MEDICAL.

DR HOOFLAND'S CELEBRATED GERMAN BITTERS,
PREPARED BY
Dr. C. M. JACKSON, Philad'a, Pa.,
WILL EFFECTUALLY CURE
LIVER COMPLAINT, DYSPEPSIA, *Jaundice, Chronic or Nervous Debility, Diseases of the Kidneys, and all diseases arising from a disordered Liver or Stomach.*

Such as Constipation, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and difficult Breathing, Fluttering at the Heart, Choking or suffocating sensations when in a lying posture, Dimness of Vision, Dots or webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and great Depression of Spirits.

The proprietor, in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale is unrivalled by any similar preparations extant. The testimony in its favor, given by the most prominent and well known Physicians and individuals in all parts of the country, is immense, and a careful perusal of the Almanac, published annually by the proprietor, and to be had gratis of any of his agents, cannot but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.

Principal office and manufactory No. 96 ARCH Street, Philadelphia, Pa.

Testimony from Louisiana.
THE GERMAN BITTERS SUPERIOR TO ALL PREPARATIONS NOW IN USE.

JACKSON, La., August 15, 1854.
DEAR SIR—"I feel bound to express my gratification to you for the incalculable benefit I have derived from the use of two bottles of your German Bitters. I have found them to be all you recommend them to be, and I cheerfully recommend them to the public as a safe and sure remedy for the diseases they are intended for, and superior to all other preparations now in use." Very respectfully yours,
H. OPPENHEIMER.

THE BITTERS ALL THEY ARE REPRESENTED TO BE.
JACKSON, La., August 20, 1854.
DEAR SIR—"I have used your German Bitters and find them all they are represented to be, and cheerfully recommend them to the public as an excellent medicine." Respectfully yours,
W. F. FAULKNER.

L. MAYER says:
HARRISONBURG, La., May 23, 1853.
"Your German Bitters are a very valuable medicine; I have disposed of all I received from you, and wish new supply immediately."

DR. RAYBOLD QUAIL says:
TRINITY La., June 30, 1853.
"I have for the last year used the German Bitters, prepared by you, in my practice extensively. It will shortly be the only medicine of the kind that can be readily sold here, and I believe that in less than one year there will be more sold in this vicinity than in any other part of the country."

DR. RABE says:
FRANKLIN, La., June 24, 1852.
"Your German Bitters have become very popular here, and I wish a fresh supply immediately."

A. E. ADAMS & CO. say:
RICHMOND, La., June 2, 1853.
"Your Bitters give universal satisfaction to all who have used them."

You should bear in mind that these Bitters are ENTIRELY VEGETABLE, thereby possessing advantages over most of the preparations recommended for similar diseases.

Sold by Druggists and Store-keepers in every town and village in the United States and Canadas, and by
J. WRIGHT & CO,
21 and 151 Chartres st., N. O.

Consumption Cured.
Be not deceived by base imitations. Hegeman, Clark & Co.'s genuine Cod Liver Oil never disappoints, and ten years' experience has proved it superior to all others, and the only reliable cure for consumption.

As there is a great deal of spurious oil in the market adulterated with seal oil, whale oil, &c., &c., too much care cannot be taken to procure the genuine.

Our oil is made of our own factory in Newfoundland, and each bottle has our signature over the cork. Be careful to get Hegeman, Clark & Co.'s, as thousands who had used other oil of inferior quality, and were about giving up in despair, have been restored to health by using the genuine oil of our manufacture. Sold by
J. WRIGHT & CO., SICKLES & CO., G. N. MORRISON, J. SYME, F. V. DUCONGE, O. O. WOODMAN.
And by druggists generally. feb7 2m

DAY AND BOARDING SCHOOL FOR YOUNG LADIES,
UNDER THE DIRECTION OF
MADAM CHARPAUX.
At the corner of Bayou and Claiborne streets.
THIS SEMINARY, whose existence dates some six years back, has met with a success that proves, beyond all cavil, the capacity of those who have charge of it.
Determined to merit the confidence of parents, Mad. Charpaux will spare no pains to make her seminary equal to the best institutions of the kind in New Orleans, and in order to do this, she has employed the ablest teachers.
Madam Charpaux has purchased a large and airy edifice on one of the highest pieces of ground in the city, and the better to consult the health of her pupils, she has had spacious and elevated apartments built on purpose for school and sleeping rooms, through which there will be a constant circulation of air from many windows.
Great attention will be paid to the improvement of scholars in the English language. For this purpose, American ladies of acknowledged capacity, as teachers, will constantly reside in the Seminary.
The English, French and Spanish languages, geography, arithmetic, and in short all the branches of a polite education, will be taught in the Seminary. As religion should be the foundation of all sound education, it will be carefully attended to by Madam Charpaux, who will conduct to church and preliminary catechisms all her young ladies who may have their first communion to make.
Music having become a most desirable branch of the education of young ladies, Mr. Charpaux, from the best musical school in Paris, and ex-artist of the Orleans Theatre, will devote all his time to teaching music. All the Scholars, besides their regular lessons, will practice daily under the eyes of the professor. The study of the notes will precede the performances, when Mr. Charpaux will put the pupils through the execution of the regular keys and notes, and this will be attended with no extra charge.
In order to kindle emulation among the pupils, and improve their singing, on the morning of the last Saturday in every month there will be a musical examination and a distribution of rewards.
Madam Charpaux, in order to complete the education of her scholars, has opened a class where will be taught all the useful and ornamental branches of needle-work.
During the summer the classes will open at 8 o'clock, and close at 2. Re-open at 4 and close at 6 o'clock, P. M. In winter, they will open at 8½, and close at 2. Re-open at 4½ and close at 5 o'clock, P. M.

COMMERCIAL INSTITUTION
CONDUCTED BY
M. JEGOU, B. A. and M. A.
DAY AND BOARDING-SCHOOL,
For both Sexes,
Burgundy street, No. 283, between Dumaine and St. Philip.
BOYS' DEPARTMENT.
The plan of the above establishment comprises all the branches of a thorough and complete education. The classes are, however, conducted with a view particularly to commerce and the arts; and a gradual system of commercial studies is therefore pursued, to which pupils are admitted according to their acquirements.
M. Jegou attends personally to Mathematics, as applied to professions and trades; and classes are formed according to the proficiency of pupils. The English, French and Spanish languages are taught by well known and competent Professors, but special attention is bestowed on Mathematics and the English language, on account of their importance.
GIRLS' DEPARTMENT.
A knowledge of music being now-a-days almost indispensable to young ladies, a class of solfeggio will open, between the regular hours and those for obligatory exercises, three times a week, in the establishment. That class does not interfere with the others.
The teachers are earnestly requested to use their utmost endeavors to impart to pupils those religious sentiments and polite manners, the characteristics of well-bred persons and the best guarantee for the future.
Corporal punishments are expressly prohibited in the establishment.
Reading, Penmanship, Catechism, History, Geography, English, French, Spanish, Mathematics, Commercial Studies, Music, Drawing and Needle work.
A lady residing in the establishment takes charge of the girls' classes.
Mr. Jegou relies for success on the patronage of his friends and the friends of education.
EVENING CLASSES.
Reading, Penmanship, English, French, Spanish, Mathematics, Commercial Studies. oct11

Schardt's Institution.
No. 96 Customhouse street, between Royal and Bourbon streets.
A. SCHARDT, a graduate of Munich, in Bavaria, respectfully announces that he will re-open his former school, which has been transferred to Customhouse street, No. 96, on the first of June next, where he is ready to undertake the charge of pupils desirous of receiving a practical and complete education. The plan of studies comprises the Latin, English, French, Greek, Spanish and German languages, and all the branches of a thorough American education, viz: Mathematics, Rhetoric, History, Geography, Book-keeping, Penmanship, etc.
Mr. SCHARDT himself takes charge of the drawing classes without any extra charge to the pupils. In the same way, singing lessons are given twice a week without extra charge.

St. Louis Institute.
313 Dauphin street, between Ursulines and Hospital.
MRS. DERON tenders her thanks for the confidence reposed by parents in her Institute, which she has found in the same prosperous condition, and she hereby renews the assurance of her zeal and devotion to the welfare of their children. Mrs. Deron has been enabled, by her residence in Paris, to study the new systems in the education of young ladies; she has visited the most renowned Academies, and intends to adopt for her establishment a plan based upon what she has seen.
Mrs. DERON wishes that modest and elegant manners be imparted to her pupils whilst receiving a solid instruction based upon morality and religion, in a word, a complete education, which will enable them one day to guide their own children. She hopes that her motives will be appreciated by intelligent mothers, who prefer profound studies to a brilliant success in a public exhibition. The award of premiums in the St. Louis Institute, following a serious examination will always be a family fete, but none but parents feeling an interest in the progress of the pupils will be admitted.
Music as well as general instruction, (which will not interfere with the latter,) will be carefully and constantly attended to. Mrs. Deron has engaged in France, for her establishment, the services of an Italian lady, who is an excellent professor and most talented singer. The course of solfeggio and singing cannot fail to be admirably conducted by Mrs. TACCANI TASCA, whose splendid voice will always be assisted by her excellent method. Pupils in the city can be taught by Mrs. Tasca at the Institute.

The Bagasse Furnace.
PATENTED Dec. 4th, 1855; some recent essential improvements patented Aug. 4th, 1856, to the ... general consumption ... Louisiana ... The furnace is now in ...
1. Working entirely by natural draught.
2. Consuming no grate bars or other irons to be renewed.
3. Never requiring the bagasse to be stirred or touched after it falls from the carrier into the hopper of the furnace.
4. Drying the Bagasse thoroughly in the furnace, where it remains more than one hour, exposed to great heat, before it reaches the point of combustion.
5. Forming no slag; and the ashes being carried by the draught into a second chamber, are withdrawn at any time without stopping the sugar mill.
6. Burning all the bagasse on plantations of any size, and requiring no other fuel, when the cane and the canes are of ordinary quality ... ONLY ONE-HALF A CORD IN TWENTY-FOUR HOURS ...
The furnace erected under the new patent of August 4th, 1856, are fed without rollers by a simple arrangement of inclined screen; and the bottoms of the hoppers, which open with the weight of the bagasse, require no attention whatever.
This is the only Bagasse Furnace which combines the above named features, either theoretically or practically.
An investigation of the patents, specifications and drawings (to be had of the subscribers) will prove that this furnace is constructed upon strictly scientific principles, entirely distinct from those of any other patented furnace, and an examination of the furnace in operation will convince the most incredulous of the successful application of the principles laid down in the patents, as well as its perfect simplicity of construction and management, economy and durability. Some of these furnaces have worked five years without any repairs ...
The undersigned are now prepared to contract with parties for supplying and putting these furnaces in operation, and owners of sugar planters are invited to an investigation of their testified achievements.

The Bagasse Kettle Train and Furnace.
THE subscriber is now prepared to close contracts, with full guarantee, to take off crops with GILMAN'S PATENT BAGASSE FURNACE AND KETTLE TRAIN, with a consumption of Wood not to exceed one-half a cord per hogshead for the entire boiling of the juice into sugar, or one cord per hogshead for both grinding the cane and boiling the juice into Sugar.
The management of the Bagasse Kettle Train is precisely the same as that required for the old Kettles, employing an equal number of hands to clean the juice. The Furnace needs the attendance of but one hand, as the Bagasse is never touched after it enters the Furnace.

MAGNETISM.

M'ME ALLUARD,
FRENCH SOMNAMBULIST,
No. 331, *Bourbon Street, Between Ursulines and Hospital.*
TREATMENT of all kinds of chronic diseases which ordinary remedies have failed to cure, and especially of desperate cases of nervous affections.
M'me Alluard, for many years under the direction of Dr. Puységur, in France, may be consulted at her residence and calls on patients wherever her services are required.
The direct application of magnetism by Mr. Alluard, assisted by Mme Alluard, has been followed by numerous cures, the fact is unquestionable. Out of a thousand cases of nervous diseases, eight hundred at least are almost instantly cured by this extraordinary SOMNAMBULIST; sufferers should hasten therefore to avail themselves of M'me Alluard's services.
The New Orleans Press have often recorded the radical cure of cases of seventeen years standing. The "Louisiana Courier," the "Daily Crescent," the "Delta," "True Delta," "National," and "Bee" published in 1855 and 1856, letters from well known and highly respectable persons, whose testimony cannot be doubted, tendering their heartfelt thanks to M'me Alluard, and fully acknowledging her wonderful success.
The same papers also spoke very highly of the surprising magnetic experiments by M'me Alluard, under the direction of her husband—see the Courier of December 17th, 1855, the Bee of November 27th, 1854, and the Crescent of May 29th, 1855.
It is to be regretted that all the cures effected by M'me Alluard cannot here be stated, but the nature of certain diseases renders this course necessary. The fact, however, is now acknowledged that patients can be permanently cured by M'me Alluard.
A Somnambulist offering such guaranties as these, and who has constantly been successful, is certainly entitled to the confidence of those whom ordinary remedies have failed to cure. Those remedies are powerless in cases of nervous diseases which are cured by magnetism, as are also in cases of epilepsy, hysteria, fever and ague, bilious and brain fevers, typhoid and malignant fevers, yellow fever, head aches, heartburn, cramp in the stomach, gastritis, gastralgy, palpitation of the heart, fainting, cardiac complaint, spleen, jaundice, colics, diarrhœa, costiveness, heartburn, hemorrhage, spitting of blood, giddiness, falling of the womb, suppression of the menses, tumors in the breast, consumption, pulmonary catarrh, cutaneous diseases, tetters, rash, wounds, ulcers, rheumatism, gout, sciatica, dislocations, inflammation of the eyes, deafness, dropsy, tape-worms and other worms, &c.
The above diseases are daily cured with the greatest ease by M'me Alluard, and the public are informed that she is the ONLY SOMNAMBULIST who can see, notwithstanding the complete exclusion of light.
Persons desirous of witnessing this phenomenon are invited to call at the residence of M'me Alluard to agree on the time for magnetic experiments. No one will be deceived.
Admittance, 50 cents.
M'me Alluard may be consulted in ... nov21 ...

A CARD.
C. DUHAMEL,

Hopes he has deserved, by a long experience, the entire confidence of his customers and the public. ARRANGEMENTS ... ing to the country where they come. ... Glasses ... are drawn—to the regularity of the curve and the finish imparted to them by a skillful artist ... Duhamel's glasses are inferior to no other glasses.
The prices are invariably as follows:
A pair of rock crystal glasses, with frame
Gold frame, $12 to $4.

The glasses only, $4.
Fine ordinary spectacle glasses, $1 a pair.
Fine Periscopic glasses, concave and convex, $1 50 a pair.

A pair of gold spectacles, with fine ordinary glasses, $7 to 15.
