through the city. The excellent division of apartments for the various lectures, which are given simultaneously, enables moreover Mrs. Arpin to receive a limited number of young ladies desirous of coming to New York for the purpose of completing their education, or spending a few months in that city, under maternal care and with all the advantages of a life at home.

Young ladies thus received by Mrs. Arpin will enjoy the privilege of following the lectures they choose and the right to send, for lessons, for the professors they prefer, even when those professors are not connected with the Institute.

They would not therefore be considered as mere boarders, but as members of the family, and would enjoy all the liberty and comforts they would at home.

INSTITUTE [illegible]

MADAM CHARPAUX.

THIS SEMINARY, whose existence dates from six years back, has met with a success that cannot [illegible] all cavil, the capacity of those who have charge of it.

Determined to merit the confidence of parents, Mad. Charpaux will spare no pains to make her seminary [illegible] the best establishment of the kind in New Orleans, and in order to do this, she has employed the ablest teachers.

Madam Charpaux has purchased a large and airy edifice on one of the highest pieces of ground in the city, and the better to ensure the health of her pupils, she has spacious and elevated apartments both for school and sleeping rooms, through which there will be a constant circulation of air from all quarters.

Great attention will be paid to the improvement of scholars in the English language. For this purpose, American ladies of acknowledged capacity, as teachers, will constantly reside in the Seminary.

The English, French and Spanish languages, geography, arithmetic, and in short all the branches of a polite education, will be taught in the Seminary.

As religion should be the foundation of all sound education, it will be carefully attended to by Madam Charpaux, who will conduct to church and preliminary catechism all her young ladies who may have their first communion to make.

Music being become a most desirable branch of the education of young ladies, Mr. Charpaux, from the best musical school in Paris, and ex-artist of the Opera-Theatre, will devote all his time to teaching music. All the Scholars, besides their regular lessons, will practice daily under the eyes of the professor. The study of the notes will precede the performance, when Mr. Charpaux will put the pupils through the execution of the regular keys and notes, and this will be executed with no extra charge.

In order to kindle emulation among the pupils, and improve their morals, on the [illegible] of the last Saturday in every month there will be a special examination and a distribution of rewards.

Madam Charpaux, in order to complete the education of her scholars, has opened a class where will be taught all the useful and ornamental branches of needle-work.

During the summer the classes will open at 8 o'clock, and close at 2. Re-open at 4 and close at 6 o'clock, P. M. In winter, they will open at 8½, and close at 2. Re-open at 4½ and close at 5 o'clock, P. M.

DAY AND BOARDING SCHOOL,

UNDER THE DIRECTION OF

MADAME PARENT,

Corner of Rampart and Du Maine streets.

THIS institution occupies one of the best locations in the city with respect to health and many other important advantages. The building is magnificent, the apartments are vast and well ventilated, and are particularly well adapted for classes.

There are four fine dormitories, with dressing cabinets; also spacious galleries all through the house; a splendid terrace commanding a most beautiful view of the city as far as the Lake.

The best advantages are offered to parents, as to the moral and intellectual cultivation of the minds of their daughters.

Madame Parent is always present with her pupils; the teachers during the hours of class, and superintends the different divisions. There is an ample number of the best professors employed, besides ladies residing in the institution.

Every branch of a solid and refined education is taught in both languages; all accomplishments, such as Drawing, Painting, Dancing, and Embroidery, &c. The Musical department (including vocal and instrumental) is superintended by four of the most celebrated and accomplished professors in the city.

It would be superfluous to say anything respecting the special attention that is paid to the English, it being Madame Parent's native language. The best guarantee that she can give to the public is that the French young ladies who have been educated by her speak and write English perfectly.

For terms, apply at the institution, where prospectuses can be obtained.

YOUNG LADIES residing at a distance in the different Districts, will be conveyed gratis to and from the institution. o26

St. Louis Institute,

269 Dauphin street, between Ursulines and Hospital.

MRS. DERON tenders her thanks for the confidence reposed by parents in her institute, which has found in the same prosperous condition, and she hereby renews the assurance of her zeal and devotion to the welfare of their children. Mrs. Deron has been enabled, by her residence in Paris, to study the new systems in the education of young ladies; she has visited the most renowned Academies, and intends to adopt for her establishment a plan based upon what she has seen.

Mrs. DERON wishes that modest and elegant manners be imparted to her pupils whilst receiving a solid instruction based upon morality and religion; in a word, a complete education, which will enable them one day to guide their own children. She hopes that her motives will be appreciated by intelligent mothers, who prefer profound studies to a brilliant success in a public exhibition. The award of premiums in the St. Louis Institute, following a serious examination, will then always be a family fête, but none but parents feeling an interest in the progress of the pupils will be admitted.

Music, as well as general instruction, (which will not interfere with the latter,) will be carefully and constantly attended to. Mrs. Deron has engaged in France, for her establishment, the services of an Italian lady, who is an excellent professor and most talented singer. The course of solfeggio and singing cannot fail to be admirably conducted by Mrs. TASCANNI TASCA, whose splendid voice will always be assisted by her excellent method. Pupils in the city can be taught by Mrs. Tasca at the Institute.

NOTICE.

Mrs DERON having often been applied to for private lessons by young ladies who could not follow the regular classes, a French class, on the plan of Misses, Bonny and Lovet, in Paris, will be opened on the 1st of January next, three times a week, in the establishment, and be divided into a primary and superior course. The pupils of the establishment will, of course, be the first admitted to the same, and will doubtless contribute to the progress of the newcomers by exciting a general emulation.

Mothers may attend the course, should they choose to do so. des 18
