MEDICAL.

SAND'S SARSAPARILLA

IN QUART BOTTLES.

For Purifying the Blood, and for the Cure of *Scrofula, Rheumatism, Stubborn Ulcers, Dyspepsia, Scald Head, Mercurial Disease, Pain, Pimples, Biles, Mercurial Diseases, Cutaneous Eruptions, Liver Complaint, Bronchitis, Consumption, Female Complaints, Loss of Appetite, General Debility, &c.*

This is presented as the restorative properties of the root are concentrated in their utmost strength and efficacy; but while Sarsaparilla Root forms an important part of its combination, it is, at the same time, compounded with other vegetable remedies of great power, and it is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of disease depends. It acts simultaneously upon the stomach the circulation and the bowels; and thus three processes, which are ordinarily the result of three different kinds of medicine, are carried on at the same time, through the instrumentality of this one medicinal agent which gently stimulates while it disinfects and expels from the stomach and bowels all that is irritating and at the same time renews their vigor and tone. Many other preparations imitate it in bearing the name of Sarsaparilla, and in that alone resemblance ends, being often prepared from worthless and inert roots, and of course possess no healing or curative properties, and participate in making choice of which they will see should take no other, but that one entitled to their confidence, from the long list of cures effected on living witnesses, whose testimonials and residence have been published, and who are still bearing daily testimony to its worth.

Astonishing Cure.

PATTERSON, N. Y., 20th, 1851.

Messrs. A. B. & D. Sands—Gentlemen—Having witnessed the most beneficial effect from the use of your Sarsaparilla, it gives me pleasure to send you the following statement in regard to my wife. In the spring of 1848 he took a severe cold, and after eight weeks of severe suffering the disease settled in his leg and foot, which soon swelled to the size of a meal. The swelling was lanced by his physician, and discharged most profusely; after that he was confined to his room for nearly one year, not a foot at one time. We had five different Physicians, but none relieved him much; and he lingered on under the most distressed and low that he was unable to leave his bed, suffering the most excruciating pain. About the time of the commencement of which affected that piece after piece came out, of which he has now more than twenty-five preserved in a bottle, varying in size from one inch and a half inches in length. We had given up all hopes of his recovery, but at this time we were induced to try your Sarsaparilla and with its use his health and appetite began immediately to improve, and so rapid was his improvement that in less than a dozen bottles it was a perfect cure.

With gratitude, I remain truly, yours,
DAVID C. SLOAT.

We, the undersigned, neighbors of Mr. Sloat, cheerfully subscribe to the facts of the above statement.

WINER'S CANADIAN VERMIFUGE A CERTAIN REMEDY FOR WORMS.

IT IS A FACT, established beyond the shadow of doubt, by the experience and testimony of the most eminent physicians, more than three-fourths of the diseases arising from the presence of Worms, and thousands of children die annually from disease and worms, who might have been saved, had attention been paid to something else. Various are the preparations which have been introduced to destroy Worms, but experience has proved them all more or less ineffectual, the end, however, has at length been attained, and a remedy found out, which has failed to destroy Worms wherever they have existed. This assertion is supported by the testimony of the most eminent physicians and respectable individuals in the country. The remedy is

WINER'S CANADIAN VERMIFUGE,
WARRANTED PURELY VEGETABLE

It is a safe and pleasant medicine, and never administered than any other. Some of the symptoms which indicate the presence of Worms in the bowels are as follows: Pale or sallow complexion; a dull or leaden color, and suffused with occasional flushes; the eyes are heavy and dull; the breath fetid; the tongue is swollen, lifeless; the stomach, which causes the patient to pick his lips; the pulse is feeble; the patient often wakes in great fright, and is inclined to starting and grinding his teeth; the appetite capricious; the bowels are generally costive, other feeble and to some in manner it is depraved.

The following certificates numerous might be added, but it is believed that these are sufficient to establish the fact, that WINER'S VERMIFUGE IS A SUPERIOR REMEDY FOR WORMS.

Medical Evidence.

We, the undersigned, have frequently administered Winer's Vermifuge, and find it to be all that is represented. WINER'S CANADIAN VERMIFUGE, is a safe and efficient remedy for the expulsion of Worms from the intestinal canal.

FROM THE REV. J. FLANAGAN OF BANBRIDGE C. W.

J. Winer—Sir: I have made the trial of your Canadian Vermifuge, and with the most happy results. In one case it expelled a large quantity of Worms, and to the best of my knowledge, the expulsion of Worms has followed the administration of your Vermifuge, in every instance in which it has been tried, and in many other cases the effects are certain, and children take it more readily than any other medicine. I have found it to be a safe and efficient remedy, which is a great point with a medicine intended for children.

SUNDRIES.

THE GRAND SALOON OF J. COSS,

Will be opened on Wednesday, the 1st of June, with a complete assortment of the finest Wines, Liquors, Segars, &c. &c. Also, a Billiard Table, with Phelan's Patent Cushions, and Balls of the finest quality, and a Bowling Alley, with Bowls, Pins, &c. &c. Also, a Bronze Statue, Vases, and other choice Works of Art, ever exhibited in the South.

The Daguerreotype Department, in its variations, improvements and approximations, surpasses any Department in Establishment in Europe, or in this country.

The Pictures are acknowledged to be the finest style from the art, and by a new Philosophical Process, are made to exhibit the Life-like expression of the features, instead of their spectral appearance so peculiar to Daguerreotypes, in the ordinary method.

The stock of MEDALLIONS, LOCKETS, RINGS, and BREAST-PINS, of the finest quality, for Gentlemen and of the newest Fashion, furnished at manufacturers' prices.

All orders for Daguerreotype Materials must be accompanied by cash. The Dry Materials, prepared by E. Lerverrier, Paris, are warranted to retain their original properties pure for six months; price, $10 per jar. d5 6m
