Mr. Pradel can be consulted every day from 10 to 12 M. 1y

MEDICAL.

HIGHLY IMPORTANT DISCOVERY!
Infallible Preservative against
YELLOW FEVER,
Prophylactic Vaccination.
WM. HUMBOLDT, Member of Medical Bureau of the Universities of Vienna, Berlin, Heidelberg, Member of the City of Mexico, Member of various scientific societies of Europe, announces the important discovery to the unacclimated, and hope to remind them that they are actually threatened by that terrible malady.
As arduous and profound study of this disease in different parts of America, and especially in Vera-Cruz suggested to me the idea of an attempt toward the discovery of a preservative. Under the impression of this idea, I have made numerous experiments during seven years, on more than two thousand persons; and I have found at last the means of preventing this terrible disease.
It has been unanimously agreed by learned Doctors, that yellow fever is an endemic sickness confined during a certain season of the year, by the heat combined with the putrefaction of vegetable and animal substances, those miasms come on all uncacclimated persons a poisoning that smallpox itself by the characteristic phenomena of yellow fever, i.e. that such a disease is the effect of miasmatical intoxication, which produces a peculiar alteration in the blood, and that hence follows a state of organism, susceptible of receiving with impunity the miasma, a pathologic-physiologic operation similar to that of the cowpox in virtue of the small-pox whose preservative was discovered by Dr. Jenner.
I have isolated matter or substance, which, introduced into the circulation by some endemic method (as used in vaccination) and followed by the antiseptic system of my prescription, for the period of nine days, brings the organism to such a state, that the poisoning principle of that disease must be corrected without causing any toxical effects.
This vaccination (to adopt the term), being made with a simple instrument, will occasion no pain whatever, or cause any notable alteration. It will permit all persons to follow their usual occupations, and only requires abstinence from irritating food and liquids during the nine days prescribed for the antiseptic system. At the expiration of said time, the vaccinated will be free from the risk of being attacked by yellow fever.
Persons wishing to make use of this Prophylactic Remedy or testing its efficacy, can obtain some further information on this subject, and please call on me from 10 to 12 A M at the Drug Store of Sepinich & Co. Conde street, Nos 52 & 54, between St. Philip and Dauphine streets, and from 1 to 3 P. M., at my Lodging, Cincinnati Hotel, Chartres street, corner of St. Louis.
New Orleans, Aug. 18, 1854.
Dr. HUMBOLDT.
N. B.—Persons desiring to be vaccinated at their lodgings will please send their address to the Drug store of Sepinich & Co. aug 21—30d.

WINER'S CANADIAN VERMIFUGE
A CERTAIN REMEDY FOR WORMS.
IT IS A FACT, established beyond the shadow of doubt, by the experience and testimony of the most eminent physicians, more than three-fourths of the disease of the human children are affected with Worms, and thousands of children die annually from those diseases, which are ascribed to the unknown attributed to something else. Various are the preparations which have been recommended as remedies for Worms but experience has proved them all more or less ineffectual, and it has been a matter of length been attained, and a remedy found which has never been known to fail. Worms wherever they have existed. This assertion is supported by the testimony of the most eminent physicians and respectable individuals in the country. The remedy is
WINER'S CANADIAN VERMIFUGE,
WARRANTED PURELY VEGETABLE.
It is safe in its operation, and more easily administered than any other. Some of the symptoms which indicate the presence of the Worms are the following: The countenance is pale, of a leaden color, and is flushed with occasional fever, the appetite is keen and dull, the breath fetid, the upper lips swollen, itching in the nostrils, when it causes the patient to pick his nose; the sleep is disturbed, the patient often awakes in a great fright, and is liable to starting and grinding the teeth; the appetite sometimes irregular, being sometimes voracious, others feeble and in some instances depraved.
To the following certificates numerous might be added, but it is believed that the effective character of the article WINER'S CANADIAN VERMIFUGE IS A SUPERIOR REMEDY FOR WORMS.
Medical Evidence.
We, the undersigned, having repeatedly administered a medicine prepared by Mr. John Winer, of this town, designated WINER'S CANADIAN VERMIFUGE, and being fully satisfied with its efficacy, confidently recommend it as a safe and efficient remedy for the expulsion of Worms, and for other purposes.
G. O'REILLY,
Lecturer of the R C of Surgeons in Ireland, etc.
G. W. DICKINSON,
Member of the R C of Surgeons, London, etc.
FROM THE REV J. FLANAGAN OF BANBRIDGE
J. Winer—Sir: I have made the trial of your Canadian Vermifuge and with the most happy results in my own family, and in every case which has come to my knowledge, it has proved effectual. The following is the administering of your Vermifuge, and every one have proved it to say other, as its effects are certain, and children take it most readily, which is a great point gained in giving medicine to children.
July 16, 1851. JOHN FLANAGAN.
P. S. Parents generally use WINER'S CANADIAN VERMIFUGE. It is a medicine in a simple vegetable preparation, and can always be administered with perfectly safe and efficacious results, as it will always destroy Worms and restore the patient to health.
Over one thousand certificates have been sent to the Agents from planters, merchants, and others, bearing testimony to the efficacy of this infallible remedy. Winer's Canadian Pills.
Prepared only by JOHN WINER, Manufacturing Chemist and Wholesale Druggist, Toronto, Canada West.
For Sale wholesale and retail at manufacturer's prices by J. WRIGHT & CO. New Orleans.
au 10 151 Chartres street, under the Octagon Hotel.

NOT ICE TO SUGAR PLANTERS AND MERCHANTS.
THE undersigned begs leave to inform the Sugar Planters and Commission Merchants that he is now prepared to deliver, for the ensuing season, Bi-Sulphite of Lime of proper strength fresh made and guaranteed free from all impurities by which it might be more dense, so as to weigh heavy by trying it with the hydrometer.
He also would remind Planters, that he was the only one that really manufactured that article last season, and of course, by experience acquired the best method for making it.
He has since then at great expense improved his apparatus, so as to make it all orders, large or small within short notice.
He moreover is constructing a Model Sugar Mill on an improved plan where he will early in the season roll the cane and make Sugar by the use of Bi-Sulphite of Lime. Where he will be ready to sell give the Planters due notice thereof and invite them to come and see the proper mode for using the Bi-Sulphite of Lime, for it is of no value unless it is properly used and of good quality.

STEAM AND SULPHUROUS BATHS.
Both at Vapor and Fumigations.
Since many are compelled to resort to Vapor Baths and aromatic Fumigations for the cure of cutaneous affections, rheumatic pains, neuralgias, chronic diseases, &c., the public, cured of cutaneous complaints, engorgements of the glands, also it is highly important that a convenient and appropriate apparatus should be used for the application of these special remedies.
The undersigned, after twenty years' experience, has succeeded in perfecting his apparatus in such a manner as to graduate the strength of the fumigation to the feelings of the patient and the gravity of the complaint.
As several persons are now selling rice powder the undersigned feels it his duty to inform the public that he will take the necessary measures to seize on the rights specified in the patent.
Physicians are invited to visit the establishment, conducted with the Humidity of Parisiency

EDUCATION

ST. LOUIS INSTITUTE FOR YOUNG LADIES,
Boarding and Day School, corner of Carondelet and Bourbon streets, Nos. 218, and Hospital street, No. 4.
THE Directors of the Establishment, have the honor to announce to the inhabitants of the Mississippi Valley, that the mode of teaching
The number of Boarding Pupils will be limited to twenty, and the terms are charged with the instruction of the three higher classes, for American ladies, who prefer to be educated in the same manner as the young ladies of great English only. The pupils are therefore assured, that, apart from a good education, they will become perfect ladies, which, if there be any result, Madam Dez et has established under her supervision, which will prove equally beneficial, for she will be entitled to be convinced of the fact that an easy and common address of the polished language of the country, is required in the English
Moral and religious education and good manners which can be required only by equals, are looked upon as highly important by Madam Duron, and she can be highly recommended for her patience and mild discipline on the one side, and patience and attention on the other, among the pupils and the children.
The annual classes, will under the management of Mrs. Leathescye, are commency and carefully attended to.
The annual examination begins in October.
Summer Residence.
From the numerous applications of the St. Louis Institute is opened at Bonderville, a delightful village free from contagious diseases. Madam Duron's object is opened, is, to be a place of rest, where young ladies or those wishing to spend a few months in the country, the healthy and pleasant Bonderville is so in the city. Both Establishments are opened during the entire summer.
A carriage is attached to the establishment, which conveys young ladies from Bonderville to the city, and from the Institute.
sep4
COLLEGE OF NEW ORLEANS.
THE session of 1854-55, will begin on MONDAY, September 18th. During the President's absence in the North, he will engage the services of an American gentleman to assist him in the English Department and the Mathematical, so as to give to the English language that preponderance which its importance demands.
The Students of the College are requested to be punctual at the opening of the session. sep3
DAY AND BOARDING SCHOOL
FOR YOUNG LADIES,
Under the Direction of
MADAM CHARPAUX,
At the corner of Bayou and Claiborne streets.
THIS SEMINARY, whose extension dates some six years back, has met with a success that proves beyond all merit, the capacity of those who have charge of it.
Determined to merit the confidence of parents, Madam Charpaux will spare no pains to make her Seminary equal to the best institutions of the kind in New Orleans, and to render it, as to date, she has employed the best teachers.
Madam Charpaux has purchased a large and airy edifice on one of the highest places of ground in the city, and the best health of her pupils, she has spacious and elevated apartments built on purpose for school and sleeping rooms, through which the wind will sweep unobstructed.
Great attention will be paid to the improvement of Scholars in the English language. For this purpose, American ladies, of the highest respectability, as teachers, will constantly reside in the Seminary.
The English, French and Spanish languages, geography, arithmetic, history, and the use of the globes, are taught in the Seminary, and will be taught in this Seminary.
As a religious education is the foundation of all sound education, it will be carefully attended to by Madam Charpaux, who will sometimes be accompanied by pious catechisms, all her young ladies who may have their first communion at home.
Music having become a most desirable branch of the education of young ladies, Mr. Charpaux, from the best instructors of Europe, has secured the services of Professor Allelon, who will devote all the time to teaching music. All the Subalterns, Professors and Professoresses, will practice daily under the eyes of the Professor. The study of the piano will be carried on with the most care. The Professor will put the pupils through the execution of the regular keyboard notes, and this will be attended with no small success.
In order to kindle emulation among the Pupils, and improve their singing, on the morning of the last February, Madam Charpaux will have a public examination and a distribution of rewards.
Madam Charpaux has just completed the arrangement of her Salons, has opened a close where will be taught all the useful and ornamental branches of needle-work. During the spring and summer, she will be known at at close at 8. Repair and close at 6 of 6 o'clock, P. M. Winter, 7 of 7 o'clock, and close at 3. Repair and close at 6, and close at 5½ o'clock, P. M.
Boarders.....$ 25 00 payable in advance, every three months.
Half Boarders.....10 00 " " "
Higher Classes.....10 00 per month
Intermediate Classes.....8 00 " "
Intermediate Classes.....6 00 " "
Primary Classes.....4 00 " "
Bed and Bedding.....10 00 per year.
The German language, accomplishments and stationery charged separately.
Pupils will be received the whole year, from 8½ o'clock A. M., to 3 o'clock P. M., and from 4½ P. M., to 6 P. M.
Improvements just completed enable Mr. Rouan to accommodate more Boarders and day Scholars. au 26
POYDRAS COLLEGE,
FALSE RIVER, POINTE COUPEE, LA.
THIS establishment is situated on False River, six miles from the Mississippi and is easily accessible to scholars from all parts, who may be landed at the College or Point Coupee, from whence they will be conducted to the College, at the expense of the undersigned directors.
The building is surrounded by extensive play grounds, lined by a splendid lawn shaded with noble oak and lime trees. At the end of the lawn and immediately before the gate, spread out the wide and limpid waters of False River, in which the pupils can enjoy bathing, fishing, and boating, without danger.
Great attention will be paid to the improvement of Scholars in the English language. For this purpose, American ladies, of the highest respectability, as teachers, will constantly reside in the Seminary.
The English, French and Spanish languages, geography, arithmetic, history, and the use of the globes, will be taught in this Seminary.
As a religious education is the foundation of all sound education, it will be carefully attended to by Madam Charpaux, who will sometimes be accompanied by pious catechisms, all her young ladies who may have their first communion at home.
